Re: Large Scale Development, Bryant High School Addition, Bryant, AR

Mr. Leonard:

This project involves an addition to an existing building at Bryant High School. The addition will be located on the south side of the main classroom building with a footprint of approximately 24,000 SF and a total square footage of 65,558. The addition will consist of 3 & 4 story sections, with a 1 story safe room on the south end.

Attached please find Site Plans, Floor Plans, Building Elevations and the Stormwater Report for review. Please place this item on the agenda for the next DRC meeting. Let me know if you need any additional information for this submittal.

Sincerely,

Josh Minton, PE
Project Engineer
