Sign Variance

Date: 07.13.22
Project: Road Runner Bryant - Store #1043

Excerpts from Section 6.06 – Variances and Special Permits for Signs

1) *Variances*
"Such request shall demonstrate that special conditions or circumstances exist that are not applicable to other lands, structures, or building such that a literal interpretation of the ordinance would result in undue hardship."

2) *Special Sign Permit:*
The following criteria shall be used in the review and approval of requests:
   a) *Conditions exists which are unique to the property or type and size of development, which would cause hardship under a literal interpretation of the sign code.*
   b) *The proposed sign will not adversely affect other sing in the area*
   c) *The proposed sings will not be detrimental to the properties located in the vicinity.*
   d) *The proposed sign will not obscure fire hydrants, traffic signs or traffic signals, block motorist's line of sight, or otherwise inhibit or interfere with vehicular or pedestrian traffic.*
   e) *Approval of the special sign permit will not constitute a grant of special privileges which is inconsistent with the limitations placed upon other properties in the vicinity having similar circumstances.*

Special Conditions and Circumstances

1) We are not using our permitted signage on the eastern façade.
We understand that we are on a corner lot and are permitted to have a sign on the southern building façade and the eastern building facade. The eastern building façade is not as visually prominent as the southern building façade, due to the existing gas canopy. As such, the existing SuperStop sign on the eastern building façade is going to be removed and not replaced.

2) The Road Runner Logo is made up of two parts.
The Superstop convenience store is being converted to a Road Runner Convenience store. Road Runner has two pieces of their logo, their emblem, "Rudy" the Road Runner and their name text "Road Runner". Road Runner Branding has these two pieces of the emblem spaced apart from one another.[1]

[1] When the emblem and logo are placed close together in order to count them as one sign, which we are willing to do, if necessary (although this is a deviation from branding), more than half of the square footage of the "whole as a rectangle" doesn't contain signage, due to the emblem and logo being dramatically different proportions.

3) Request to use the signage allowed on the eastern building façade on the southern building façade.
   We propose the Road Runner Logo (emblem and text) on the southern façade facing the interstate. This will result in two signs on the southern building façade, which together are well within the allowed square footage for signage on the south building facade.

4) Also attached are our previous three signage applications, that I hope will show a sincere desire to comply with the City of Bryant's Sign Ordinance.

Jamie Holt, AIA, LEED AP BD+C
