RESOLUTION NO. 2025 _____

A RESOLUTION PROVIDING FOR THE ADOPTION OF AN AMENDED BUDGET FOR THE CITY OF BRYANT FOR THE TWELVE MONTH PERIOD BEGINNING JANUARY 1, 2025 AND ENDING DECEMBER 31, 2025

WHEREAS, the City of Bryant, Arkansas adopted a budget for The City of Bryant on December 17, 2024, recorded as Resolution 2024-54, and

WHEREAS, the City of Bryant, Arkansas, desires to amend said Budget for Fiscal Year 2025 as attached.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF BRYANT, ARKANSAS THAT:

Section 1. This resolution (with attachment) shall be known as the amended budget resolution for the City of Bryant, Arkansas, for the twelve (12) month period beginning January 1, 2025 and ending December 31, 2025.

- General Fund 283,466.16
- Street Fund
- Bond Fund
- Utility Revenue Fund 500 Water
- Utility Fund WW

Section 2. The amended city budget for the calendar year 2025 is hereby amended and adopted to read as attached.

PASSED AND APPROVED this 30th day of , September 2025.

APPROVED:

_____
Chris Treat, Mayor

* Revenue Account Numbers start with 4XXX for the last four digits, negative numbers increase revenues and offset expense increases

* Expense Account Numbers start with 5XXX for the last four digits, positive numbers increase expenses and negative numbers decrease expenses

Council adopts the budget by category by department by fund so any budget adjustments that cross categories, depts or funds must be brought to Council.

Reason/Justification for the Adjustment: (Attach any supporting documents) - **Taking advantage of cost savings due to personnel vacancies from this year to cover costs of repairs, additional items needed at the shelter and increased costs. These adjustments will be budget neutral, as we are just moving expenses that were budgeted for, but the department didn't incur this year to cover costs of other needed items.**

Budget Adjustment Request Form

Account Number	Adjustment Amount	Act Name/Description	Original Budget	Amended Budget
001-0600-5310	$274,940.64	Pay off Axon (Taser) in full	$72,116.54	$347,057.18

* Revenue Account Numbers start with 4XXX for the last four digits, negative numbers increase revenues and offset expense increases

* Expense Account Numbers start with 5XXX for the last four digits, positive numbers increase expenses and negative numbers decrease expenses

Council adopts the budget by category by department by fund so any budget adjustments that cross categories, depts or funds must be brought to Council.

Reason/Justification for the Adjustment: (Attach any supporting documents)

In May, Council approved the Taser/Axon five year contract with one year's payment budget adjusted. In order to get the discount ($18,713.41) on the signed contract, the contract needs to be paid in full ($344,637.10). 001-0600-5310 will be budgeted for $3,000 in 2026 (and the following 4 years) instead of $71,927.42.

Budget Adjustment Request Form

Account Number	Adjustment Amount	Act Name/Description	Original Budget	Amended Budget
001-0600-5310	$52,116.54	Axon Taser Contract Renewal (5 years)	$20,000	$72,116.54

* Revenue Account Numbers start with 4XXX for the last four digits, negative numbers increase revenues and offset expense increases

* Expense Account Numbers start with 5XXX for the last four digits, positive numbers increase expenses and negative numbers decrease expenses

Council adopts the budget by category by department by fund so any budget adjustments that cross categories, depts or funds must be brought to Council.

Reason/Justification for the Adjustment: (Attach any supporting documents)

Our five year contract with Axon for Tasers expires in September. Our current contract is no longer available and we are two models behind. This new contract will cover the devices, cartridges, and instructor training for the next five years. Renewing with this contract will allow for the new Tasers to arrive and be implemented at the same time period the current Tasers are going out of contract/warranty.

TASER ENERGY DEVICES WITH AXON EVIDENCE

SIMPLIFY EVIDENCE HANDLING AND STRENGTHEN OVERSIGHT

By prioritizing transparency and accountability, law enforcement agencies not only enhance community trust but also gain significant operational benefits with Axon's TASER energy devices when used with Axon Evidence. TASER energy devices capture detailed event and pulse logs, crucial for transparent records and supporting officers' testimonies, thus potentially reducing legal expenses associated with use of force incidents. Axon Evidence streamlines device management, automatic evidence uploads and firmware updates, alongside easy inventory tracking and unmatched cost efficiency.

ENHANCED TRANSPARENCY FOR EVERY INCIDENT

TASER energy devices automatically log the following information whenever an officer uses the device in the field. This provides agencies with accurate incident records and policy compliance monitoring:

/ DETAILED SHOW AND USE OF FORCE INSIGHTS

- Unholstered and Holstered[1]
- Armed and Disarmed
- Weapon Raised and Lowered[1]
- Warning Alert/Arc
- Trigger Pulled
- Cartridges Deployed
- Cartridge Flight Distance[1]
- Energy Discharged
- Percentage of Discharge Duration (where energy was actually sent into a connection)[1,2]
- Connection Resistance[1] (e.g. material type)

> "I was called to be an expert witness for a case where a violent, drug-intoxicated subject was subdued with a **TASER X2**. The subject filed an intent to sue for excessive use of force. While in court the TASER X2's firing logs were presented as evidence, corroborating the deputies' accounts and helping **prevent a lawsuit from developing**."

Kevin Sailor
WESTMINSTER PD[3]

[1] Data only available with TASER 10, not previous models.
[2] Measured resistance tells us if a connection is usable by the weapon (e.g. within its operational range) and what type of material the electrical current is pulsing through. As a general reference, the following ranges were identified during a scientific study: <300 ohms is not human tissue, 400 to 800 ohms can be human muscle, >900 ohms is skin, fat, or not human tissue (Dawes et al. 2010). Reference: Dawes D, Ho J, Kroll M, Miner J. 2010. Electrical Characteristics of an Electronic Control Device Under a Physiologic Load: A Brief Report. PACE. 33(3):330-335.
[3] How Safe Are TASER Weapons?

SEAMLESS INTEGRATION WITH AXON EVIDENCE

Experience seamless data management with your TASER energy devices through Axon Evidence, our centralised digital evidence management platform, facilitating efficient evidence review and sharing.

/ BENEFITS OF AXON EVIDENCE

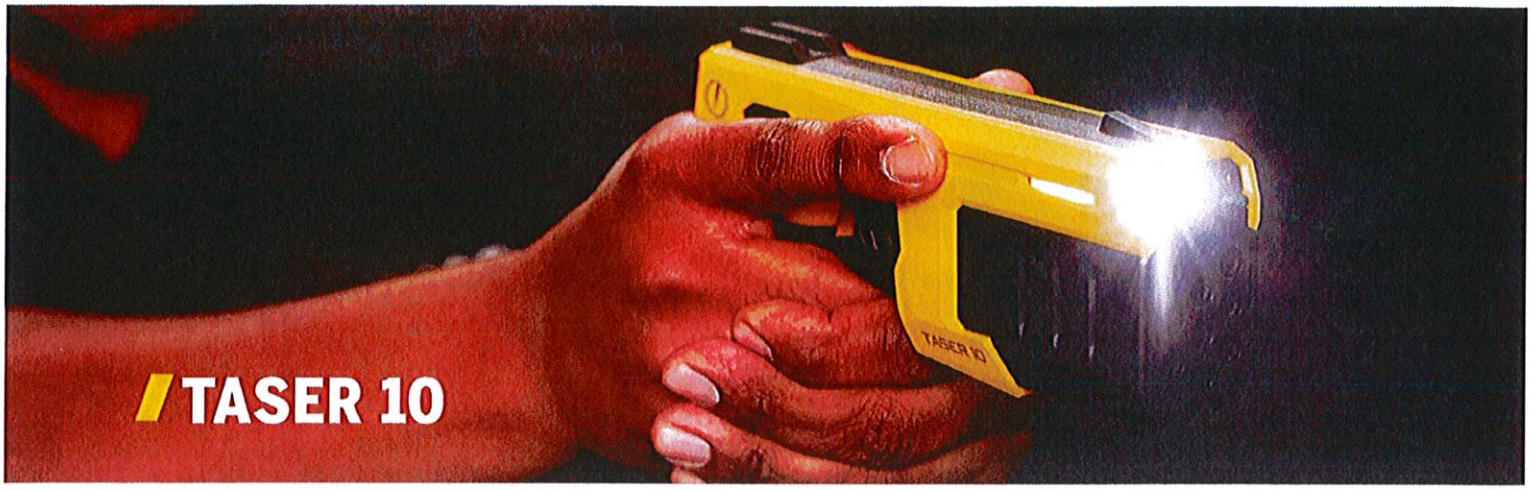

- Simplified device registration, assignment and removal via cloud
- Automatic evidence uploads and firmware updates upon docking device battery
- Easy inventory management of devices, batteries and cartridges
- Convenient remote evidence management with audit trails
- Ensured data security with continuous data center monitoring
- Unmatched cost efficiency with the lowest total ownership cost
- Unlimited storage capacity

> West Midlands Police estimate that since using the cloud, they've **saved approximately £4 million** that they would have had to spend on enhancing and securing their on-premise data centre to store digital evidence anyway. **Over five years the estimated cost of cloud storage is just £50,000.**[4]

[4] Moving your police force to the cloud: security, cost, flexibility and other key considerations

A NEW ERA IN LESS-LETHAL TECHNOLOGY

Through extensive research and customer feedback, Axon has developed our most capable and sophisticated TASER energy weapon to date. TASER 10 has a maximum range of 45 feet and 10 probes, featuring individually targeted probes and any-probe connect. These new capabilities significantly increase accuracy and effectiveness, decreasing the likelihood of escalation to lethal force.

FEATURES AND BENEFITS

/ 45-FOOT MAXIMUM RANGE
At nearly double the range of previous TASER energy weapons, TASER 10 creates more time and space to de-escalate and resolve conflicts.

/ 10 SINGLE-PROBE CARTRIDGES
10 single-probe cartridges provide users with up to 9 opportunities to achieve an effective connection and induce neuromuscular incapacitation (NMI).

/ INDIVIDUALLY TARGETED PROBES
Intuitive single probe deployment allows users to place each probe with precision and accuracy regardless of distance to the subject. Users can also create their own spread up close and at a long range, choosing their preferred target area.

/ ANY-PROBE CONNECT
Users no longer need to concern themselves with probe polarity. Any two deployed probes can create a successful connection. If there are multiple (more than two) probe connections, TASER 10 automatically selects and energizes only the top four connections, safely optimizing neuromuscular incapacitation, regardless of the total number of probes deployed.

/ VR INTEGRATION
Integration with Axon VR allows officers to enhance TASER proficiency, use-of-force decision-making, confidence and accuracy under stress.

/ AUDIBLE AND VISUAL WARNING ALERT
A bright pulsing light and loud alert sound emit whenever the weapon's Warning Alert is initiated, allowing the user the opportunity to de-escalate without deploying cartridges.

LIVE STANDARD | LIVE STANDARD (Training) | HALT (Hook and Loop Training) | INERT | LIVE | HALT (Hook and Loop Training) | INERT

/ MULTIPLE MAGAZINES
Multiple magazine and cartridge types allow officers to train more efficiently and differentiate between training and duty weapon use in Axon Evidence.

/ INVENTORY MANAGEMENT
Axon Device Manager mobile application allows agencies to quickly assign weapons and accessories and efficiently manage devices in the field.

/ DOCK AND WALK FUNCTIONALITY
Automatic firmware updates and weapon log downloads save agencies time and ensure weapons are always up to date.

/ RECHARGEABLE BATTERY
One battery for the life of the weapon; TASER 7 battery and dock compatibility.

/ DAYLIGHT GREEN LASER
A more visible green LASER improves user aim in daylight scenarios.

/ ENHANCED DATA MANAGEMENT
Full integration with Axon Evidence allows agencies to manage newly designed pulse graphs, weapons activity, event logs and firing logs as evidence.

/ ENHANCED DATA TRACKING
Automatically tracks when TASER 10 is inserted or removed from a holster, estimates deployment distance, and tracks which probes make a connection.

SPECIFICATIONS

WEATHER RESISTANCE
Dust and Water Ingress Protection to International Ingress Protection IP67

HOUSING
High Impact Polymer

OPERATING TEMPERATURE
-4 to 122 degrees F
[-20 to 50 degrees C]

DROP TEST
4.9-foot [1.5 M] drop

HUMIDITY
95% non-condensing

LASER
Class 3R Green LASER or Class 2 Green Available

ILLUMINATION
210 Lumen LED in normal flashlight operation, 1000 Lumen Strobing LED in warning mode

WARRANTY
1 Year Manufacturer with additional warranties available

USEFUL LIFE
5 Years (Recommended)

By upgrading to the TASER 10, your department is advancing generations beyond your current TASER X26P technology, implementing an all-inclusive certification program and introducing VR to your training program. These advancement significantly boosts operational effectiveness and success, officer safety, reliability and TASER program management, all contributing to long-term value for Bryant PD and the city as a whole.

Below, I shared the key reasons why investing in TASER 10 will ultimately benefit Bryant PD and how the TASER 10's improvements directly tackle the limitations that sometimes kept older devices from being used to their full potential (such as limited range or past reliability issues):

- **Extended Range**: TASER 10 provides an effective range of up to 45 feet, nearly doubling the 25-foot range of the X26P, allowing officers to engage subjects from a safer distance and in more circumstances and situations, significantly reducing risks while increasing usage.

- **Multi-Shot Capability**: The TASER 10 can deploy up to 10 individual probe cartridges without reloading, whereas the X26P was a single-deployment device. This significantly enhances both accuracy and chances of a successful deployment.

- **Improved Probe Design**: TASER 10's probes fly faster (205 FPS vs. 180 FPS with the X26P) and uses a wire with a non-conductive coating that spools out from the probe itself rather than directly from the TASER handle. This reduces the amount of bounce-offs and disconnects and aids with post-deployment management.

- **Adaptive Cross-Connect Technology**: The TASER 10 can intelligently manage multiple probes that hit a target. It automatically selects the best two (or even three or four) probe connections out of the probes that have hit, and dynamically adjusts the electrical pulse between them up to 44 times per second to achieve effective incapacitation vs 19 pulses per second with X26P.

- **Enhanced Lighting and Warning Features**: TASER 10 comes with a built-in 210 lumen flashlight (with a 1000 lumen strobe capability in warning mode) to improve low-light use and deescalate, whereas X26Ps do not have integrated lights. It also has a new Warning Alert function – a loud, pulsating alert tone and flashing light that can be activated as a deterrent without firing.

Additionally, it's essential to recognize that TASER use isn't just about physical deployment. Each time an officer simply displays the TASER, activates its laser, or demonstrates a warning alert, it often leads directly to de-escalation. These "non-contact" uses significantly reduce incidents of physical force, injuries, and related liabilities and are important to consider as part of the uses of the TASER.

In summary, transitioning to the T10 program offers clear and compelling advantages over your existing X26P platform:

- **Comprehensive Solution:** T10 effectively addresses and resolves any limitations present in the X26P, ensuring optimal performance and reliability.

- **Superior Versatility:** With increased situational application capabilities, the T10 can adapt seamlessly to diverse scenarios beyond the scope of the X26P, significantly enhancing operational flexibility.

- **Cost Predictability:** The all-inclusive nature of T10 programs eliminates variable and unforeseen expenses, providing consistent budgeting and peace of mind.

- **Enhanced Confidence with VR Integration:** By incorporating Virtual Reality technology, the T10 programs empower users with realistic, immersive training experiences, fostering greater confidence and preparedness during actual deployment.

TASER 10 CERTIFICATION PRO PLAN

Everything you need to elevate your TASER 10 program with advanced training and tools

The Certification Pro Plan goes beyond the essentials, offering your agency an all-inclusive solution to optimize TASER 10 performance. With access to the Full VR Package, your operators can sharpen their decision-making, communication, and operational readiness through immersive drills and real-world scenarios. This plan ensures your team is better equipped to reduce misses, clothing disconnects, and close probe spreads while streamlining program management and delivering advanced training options.

In this brochure, we will walk you through the different components of the Certification Pro Plan, from the weapon itself and its accessories to Axon's online, virtual reality (VR) and in-person training offerings.

WHAT'S INCLUDED IN THE CERTIFICATION PLAN

- TASER 10 energy weapon handle
- Magazines
- Cartridges
- Holster
- Hardware warranty
- Axon Evidence license
- Rechargeable battery
- Dock
- End-user training via Axon Academy online
- Voucher for Axon TASER Instructor Certification[1]
- Voucher for Axon TASER Master Instructor Certification[2]
- Admin-level access to Axon Academy for Certified Instructors
- TASER Research Evaluation and Data Program (TREND)
- Full VR Package
- Hook & Loop Training (HALT) suit
- Training target

A NEW ERA IN LESS-LETHAL TECHNOLOGY

The Certification Pro Plan includes the TASER 10 alongside key accessories, including cartridges for duty use, annual training and the new holster.

HANDLE

The TASER 10 has a maximum range of 45 feet and 10 individually targeted probes. Unlike previous models that relied on predefined positive and negative charged probes, the TASER 10 features any-probe connect. This means that any probe can connect with any other probe, offering greater flexibility and versatility in its operation.

MAGAZINES

The Certification Pro Plan includes four different magazine types: live duty, live training, HALT and inert to enhance training for agencies and clearly distinguish between training logs and field use logs.

[1] Instructor voucher offered at a 1% ratio to agencies with 50 or more licenses.

[2] One Master Instructor voucher offered at 50 or more licenses with additional voucher per 1,000 cumulative licenses.

CARTRIDGES

The TASER 10 has 10 single-probe cartridges to provide users with up to 9 opportunities to achieve an effective connection and induce neuromuscular incapacitation (NMI) to obtain a positive change in behavior. The bundle includes all the cartridges you need for duty and training for the full 5 years of the program. Agencies receive an initial combination of 20 live cartridges and 10 HALT cartridges for reality-based training, along with 8 additional HALT cartridges annually for training and 3 additional live cartridges each year.[3] The Certification Pro Plan includes unlimited live cartridge replacements for duty use to ensure your agency never needs to worry about purchasing additional cartridges during your contract.

HOLSTER

TASER 10 Holsters include embedded magnets to allow for Axon Signal to automatically active Axon Body-Worn and Fleet Cameras when a TASER 10 is removed from the holster.

HARDWARE WARRANTY

Your weapon, dock, and batteries are protected by a 5-year hardware warranty.

CONNECT TO SAVE TIME

The Certification Pro Plan lets you take advantage of TASER 10's connection to the Axon network, so you can unlock time savings for your agency. Recharge batteries and update firmware by simply docking batteries and walking away. Assign weapons and accessories in seconds with the Axon Device Manager mobile application. And track inventory and device health on Axon Evidence.

AXON EVIDENCE LICENSE

Track TASER 10 weapon status, view logs and reassign weapons within Axon Evidence for smooth program management.

RECHARGEABLE BATTERY

Recharge the battery just by docking. The TASER 10 also automatically uploads newly designed pulse graphs and weapon logs and updates firmware when the battery is docked.

TASER 10 DOCK & CORE

The TASER 10 uses the same dock as TASER 7 which has 6 bays and comes with a wall mount.

FOCUS ON COMMUNITIES

Investing in a new weapon requires an investment in training. The Certification Pro Plan delivers both online, virtual reality and in-person training using new techniques, including a re-designed classroom training curriculum with more hands-on time, that can drive deeper learning and show your community your commitment to safety. Receive vouchers for Axon's TASER Instructor Certification courses and access to trackable online training through Axon Academy — and more.

[3] Cartridge quantities may not be exact ratios as they have a minimum shipping quantity of ten cartridges per box.

END-USER TRAINING VIA AXON ACADEMY ONLINE
Each user covered in the Certification Pro Plan receives full access to Axon Academy's online training for TASER 10, which includes all pre-work necessary for on-site training: Axon Training TASER Certification Version 23 (Safety, Medical, Best Practices); TASER 10 Features, Functionality, Safety, Tactical Consideration, Theory and Testing.

VOUCHER FOR AXON TASER INSTRUCTOR CERTIFICATION
Those purchasing over 50 licenses receive a voucher to TASER Instructor Certification courses held across the US.

VOUCHER FOR AXON TASER MASTER INSTRUCTOR CERTIFICATION
Those purchasing over 50 licenses receive a voucher to TASER Instructor Certification courses held across the US.

ADMIN-LEVEL ACCESS TO AXON ACADEMY FOR CERTIFIED INSTRUCTORS
Administrators at the agency level can manage course progress for end-users, communicate with students and assess performance/pre-requisite completion before on-site training dates.

TASER RESEARCH EVALUATION AND DATA PROGRAM (TREND)
Introducing a user-friendly form housed in Axon Standards, specifically developed for the comprehensive collection and standardization of TASER show of force and use of force data. Its self-service dashboards empower agencies with deep, actionable insights into their TASER program's performance. These insights will allow agencies to tailor training strategies to improve their effectiveness rates and officers' decision-making capabilities.

FULL VR PACKAGE
The Full VR Package unlocks Axon VR's complete suite of immersive training tools, including vRBT, Community Engagement Training, AI-Powered Verbal Skills and tactical weapon training. This comprehensive solution enables officers to train effectively through immersive drills and real-world scenarios, honing critical decision-making, communication and officer readiness.

HOOK & LOOP TRAINING (HALT SUIT)
More hands-on time means more opportunities to deploy cartridges and practice scenarios using our latest HALT suit that eliminates pin-prick injuries and enables reality-based training.

TRAINING TARGET
Axon's training targets are specifically designed for live cartridge use with increased durability, portability, and enhanced clarity on preferred target zones for TASER energy weapon use. They require less backing than previous designs and can withstand hits from all cartridge types/probe lengths.
