RE: Electrical facilities for Grace Village Subdivision Phase Four

Dear Mr. Smith

This letter is to inform you that the developer for the above referenced subdivision has paid First Electric Cooperative all fees associated with the installation of electric facilities for the above referenced development. The underground conduits have been installed. The installation of the conductors, transformers, and street lighting will be completed as soon as contract crews become available. First Electric has requested that our contractor provide additional crews. The electric utility industry is currently experiencing a severe labor shortage.

We anticipate that the installation of the remaining equipment will take two to three weeks to complete.

If you need additional information, please let me know.

Sincerely

Randy Jones
Field Engineer
