Council adopts the budget by category by department by fund so any budget adjustments that cross categories, depts or funds must be brought to Council.

Reason/Justification for the Adjustment: (Attach any supporting documents)
Pge 82 of the budget book originally budgets for a capital project "Woody Dr to Steeple Chase" for $80,000. Due to updated Highway 5 widening plans, this project will need to wait until that work is complete. We may be able to complete parts of it during the widening project. We want to re-allocate that $80,000 to fund our "Booster Pump Station" project. This will allow for us to move forward with installing a new panel at the booster station that will give us capabilities that we do not currently have such as remotely reading tank levels, influent gallons, effluent gallons, chlorine residual, and pH. This will help us with modeling what our system is doing as well as responsibly ensuring that our disinfection levels, tank levels, and pressures remain adequate.

Council adopts the budget by category by department by fund so any budget adjustments that cross categories, depts or funds must be brought to Council.

Reason/Justification for the Adjustment: (Attach any supporting documents) - Finance Director - The principle and interest amounts were short by very small amounts once the Purchase orders for the whole year were put into the system. And a reclass was needed in the SRO Uniform lines. It was not known until the end of the year how much money would be left in the Bryant parkway bond account. This is an estimate inclusive of interest.

Replacement of heater core and left/right cylinder head assembly on 2009 Chevrolet Silverado 2500HD that is used as the Trash Truck. This truck is essential as it picks up trash from all of our public trash receptacles daily. This was more cost efficient than replacing the truck.

DISCLAIMER OF WARRANTIES

AS IS - THE ONLY WARRANTIES APPLYING TO THIS PARTS(S) ARE THOSE WHICH MAY BE OFFERED BY THE MANUFACTURER. THE SELLING DEALER HEREBY EXPRESSLY DISCLAIMS ALL WARRANTIES, EITHER EXPRESS OR IMPLIED, INCLUDING ANY IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, AND NEITHER ASSUMES NOR AUTHORIZES ANY OTHER PERSON TO ASSUME FOR IT ANY LIABILITY IN CONNECTION WITH THE SALE OF THIS PART(S) AND/OR SERVICE. BUYER SHALL NOT BE ENTITLED TO RECOVER FROM THE SELLING DEALER ANY CONSEQUENTIAL DAMAGES, DAMAGES TO PROPERTY, DAMAGES FOR LOSS OF USE, LOSS OF TIME, LOSS OF PROFIT, OR INCOME, OR ANY OTHER INCIDENTAL DAMAGES.

NOT RESPONSIBLE FOR LOSS OR DAMAGE TO CARS OR ARTICLES LEFT IN CARS IN CASE OF FIRE, THEFT OR ANY OTHER CAUSE BEYOND OUR CONTROL

ENVIRONMENTAL COMPLIANCE CHARGE

Maintaining and repairing your car inevitably involves the use of chemicals and generation of wastes (solvents, oils caustics, lead, asbestos, etc.) that must be stored, managed and disposed of in strict compliance with federal, state and local environmental regulations. We support these regulations and also believe our customers do too because they help ensure a safer, healthier environment for everyone. Complying with these regulations increase the cost of service. Ordinarily, increase costs simply result in an increased hourly labor charge. This dealership has decided in lieu of raising its labor rate, to list a compliance charge on appropriate service bills because we believe our customers would be interested to know they are helping to pay for a cleaner environment.

I ACKNOWLEDGE RECEIPT OF THE PARTS AND LABOR LISTED

Estimate based on MOTOR CRASH ESTIMATING GUIDE and potentially other third party sources of data. Unless otherwise noted, (a) all items are derived from the Guide DR1GC21, CCC Data Date 02/09/2026, and potentially other third party sources of data; and (b) the parts presented are OEM-parts. OEM parts are manufactured by or for the vehicle's Original Equipment Manufacturer (OEM) according to OEM's specifications for U.S. distribution. OEM parts are available at OE/Vehicle dealerships or the specified supplier. OPT OEM (Optional OEM) or ALT OEM (Alternative OEM) parts are OEM parts that may be provided by or through alternate sources other than the OEM vehicle dealerships with discounted pricing. Asterisk (*) or Double Asterisk (**) indicates that the parts and/or labor data provided by third party sources of data may have been modified or may have come from an alternate data source. Tilde sign (~) items indicate MOTOR Not-Included Labor operations. The symbol (<>) indicates the refinish operation WILL NOT be performed as a separate procedure from the other panels in the estimate. Non-Original Equipment Manufacturer aftermarket parts are described as Non OEM, A/M or NAGS. Used parts are described as LKQ, RCY, or USED. Reconditioned parts are described as Recond. Recored parts are described as Recore. NAGS Part Numbers and Benchmark Prices are provided by National Auto Glass Specifications. Labor operation times listed on the line with the NAGS information are MOTOR suggested labor operation times. NAGS labor operation times are not included. Pound sign (#) items indicate manual entries.

Some 2024 vehicles contain minor changes from the previous year. For those vehicles, prior to receiving updated data from the vehicle manufacturer, labor and parts data from the previous year may be used. The CCC ONE estimator has a list of applicable vehicles. Parts numbers and prices should be confirmed with the local dealership.

The following is a list of additional abbreviations or symbols that may be used to describe work to be done or parts to be repaired or replaced:

SYMBOLS FOLLOWING PART PRICE:

Building an additional salt house for dry storage & capacity. During winter inclement weather events we do not have the capacity to store the proper amount of dry materials to keep us running throughout a full multi-day event or multiple back to back events. This will give us an additional 600 tons of storage capacity. Salt house may also serve as dry storage for topsoil during off season. Multiple quotes have been obtained and are attached. Salt house will be warrantied and insured. AR Quality Homes has given us the lowest quote.

Reason/Justification for the Adjustment: (Attach any supporting documents)
This project will extend water/sewer services along the parkway. This will benefit the future fire station site, and the current/future development that is in that area. The water line project is a cost-share between contractor and City (even 50/50 split) to honor an agreement. Two quotes were received for both water and sewer projects. This will allow for more secure fire flow in the area, better pressure for the entire area, and accessible sewer services with added capacity. Due to the upgrade in capacity and pressure, this project qualifies for the use of Impact Fee monies to be used. This is a forward thinking project, and it is a responsible way to ensure impact fees are spent on projects that grow the city.

Robin,

I would like to thank you and your partners for considering Bryant as the community to grow your business and choosing to invest in our city.

After speaking with my staff, I understand that there are particular challenges your property has encountered during the development process that are a bit out of the ordinary due to the construction of Bryant Parkway. The city would like to find a way to support this development as you navigate through these issues.

At this time, I believe we can best do that by assisting with the utility work on the proposed GenWealth site location located on Bryant Parkway. While I can not commit today to the entire scope of that assistance, I do feel comfortable in laying out the following perimeters as we work to solidify the details.

- Providing materials
- needed for the lowering of the waterline and relocation of the existing water hydrant.
- Evaluate and possibly
- supply materials needed for the completion of the sanitary sewer.

I understand this letter may not make the full commitment you were hoping for; however, I hope it will serve as a promissory arrangement between the city and Genwealth as we continue to work through this project's particulars.
