Equipment Description	Reason for sending to Auction
06 Chevy Silverado	Possibly Blown Head Gasket. Replaced with truck from Public Works last year.
60" Zero Turn Mower	Needs major mechanical fix, costly. Replaced with 72" Diesel Kubota a couple years ago.
Toro Groundmaster Mower	No longer able to keep up with workload. Replaced with 100" Toro to cut fields.
John Deer Gator	Currently not running. Didn't run well when it did. Replaced with Kubota Side x Side a couple years ago.
6 Wheel Diesel Cart	PD gave it to us over 10 years ago. Doesn't run.
Ford Tractor	Replaced with New Holland in 2018.
Genie Lift	Too large for Parks needs. Former police chief brought it back from an auction years ago and has never been used.
Bobcat Skidsteer	Older foot operated skidsteer. Has had constant mechanical issues deeming it practically unusable.
Welder/Generator	Quit generating power. Replaced with smaller, portable wire welder and portable generator.
3-point Aerifier	Old and worn out. Replaed by aeravator attachment on Ventrac.
6' x 14' utility trailer	Has some mechanical damage and there are no places to tie down equipment. Replaced in 2022 with longer utility trailer.
Wood Chipper	Doesn't get used.
Tiller	Gear box is no longer functional and it is worn out.
