RESOLUTION NO. 2025 _____

A RESOLUTION PROVIDING FOR THE ADOPTION OF AN AMENDED BUDGET FOR THE CITY OF BRYANT FOR THE TWELVE MONTH PERIOD BEGINNING JANUARY 1, 2025 AND ENDING DECEMBER 31, 2025

WHEREAS, the City of Bryant, Arkansas adopted a budget for The City of Bryant on December 17, 2024, recorded as Resolution 2024-54, and

WHEREAS, the City of Bryant, Arkansas, desires to amend said Budget for Fiscal Year 2025 as attached.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF BRYANT, ARKANSAS THAT:

Section 1. This resolution (with attachment) shall be known as the amended budget resolution for the City of Bryant, Arkansas, for the twelve (12) month period beginning January 1, 2025 and ending December 31, 2025.

- General Fund 349,940.64
- Street Fund
- Bond Fund
- Utility Revenue Fund 500 Water
- Utility Fund WW

Section 2. The amended city budget for the calendar year 2025 is hereby amended and adopted to read as attached.

PASSED AND APPROVED this 30th day of , September 2025.

APPROVED:

_____
Chris Treat, Mayor

* Expense Account Numbers start with 5XXX for the last four digits, positive numbers increase expenses and negative numbers decrease expenses

Council adopts the budget by category by department by fund so any budget adjustments that cross categories, depts or funds must be brought to Council.

Reason/Justification for the Adjustment: (Attach any supporting documents) - **Taking advantage of cost savings due to personnel vacancies from this year to cover costs of repairs, additional items needed at the shelter and increased costs. These adjustments will be budget neutral, as we are just moving expenses that were budgeted for, but the department didn't incur this year to cover costs of other needed items.**

Reason/Justification for the Adjustment: (Attach any supporting documents)

Our five year contract with Axon for Tasers expires in September. Our current contract is no longer available and we are two models behind. This new contract will cover the devices, cartridges, and instructor training for the next five years. Renewing with this contract will allow for the new Tasers to arrive and be implemented at the same time period the current Tasers are going out of contract/warranty.

Axon Enterprise Inc. Sales Terms and Conditions

Axon Master Services and Purchasing Agreement:

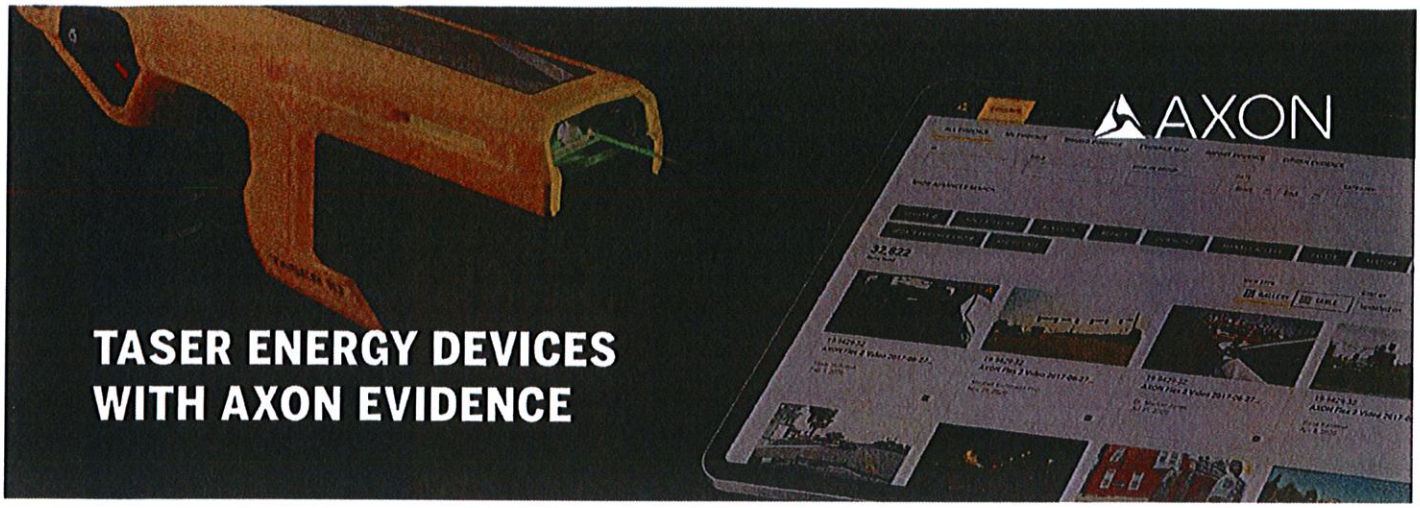

This Quote is limited to and conditional upon your acceptance of the provisions set forth herein and Axon's Master Services and Purchasing Agreement (posted at https://www.axon.com/sales-terms-and-conditions), as well as the attached Statement of Work (SOW) for Axon Fleet and/or Axon Interview Room purchase, if applicable. In the event you and Axon have entered into a prior agreement to govern all future purchases, that agreement shall govern to the extent it includes the products and services being purchased and does not conflict with the Axon Customer Experience Improvement Program Appendix as described below.

ACEIP:

The Axon Customer Experience Improvement Program Appendix, which includes the sharing of de-identified segments of Agency Content with Axon to develop new products and improve your product experience (posted at www.axon.com/legal/sales-terms-and-conditions), is incorporated herein by reference. By signing below, you agree to the terms of the Axon Customer Experience Improvement Program.

Acceptance of Terms:

Any purchase order issued in response to this Quote is subject solely to the above referenced terms and conditions. By signing below, you represent that you are lawfully able to enter into contracts. If you are signing on behalf of an entity (including but not limited to the company, municipality, or government agency for whom you work), you represent to Axon that you have legal authority to bind that entity. If you do not have this authority, please do not sign this Quote.

TASER ENERGY DEVICES WITH AXON EVIDENCE

SIMPLIFY EVIDENCE HANDLING AND STRENGTHEN OVERSIGHT

By prioritizing transparency and accountability, law enforcement agencies not only enhance community trust but also gain significant operational benefits with Axon's TASER energy devices when used with Axon Evidence. TASER energy devices capture detailed event and pulse logs, crucial for transparent records and supporting officers' testimonies, thus potentially reducing legal expenses associated with use of force incidents. Axon Evidence streamlines device management, automatic evidence uploads and firmware updates, alongside easy inventory tracking and unmatched cost efficiency.

ENHANCED TRANSPARENCY FOR EVERY INCIDENT

TASER energy devices automatically log the following information whenever an officer uses the device in the field. This provides agencies with accurate incident records and policy compliance monitoring:

/ DETAILED SHOW AND USE OF FORCE INSIGHTS

- Unholstered and Holstered[1]
- Armed and Disarmed
- Weapon Raised and Lowered[1]
- Warning Alert/Arc
- Trigger Pulled
- Cartridges Deployed
- Cartridge Flight Distance[1]
- Energy Discharged
- Percentage of Discharge Duration (where energy was actually sent into a connection)[1,2]
- Connection Resistance[1] (e.g. material type)

> "I was called to be an expert witness for a case where a violent, drug-intoxicated subject was subdued with a **TASER X2**. The subject filed an intent to sue for excessive use of force. While in court the TASER X2's firing logs were presented as evidence, corroborating the deputies' accounts and helping **prevent a lawsuit from developing**."
>
> Kevin Sailor
> WESTMINSTER PD[3]

[1] Data only available with TASER 10, not previous models.
[2] Measured resistance tells us if a connection is usable by the weapon (e.g. within its operational range) and what type of material the electrical current is pulsing through. As a general reference, the following ranges were identified during a scientific study: <300 ohms is not human tissue, 400 to 800 ohms can be human muscle, >900 ohms is skin, fat, or not human tissue (Dawes et al. 2010). Reference: Dawes D, Ho J, Kroll M, Miner J. 2010. Electrical Characteristics of an Electronic Control Device Under a Physiologic Load: A Brief Report. PACE. 33(3):330-335.
[3] How Safe Are TASER Weapons?

A NEW ERA IN LESS-LETHAL TECHNOLOGY

Through extensive research and customer feedback, Axon has developed our most capable and sophisticated TASER energy weapon to date. TASER 10 has a maximum range of 45 feet and 10 probes, featuring individually targeted probes and any-probe connect. These new capabilities significantly increase accuracy and effectiveness, decreasing the likelihood of escalation to lethal force.

FEATURES AND BENEFITS

/ 45-FOOT MAXIMUM RANGE
At nearly double the range of previous TASER energy weapons, TASER 10 creates more time and space to de-escalate and resolve conflicts.

/ 10 SINGLE-PROBE CARTRIDGES
10 single-probe cartridges provide users with up to 9 opportunities to achieve an effective connection and induce neuromuscular incapacitation (NMI).

/ INDIVIDUALLY TARGETED PROBES
Intuitive single probe deployment allows users to place each probe with precision and accuracy regardless of distance to the subject. Users can also create their own spread up close and at a long range, choosing their preferred target area.

/ ANY-PROBE CONNECT
Users no longer need to concern themselves with probe polarity. Any two deployed probes can create a successful connection. If there are multiple (more than two) probe connections, TASER 10 automatically selects and energizes only the top four connections, safely optimizing neuromuscular incapacitation, regardless of the total number of probes deployed.

/ VR INTEGRATION
Integration with Axon VR allows officers to enhance TASER proficiency, use-of-force decision-making, confidence and accuracy under stress.

/ AUDIBLE AND VISUAL WARNING ALERT
A bright pulsing light and loud alert sound emit whenever the weapon's Warning Alert is initiated, allowing the user the opportunity to de-escalate without deploying cartridges.

By upgrading to the TASER 10, your department is advancing generations beyond your current TASER X26P technology, implementing an all-inclusive certification program and introducing VR to your training program. These advancement significantly boosts operational effectiveness and success, officer safety, reliability and TASER program management, all contributing to long-term value for Bryant PD and the city as a whole.

Below, I shared the key reasons why investing in TASER 10 will ultimately benefit Bryant PD and how the TASER 10's improvements directly tackle the limitations that sometimes kept older devices from being used to their full potential (such as limited range or past reliability issues):

- **Extended Range**: TASER 10 provides an effective range of up to 45 feet, nearly doubling the 25-foot range of the X26P, allowing officers to engage subjects from a safer distance and in more circumstances and situations, significantly reducing risks while increasing usage.

- **Multi-Shot Capability**: The TASER 10 can deploy up to 10 individual probe cartridges without reloading, whereas the X26P was a single-deployment device. This significantly enhances both accuracy and chances of a successful deployment.

- **Improved Probe Design**: TASER 10's probes fly faster (205 FPS vs. 180 FPS with the X26P) and uses a wire with a non-conductive coating that spools out from the probe itself rather than directly from the TASER handle. This reduces the amount of bounce-offs and disconnects and aids with post-deployment management.

- **Adaptive Cross-Connect Technology**: The TASER 10 can intelligently manage multiple probes that hit a target. It automatically selects the best two (or even three or four) probe connections out of the probes that have hit, and dynamically adjusts the electrical pulse between them up to 44 times per second to achieve effective incapacitation vs 19 pulses per second with X26P.

- **Enhanced Lighting and Warning Features**: TASER 10 comes with a built-in 210 lumen flashlight (with a 1000 lumen strobe capability in warning mode) to improve low-light use and deescalate, whereas X26Ps do not have integrated lights. It also has a new Warning Alert function – a loud, pulsating alert tone and flashing light that can be activated as a deterrent without firing.

Additionally, it's essential to recognize that TASER use isn't just about physical deployment. Each time an officer simply displays the TASER, activates its laser, or demonstrates a warning alert, it often leads directly to de-escalation. These "non-contact" uses significantly reduce incidents of physical force, injuries, and related liabilities and are important to consider as part of the uses of the TASER.

In summary, transitioning to the T10 program offers clear and compelling advantages over your existing X26P platform:

- **Comprehensive Solution:** T10 effectively addresses and resolves any limitations present in the X26P, ensuring optimal performance and reliability.

- **Superior Versatility:** With increased situational application capabilities, the T10 can adapt seamlessly to diverse scenarios beyond the scope of the X26P, significantly enhancing operational flexibility.

TASER 10 CERTIFICATION PRO PLAN

Everything you need to elevate your TASER 10 program with advanced training and tools

The Certification Pro Plan goes beyond the essentials, offering your agency an all-inclusive solution to optimize TASER 10 performance. With access to the Full VR Package, your operators can sharpen their decision-making, communication, and operational readiness through immersive drills and real-world scenarios. This plan ensures your team is better equipped to reduce misses, clothing disconnects, and close probe spreads while streamlining program management and delivering advanced training options.

In this brochure, we will walk you through the different components of the Certification Pro Plan, from the weapon itself and its accessories to Axon's online, virtual reality (VR) and in-person training offerings.

WHAT'S INCLUDED IN THE CERTIFICATION PLAN

- TASER 10 energy weapon handle
- Magazines
- Cartridges
- Holster
- Hardware warranty
- Axon Evidence license
- Rechargeable battery
- Dock
- End-user training via Axon Academy online
- Voucher for Axon TASER Instructor Certification[1]
- Voucher for Axon TASER Master Instructor Certification[2]
- Admin-level access to Axon Academy for Certified Instructors
- TASER Research Evaluation and Data Program (TREND)
- Full VR Package
- Hook & Loop Training (HALT) suit
- Training target

A NEW ERA IN LESS-LETHAL TECHNOLOGY

The Certification Pro Plan includes the TASER 10 alongside key accessories, including cartridges for duty use, annual training and the new holster.

HANDLE

The TASER 10 has a maximum range of 45 feet and 10 individually targeted probes. Unlike previous models that relied on predefined positive and negative charged probes, the TASER 10 features any-probe connect. This means that any probe can connect with any other probe, offering greater flexibility and versatility in its operation.

MAGAZINES

The Certification Pro Plan includes four different magazine types: live duty, live training, HALT and inert to enhance training for agencies and clearly distinguish between training logs and field use logs.

[1] Instructor voucher offered at a 1% ratio to agencies with 50 or more licenses.

[2] One Master Instructor voucher offered at 50 or more licenses with additional voucher per 1,000 cumulative licenses.

END-USER TRAINING VIA AXON ACADEMY ONLINE

Each user covered in the Certification Pro Plan receives full access to Axon Academy's online training for TASER 10, which includes all pre-work necessary for on-site training: Axon Training TASER Certification Version 23 (Safety, Medical, Best Practices); TASER 10 Features, Functionality, Safety, Tactical Consideration, Theory and Testing.

VOUCHER FOR AXON TASER INSTRUCTOR CERTIFICATION

Those purchasing over 50 licenses receive a voucher to TASER Instructor Certification courses held across the US.

VOUCHER FOR AXON TASER MASTER INSTRUCTOR CERTIFICATION

Those purchasing over 50 licenses receive a voucher to TASER Instructor Certification courses held across the US.

ADMIN-LEVEL ACCESS TO AXON ACADEMY FOR CERTIFIED INSTRUCTORS

Administrators at the agency level can manage course progress for end-users, communicate with students and assess performance/pre-requisite completion before on-site training dates.

TASER RESEARCH EVALUATION AND DATA PROGRAM (TREND)

Introducing a user-friendly form housed in Axon Standards, specifically developed for the comprehensive collection and standardization of TASER show of force and use of force data. Its self-service dashboards empower agencies with deep, actionable insights into their TASER program's performance. These insights will allow agencies to tailor training strategies to improve their effectiveness rates and officers' decision-making capabilities.

FULL VR PACKAGE

The Full VR Package unlocks Axon VR's complete suite of immersive training tools, including vRBT, Community Engagement Training, AI-Powered Verbal Skills and tactical weapon training. This comprehensive solution enables officers to train effectively through immersive drills and real-world scenarios, honing critical decision-making, communication and officer readiness.

HOOK & LOOP TRAINING (HALT SUIT)

More hands-on time means more opportunities to deploy cartridges and practice scenarios using our latest HALT suit that eliminates pin-prick injuries and enables reality-based training.

TRAINING TARGET

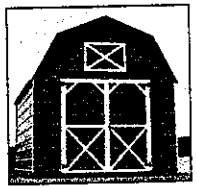

Axon's training targets are specifically designed for live cartridge use with increased durability, portability, and enhanced clarity on preferred target zones for TASER energy weapon use. They require less backing than previous designs and can withstand hits from all cartridge types/probe lengths.

Prices shown in the online Build-A-Quote process are subject to change without notice, do not reflect custom quote selections or any local taxes, and will be verified at time of order. Online customers selecting the Buy Now option will have appropriate local taxes added to their order. While Tuff Shed makes every effort to ensure correct information is included in the online Build-A-Quote process, Tuff Shed is not responsible for technical malfunction of any telephone network, telephone or data lines, computer online systems, servers, internet providers, computer equipment, or software that may result in a pricing error or other discrepancy with the online Build-A-Quote process.

Additional delivery charges and / or sales taxes may apply for out of state customers.

Building price is based on level lot and does not include any engineering fees or building permits unless otherwise indicated on order. Customer is responsible for site preparation.Engineered plans may be required for permit application, and are not included in above prices. Engineering charges are relative to style and size of building. Cancelled orders are subject to a restocking fee.

This saved quote includes any applicable promotional discounts, which have limitations and expiration dates.

The price quoted is valid through the expiration date of the promotion. Once an order has been placed, pricing is guaranteed for up to 12 months. If the installation is not completed within 12 months for any reason, Tuff Shed has the right to modify the order pricing. You will be notified regarding any price adjustment prior to installation or incurring any additional charges.
