We have 11 homes that are affected by flooding, four homes are repetitive lose. We have four streets affected by flooding: Stillman Loop, Jon St, Price & Whispering Oak. Project will also solve water pooling issues on Stillman.

ITEM COMMENTARY (Background discussion, key points, recommendations, etc.) Please identify any or all impacts this proposed action would have on the City budget, personnel resources, and/or residents.

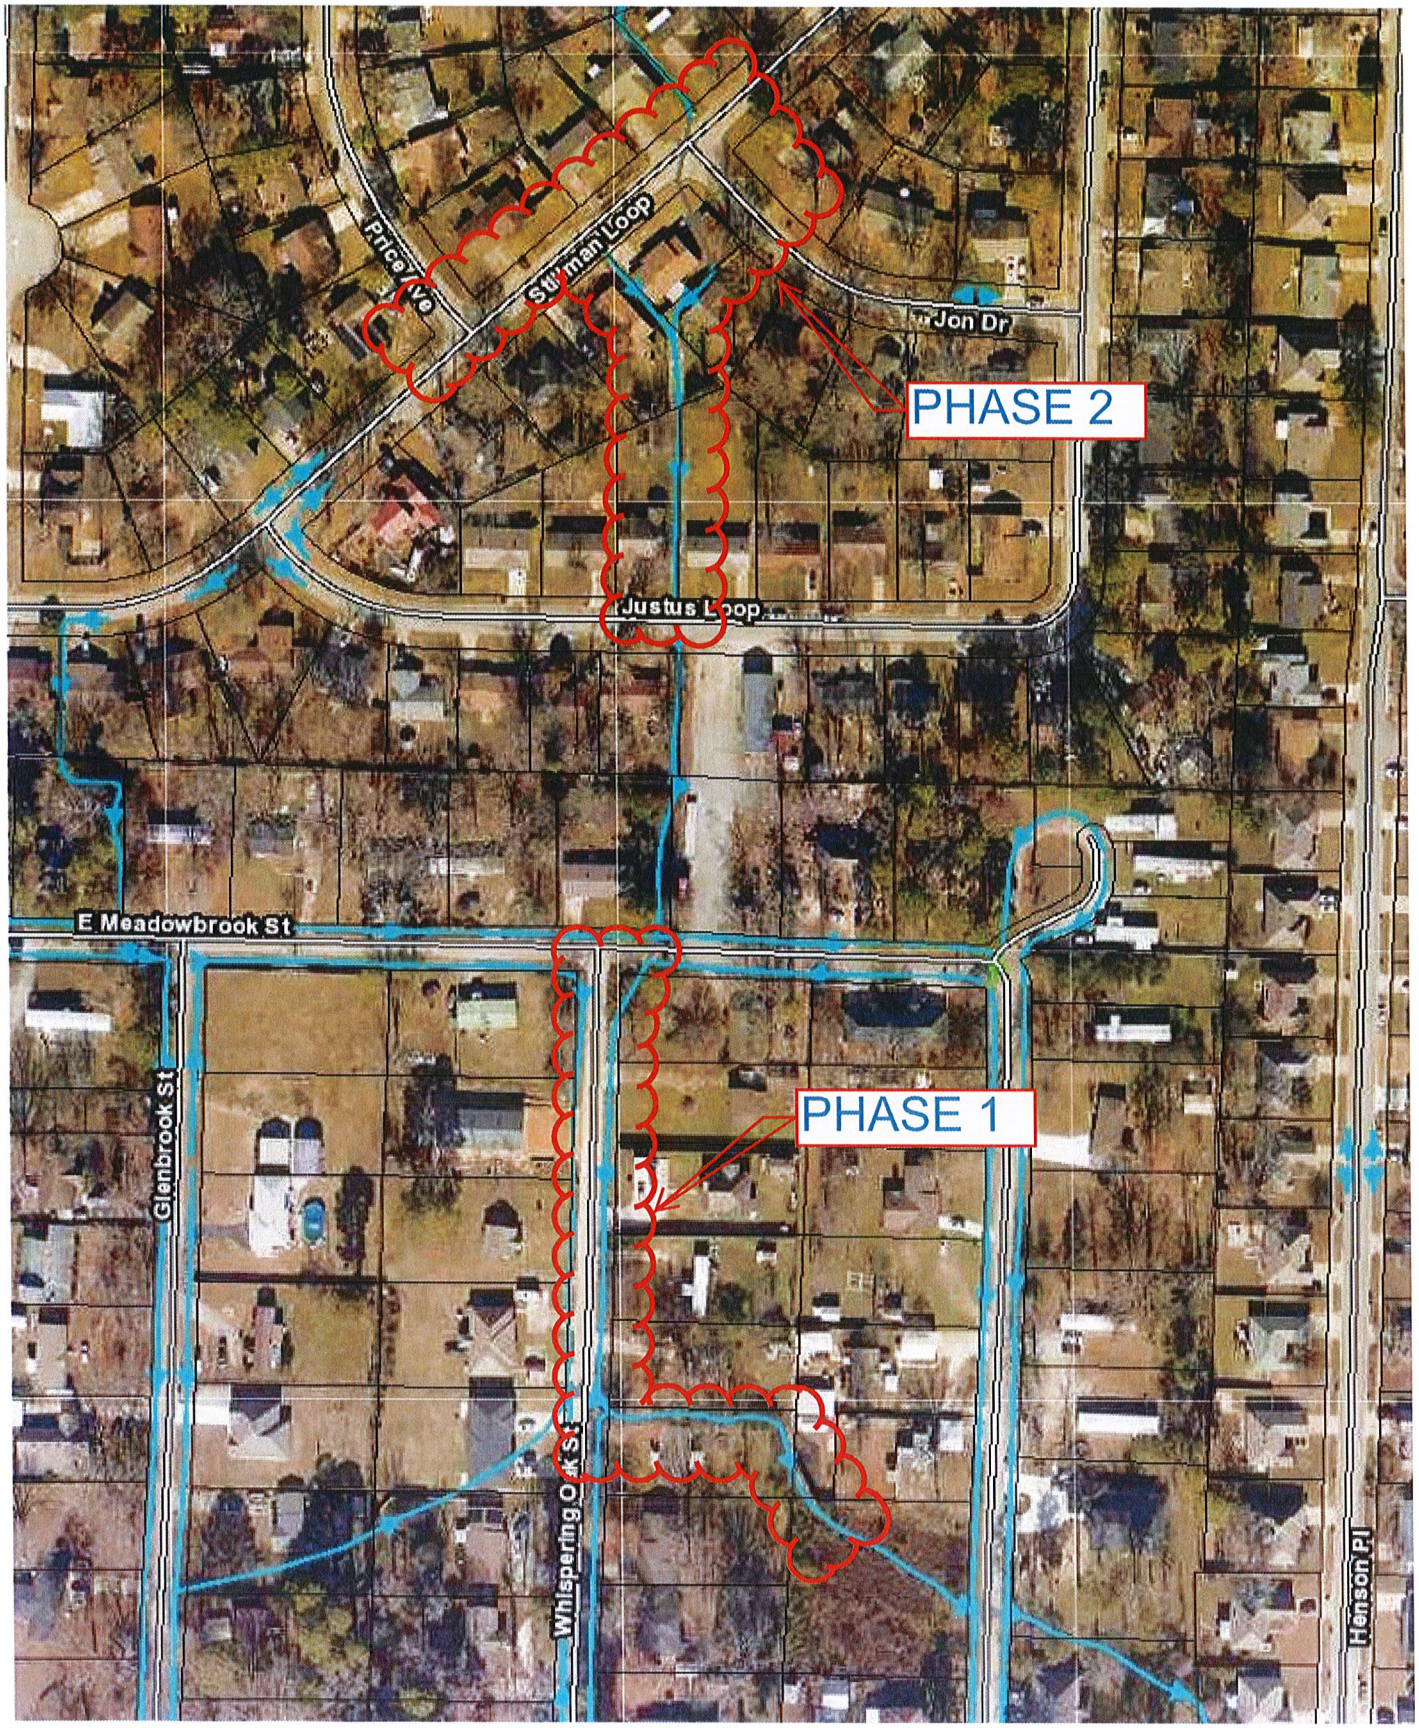

Phase 1 shows construction cost estimate. Also shows scope and fee for engineering from Full Design all the way through the Construction Phase. I would not recommend a do not exceed amount due to possible utility conflicts. I would like to take this to council for full engineering from full design to bid phase it can come from Acct# 080-0140-5571.

Phase 2 shows construction & bid cost estimates. Full Design is complete and paid for. This also shows the scope and fees for engineering cost remaining $11,156.25, this will finish the bid and construction phase engineering cost. This can be taken out of acct# 080-0140-5571

(This section to be completed by the Mayor)
