* Revenue Account Numbers start with 4XXX for the last four digits, negative numbers increase revenues and offset expense increases

* Expense Account Numbers start with 5XXX for the last four digits, positive numbers increase expenses and negative numbers decrease expenses

Council adopts the budget by category by department by fund so any budget adjustments that cross categories, depts or funds must be brought to Council.

Reason/Justification for the Adjustment: (Attach any supporting documents) - **Taking advantage of cost savings due to personnel vacancies from this year to cover costs of repairs, additional items needed at the shelter and increased costs. These adjustments will be budget neutral, as we are just moving expenses that were budgeted for, but the department didn't incur this year to cover costs of other needed items.**

Reason/Justification for the Adjustment: (Attach any supporting documents)

In May, Council approved the Taser/Axon five year contract with one year's payment budget adjusted. In order to get the discount ($18,713.41) on the signed contract, the contract needs to be paid in full ($344,637.10). 001-0600-5310 will be budgeted for $3,000 in 2026 (and the following 4 years) instead of $71,927.42.

Reason/Justification for the Adjustment: (Attach any supporting documents)

Our five year contract with Axon for Tasers expires in September. Our current contract is no longer available and we are two models behind. This new contract will cover the devices, cartridges, and instructor training for the next five years. Renewing with this contract will allow for the new Tasers to arrive and be implemented at the same time period the current Tasers are going out of contract/warranty.

TASER ENERGY DEVICES WITH AXON EVIDENCE

SIMPLIFY EVIDENCE HANDLING AND STRENGTHEN OVERSIGHT

By prioritizing transparency and accountability, law enforcement agencies not only enhance community trust but also gain significant operational benefits with Axon's TASER energy devices when used with Axon Evidence. TASER energy devices capture detailed event and pulse logs, crucial for transparent records and supporting officers' testimonies, thus potentially reducing legal expenses associated with use of force incidents. Axon Evidence streamlines device management, automatic evidence uploads and firmware updates, alongside easy inventory tracking and unmatched cost efficiency.

ENHANCED TRANSPARENCY FOR EVERY INCIDENT

TASER energy devices automatically log the following information whenever an officer uses the device in the field. This provides agencies with accurate incident records and policy compliance monitoring:

/ DETAILED SHOW AND USE OF FORCE INSIGHTS

- Unholstered and Holstered[1]
- Armed and Disarmed
- Weapon Raised and Lowered[1]
- Warning Alert/Arc
- Trigger Pulled
- Cartridges Deployed
- Cartridge Flight Distance[1]
- Energy Discharged
- Percentage of Discharge Duration (where energy was actually sent into a connection)[1,2]
- Connection Resistance[1] (e.g. material type)

> "I was called to be an expert witness for a case where a violent, drug-intoxicated subject was subdued with a **TASER X2**. The subject filed an intent to sue for excessive use of force. While in court the TASER X2's firing logs were presented as evidence, corroborating the deputies' accounts and helping **prevent a lawsuit from developing**."
>
> Kevin Sailor
> WESTMINSTER PD[3]

[1] Data only available with TASER 10, not previous models.
[2] Measured resistance tells us if a connection is usable by the weapon (e.g. within its operational range) and what type of material the electrical current is pulsing through. As a general reference, the following ranges were identified during a scientific study: <300 ohms is not human tissue, 400 to 800 ohms can be human muscle, >900 ohms is skin, fat, or not human tissue (Dawes et al. 2010). SEAMLESS INTEGRATION WITH AXON EVIDENCE

Experience seamless data management with your TASER energy devices through Axon Evidence, our centralised digital evidence management platform, facilitating efficient evidence review and sharing.

/ BENEFITS OF AXON EVIDENCE

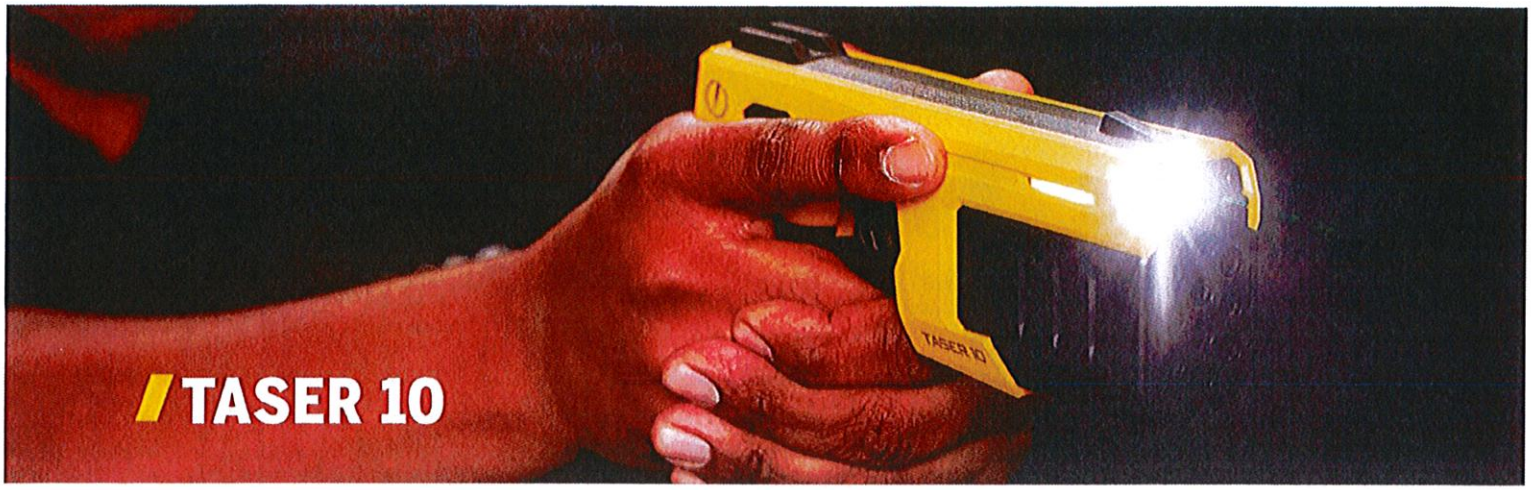

- Simplified device registration, assignment and removal via cloud
- Automatic evidence uploads and firmware updates upon docking device battery
- Easy inventory management of devices, batteries and cartridges
- Convenient remote evidence management with audit trails
- Ensured data security with continuous data center monitoring
- Unmatched cost efficiency with the lowest total ownership cost
- Unlimited storage capacity

> West Midlands Police estimate that since using the cloud, they've **saved approximately £4 million** that they would have had to spend on enhancing and securing their on-premise data centre to store digital evidence anyway. **Over five years the estimated cost of cloud storage is just £50,000.**[4]

A NEW ERA IN LESS-LETHAL TECHNOLOGY

Through extensive research and customer feedback, Axon has developed our most capable and sophisticated TASER energy weapon to date. TASER 10 has a maximum range of 45 feet and 10 probes, featuring individually targeted probes and any-probe connect. These new capabilities significantly increase accuracy and effectiveness, decreasing the likelihood of escalation to lethal force.

FEATURES AND BENEFITS

/ 45-FOOT MAXIMUM RANGE
At nearly double the range of previous TASER energy weapons, TASER 10 creates more time and space to de-escalate and resolve conflicts.

/ 10 SINGLE-PROBE CARTRIDGES
10 single-probe cartridges provide users with up to 9 opportunities to achieve an effective connection and induce neuromuscular incapacitation (NMI).

/ INDIVIDUALLY TARGETED PROBES
Intuitive single probe deployment allows users to place each probe with precision and accuracy regardless of distance to the subject. Users can also create their own spread up close and at a long range, choosing their preferred target area.

/ ANY-PROBE CONNECT
Users no longer need to concern themselves with probe polarity. Any two deployed probes can create a successful connection. If there are multiple (more than two) probe connections, TASER 10 automatically selects and energizes only the top four connections, safely optimizing neuromuscular incapacitation, regardless of the total number of probes deployed.

/ VR INTEGRATION
Integration with Axon VR allows officers to enhance TASER proficiency, use-of-force decision-making, confidence and accuracy under stress.

/ AUDIBLE AND VISUAL WARNING ALERT
A bright pulsing light and loud alert sound emit whenever the weapon's Warning Alert is initiated, allowing the user the opportunity to de-escalate without deploying cartridges.

LIVE STANDARD | LIVE STANDARD (Training) | HALT (Hook and Loop Training) | INERT | LIVE | HALT (Hook and Loop Training) | INERT

/ MULTIPLE MAGAZINES
Multiple magazine and cartridge types allow officers to train more efficiently and differentiate between training and duty weapon use in Axon Evidence.

/ INVENTORY MANAGEMENT
Axon Device Manager mobile application allows agencies to quickly assign weapons and accessories and efficiently manage devices in the field.

/ DOCK AND WALK FUNCTIONALITY
Automatic firmware updates and weapon log downloads save agencies time and ensure weapons are always up to date.

/ RECHARGEABLE BATTERY
One battery for the life of the weapon; TASER 7 battery and dock compatibility.

/ DAYLIGHT GREEN LASER
A more visible green LASER improves user aim in daylight scenarios.

/ ENHANCED DATA MANAGEMENT
Full integration with Axon Evidence allows agencies to manage newly designed pulse graphs, weapons activity, event logs and firing logs as evidence.

/ ENHANCED DATA TRACKING
Automatically tracks when TASER 10 is inserted or removed from a holster, estimates deployment distance, and tracks which probes make a connection.

By upgrading to the TASER 10, your department is advancing generations beyond your current TASER X26P technology, implementing an all-inclusive certification program and introducing VR to your training program. These advancement significantly boosts operational effectiveness and success, officer safety, reliability and TASER program management, all contributing to long-term value for Bryant PD and the city as a whole.

Below, I shared the key reasons why investing in TASER 10 will ultimately benefit Bryant PD and how the TASER 10's improvements directly tackle the limitations that sometimes kept older devices from being used to their full potential (such as limited range or past reliability issues):

- **Extended Range**: TASER 10 provides an effective range of up to 45 feet, nearly doubling the 25-foot range of the X26P, allowing officers to engage subjects from a safer distance and in more circumstances and situations, significantly reducing risks while increasing usage.

- **Multi-Shot Capability**: The TASER 10 can deploy up to 10 individual probe cartridges without reloading, whereas the X26P was a single-deployment device. This significantly enhances both accuracy and chances of a successful deployment.

- **Improved Probe Design**: TASER 10's probes fly faster (205 FPS vs. 180 FPS with the X26P) and uses a wire with a non-conductive coating that spools out from the probe itself rather than directly from the TASER handle. This reduces the amount of bounce-offs and disconnects and aids with post-deployment management.

- **Adaptive Cross-Connect Technology**: The TASER 10 can intelligently manage multiple probes that hit a target. It automatically selects the best two (or even three or four) probe connections out of the probes that have hit, and dynamically adjusts the electrical pulse between them up to 44 times per second to achieve effective incapacitation vs 19 pulses per second with X26P.

- **Enhanced Lighting and Warning Features**: TASER 10 comes with a built-in 210 lumen flashlight (with a 1000 lumen strobe capability in warning mode) to improve low-light use and deescalate, whereas X26Ps do not have integrated lights. It also has a new Warning Alert function – a loud, pulsating alert tone and flashing light that can be activated as a deterrent without firing.

Additionally, it's essential to recognize that TASER use isn't just about physical deployment. Each time an officer simply displays the TASER, activates its laser, or demonstrates a warning alert, it often leads directly to de-escalation. These "non-contact" uses significantly reduce incidents of physical force, injuries, and related liabilities and are important to consider as part of the uses of the TASER.

In summary, transitioning to the T10 program offers clear and compelling advantages over your existing X26P platform:

- **Comprehensive Solution:** T10 effectively addresses and resolves any limitations present in the X26P, ensuring optimal performance and reliability.

- **Superior Versatility:** With increased situational application capabilities, the T10 can adapt seamlessly to diverse scenarios beyond the scope of the X26P, significantly enhancing operational flexibility.

- **Cost Predictability:** The all-inclusive nature of T10 programs eliminates variable and unforeseen expenses, providing consistent budgeting and peace of mind.

- **Enhanced Confidence with VR Integration:** By incorporating Virtual Reality technology, the T10 programs empower users with realistic, immersive training experiences, fostering greater confidence and preparedness during actual deployment.

TASER 10 CERTIFICATION PRO PLAN

Everything you need to elevate your TASER 10 program with advanced training and tools

The Certification Pro Plan goes beyond the essentials, offering your agency an all-inclusive solution to optimize TASER 10 performance. With access to the Full VR Package, your operators can sharpen their decision-making, communication, and operational readiness through immersive drills and real-world scenarios. This plan ensures your team is better equipped to reduce misses, clothing disconnects, and close probe spreads while streamlining program management and delivering advanced training options.

In this brochure, we will walk you through the different components of the Certification Pro Plan, from the weapon itself and its accessories to Axon's online, virtual reality (VR) and in-person training offerings.

WHAT'S INCLUDED IN THE CERTIFICATION PLAN

- TASER 10 energy weapon handle
- Magazines
- Cartridges
- Holster
- Hardware warranty
- Axon Evidence license
- Rechargeable battery
- Dock
- End-user training via Axon Academy online
- Voucher for Axon TASER Instructor Certification[1]
- Voucher for Axon TASER Master Instructor Certification[2]
- Admin-level access to Axon Academy for Certified Instructors
- TASER Research Evaluation and Data Program (TREND)
- Full VR Package
- Hook & Loop Training (HALT) suit
- Training target

A NEW ERA IN LESS-LETHAL TECHNOLOGY

The Certification Pro Plan includes the TASER 10 alongside key accessories, including cartridges for duty use, annual training and the new holster.

HANDLE

The TASER 10 has a maximum range of 45 feet and 10 individually targeted probes. Unlike previous models that relied on predefined positive and negative charged probes, the TASER 10 features any-probe connect. This means that any probe can connect with any other probe, offering greater flexibility and versatility in its operation.

MAGAZINES

The Certification Pro Plan includes four different magazine types: live duty, live training, HALT and inert to enhance training for agencies and clearly distinguish between training logs and field use logs.

[1] Instructor voucher offered at a 1% ratio to agencies with 50 or more licenses.

[2] One Master Instructor voucher offered at 50 or more licenses with additional voucher per 1,000 cumulative licenses.

CARTRIDGES

The TASER 10 has 10 single-probe cartridges to provide users with up to 9 opportunities to achieve an effective connection and induce neuromuscular incapacitation (NMI) to obtain a positive change in behavior. The bundle includes all the cartridges you need for duty and training for the full 5 years of the program. Agencies receive an initial combination of 20 live cartridges and 10 HALT cartridges for reality-based training, along with 8 additional HALT cartridges annually for training and 3 additional live cartridges each year.[3] The Certification Pro Plan includes unlimited live cartridge replacements for duty use to ensure your agency never needs to worry about purchasing additional cartridges during your contract.

HOLSTER

TASER 10 Holsters include embedded magnets to allow for Axon Signal to automatically active Axon Body-Worn and Fleet Cameras when a TASER 10 is removed from the holster.

HARDWARE WARRANTY

Your weapon, dock, and batteries are protected by a 5-year hardware warranty.

CONNECT TO SAVE TIME

The Certification Pro Plan lets you take advantage of TASER 10's connection to the Axon network, so you can unlock time savings for your agency. Recharge batteries and update firmware by simply docking batteries and walking away. Assign weapons and accessories in seconds with the Axon Device Manager mobile application. And track inventory and device health on Axon Evidence.

AXON EVIDENCE LICENSE

Track TASER 10 weapon status, view logs and reassign weapons within Axon Evidence for smooth program management.

RECHARGEABLE BATTERY

Recharge the battery just by docking. The TASER 10 also automatically uploads newly designed pulse graphs and weapon logs and updates firmware when the battery is docked.

TASER 10 DOCK & CORE

The TASER 10 uses the same dock as TASER 7 which has 6 bays and comes with a wall mount.

FOCUS ON COMMUNITIES

Investing in a new weapon requires an investment in training. The Certification Pro Plan delivers both online, virtual reality and in-person training using new techniques, including a re-designed classroom training curriculum with more hands-on time, that can drive deeper learning and show your community your commitment to safety. Receive vouchers for Axon's TASER Instructor Certification courses and access to trackable online training through Axon Academy — and more.

[3] Cartridge quantities may not be exact ratios as they have a minimum shipping quantity of ten cartridges per box.

END-USER TRAINING VIA AXON ACADEMY ONLINE

Each user covered in the Certification Pro Plan receives full access to Axon Academy's online training for TASER 10, which includes all pre-work necessary for on-site training: Axon Training TASER Certification Version 23 (Safety, Medical, Best Practices); TASER 10 Features, Functionality, Safety, Tactical Consideration, Theory and Testing.

VOUCHER FOR AXON TASER INSTRUCTOR CERTIFICATION

Those purchasing over 50 licenses receive a voucher to TASER Instructor Certification courses held across the US.

VOUCHER FOR AXON TASER MASTER INSTRUCTOR CERTIFICATION

Those purchasing over 50 licenses receive a voucher to TASER Instructor Certification courses held across the US.

ADMIN-LEVEL ACCESS TO AXON ACADEMY FOR CERTIFIED INSTRUCTORS

Administrators at the agency level can manage course progress for end-users, communicate with students and assess performance/pre-requisite completion before on-site training dates.

TASER RESEARCH EVALUATION AND DATA PROGRAM (TREND)

Introducing a user-friendly form housed in Axon Standards, specifically developed for the comprehensive collection and standardization of TASER show of force and use of force data. Its self-service dashboards empower agencies with deep, actionable insights into their TASER program's performance. These insights will allow agencies to tailor training strategies to improve their effectiveness rates and officers' decision-making capabilities.

FULL VR PACKAGE

The Full VR Package unlocks Axon VR's complete suite of immersive training tools, including vRBT, Community Engagement Training, AI-Powered Verbal Skills and tactical weapon training. This comprehensive solution enables officers to train effectively through immersive drills and real-world scenarios, honing critical decision-making, communication and officer readiness.

HOOK & LOOP TRAINING (HALT SUIT)

More hands-on time means more opportunities to deploy cartridges and practice scenarios using our latest HALT suit that eliminates pin-prick injuries and enables reality-based training.

TRAINING TARGET

Axon's training targets are specifically designed for live cartridge use with increased durability, portability, and enhanced clarity on preferred target zones for TASER energy weapon use. They require less backing than previous designs and can withstand hits from all cartridge types/probe lengths.

MANAGEMENT STAFF REVIEW (Signature)

MAYOR (Signature)

ITEM HISTORY (Previous Council reviews, action related to this item, and other pertinent history)

At its August 19, 2025 meeting, the City Council authorized staff to proceed with scheduling meetings with Forvis Mazars, with the conditions that there be no changes to cost and that the final contract be brought back to the Council for approval at the September 2025 meeting.

ITEM COMMENTARY (Background discussion, key points, recommendations, etc.) Please identify any or all impacts this proposed action would have on the City budget, personnel resources, and/or residents.

The Auditing and Tax Services RFP was issued in July 2025 following the completion of the City's five-year engagement with ATA, formerly JWCK. After a comprehensive review, the selection committee determined that the proposal submitted by Forvis Mazars best serves the interests of the City of Bryant. The proposed contract reflects an increase of $34,400 for the 2025 audit; however, this increase will not impact the current year's budget and will be incorporated into the budget beginning in 2026 if approved.

(This section to be completed by the Mayor)

ACTION PROPOSED (Motion for Consideration)

RESOLUTION NO. ____

A RESOLUTION AUTHORIZING THE MAYOR OF THE CITY OF BRYANT, ARKANSAS TO ENTER INTO A CONTRACT WITH FORVIS MAZARS FOR AUDITING AND TAX SERVICES; AND FOR OTHER PURPOSES.

WHEREAS, the City of Bryant has determined that it is necessary to obtain professional auditing and tax services for the City of Bryant to ensure timely, efficient, and reliable annual comprehensive audit reports and tax services; and

WHEREAS, Forvis Mazars has submitted a proposal to provide such services under the terms and conditions set forth in the Contract, which includes a five (5) year term beginning October 1, 2025; and

WHEREAS, the City Council finds that entering into this agreement is in the best interest of the City of Bryant and its residents;

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF BRYANT, ARKANSAS:

Section 1. The Mayor of the City of Bryant, Arkansas, is hereby authorized to execute the Contract with Forvis Mazars for auditing and tax services as described in the agreement, together with any necessary documents to effectuate the same.

Section 2. The Mayor is further authorized to take all actions necessary to carry out the intent of this resolution, including approving renewals or extensions of the contract as permitted by its terms.

PASSED AND APPROVED this ___ day of _____, 2025.

Scope of Services – Audit Services

We will audit the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information and related disclosures, which collectively comprise the basic financial statements for the following entity:

CITY OF BRYANT, ARKANSAS as of and for the year ended December 31, 2025

The audit has the following broad objectives:

- Obtaining reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error
- Expressing opinions on the financial statements
- Issuing a report on your internal control over financial reporting and compliance and other matters based on the audit of your financial statements in accordance with *Government Auditing Standards*
- Expressing an opinion on your compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect to each of your major federal award programs in accordance with the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance)
- Issuing a report on your internal control over compliance in accordance with the Uniform Guidance
- Issuing a report on your schedule of expenditures of federal awards

You have informed us that the audited financial statements are expected to be presented along with management's annual comprehensive financial report (ACFR). Management is responsible for the other information included in the ACFR. The other information comprises the ACFR but does not include the financial statements and our auditor's report thereon. Our opinion on the financial statements will not cover the other information, and we will not express an opinion or any form of assurance thereon. In connection with our audit of the financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the financial statements, or whether the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

We will also express an opinion on whether the City's combining and individual fund statements and the schedule of expenditures of federal awards ("supplementary information") is fairly stated, in all material respects, in relation to the financial statements as a whole.

We will complete the auditee portion of the Form SF-SAC (Data Collection Form) through the Federal Audit Clearinghouse. We will not make the submission on your behalf. You will review a draft of the submission prior to transmission and agree that you are solely responsible for approving the final draft for transmission as well as for the auditee submission and certification.

We will also provide you with the following nonattest services:

- Preparing a draft of the financial statements and related notes using TRS
- Proposing for your review and approval the adjusting entries related to the government wide conversion from modified accrual to full accrual accounting. Management is responsible for the propriety of the accrual adjustments
- Preparing a draft of the supplementary information, including the schedule of expenditures of federal awards
- The Reporting Solution – license
- The Reporting Solution – implementation assistance and training

You agree to assume all management responsibilities and to oversee the nonattest services we will provide by designating an individual possessing suitable skill, knowledge, and/or experience. You acknowledge that nonattest services are not covered under *Government Auditing Standards*. You are responsible for:

- Making all management decisions and performing all management functions
- Evaluating the adequacy and results of the services performed
- Accepting responsibility for the results of such services
- Designing, implementing, and maintaining internal controls, including monitoring ongoing activities

David Coleman, partner, is responsible for supervising the engagement and authorizing the signing of the report or reports.

We will issue a written report upon completion of our audit, addressed to the following parties:

Entity Name	**Party Name**
CITY OF BRYANT, ARKANSAS	City Council

You are responsible to distribute our reports to other officials who have legal oversight authority or those responsible for acting on audit findings and recommendations, and to others authorized to receive such reports.

The following apply for the audit services described above:

Our Responsibilities

We will conduct our audit in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the Uniform Guidance. Those standards require that we plan and perform:

- The audit of the financial statements to obtain reasonable rather than absolute assurance about whether the financial statements are free of material misstatement, whether caused by fraud or error
- The audit of compliance to obtain reasonable rather than absolute assurance about whether the entity(ies) complied with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each major federal award program

We will exercise professional judgment and maintain professional skepticism throughout the audit.

We will identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion.

We will obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances.

We will evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We will also conclude, based on audit evidence obtained, whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the entity's ability to continue as a going concern for a reasonable period of time.

We will identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the entity's compliance with compliance requirements subject to audit and performing such other procedures as the auditor considers necessary in the circumstances.

We will obtain an understanding of the entity's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance, regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that the auditor identified during the audit.

Limitations & Fraud

Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit that is planned and conducted in accordance with GAAS will always detect a material misstatement or material noncompliance with federal award programs when it exists. Misstatements, including omissions, can arise from fraud or error and are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements. Our responsibility as auditors is limited to the period covered by our audit and does not extend to any later periods for which we are not engaged as auditors.

The risk of not detecting a material misstatement or material noncompliance resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with compliance requirements is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the entity's compliance with the requirements of the federal programs as a whole.

Our understanding of internal control is not for the purpose of expressing an opinion on the effectiveness of your internal control. However, we will communicate to you in writing any significant deficiencies or material weaknesses in internal control relevant to the audit of the financial statements that we identify during the audit.

We are available to perform additional procedures with regard to fraud detection and prevention at your request, subject to completion of our normal engagement acceptance procedures. The actual terms and fees of such an engagement would

be documented in a separate contract to be signed by you and Forvis Mazars, LLP.

Opinion

Circumstances may arise in which our report may differ from its expected form and content based on the results of our audit. Depending on the nature of these circumstances, it may be necessary for us to modify our opinion, add an emphasis-of-matter paragraph or other-matter paragraph(s) to our auditor's report, or if necessary, decline to express an opinion or withdraw from the engagement.

If we discover conditions that may prohibit us from issuing a standard report, we will notify you. In such circumstances, further arrangements may be necessary to continue our engagement.

Your Responsibilities

Management and, if applicable, those charged with governance acknowledge and understand their responsibility for the accuracy and completeness of all information provided and for the following:

- **Audit Support** – to provide us with:
  - Unrestricted access to persons within the entity or within components of the entity (including management, those charged with governance, and component auditors) from whom we determine it necessary to obtain audit evidence
  - Information of which you are aware that is relevant to the preparation and fair presentation of the financial statements, including access to information relevant to disclosures
  - Information about events occurring or facts discovered subsequent to the date of the financial statements, of which management may become aware, that may affect the financial statements
  - Information about any known or suspected fraud affecting the entity involving management, employees with significant role in internal control, and others where fraud could have a material effect on the financials
  - Identification and provision of report copies of previous audits, attestation engagements, or other studies that directly relate to the objectives of the audit, including whether related recommendations have been implemented
  - Additional information that we may request for the purpose of the audit

- **Internal Control and Compliance** – for the:
  - Design, implementation, and maintenance of internal control relevant to compliance with laws and regulations and the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error
  - Alignment of internal control to ensure that appropriate goals and objectives are met; that management and financial information is reliable and properly reported; and that compliance with and identification of the laws, regulations, contracts, grants, or agreements (including any federal award programs) applicable to the entity's activities is achieved
  - Remedy, through timely and appropriate steps, of fraud and noncompliance with provisions of laws, regulations, contracts, or other agreements reported by the auditor
  - Establishment and maintenance of processes to track the status and address findings and recommendations of auditors

- **Accounting and Reporting** – for the:
  - Maintenance of adequate records, selection and application of accounting principles, and the safeguard of assets
  - Adjustment of the financial statements to correct material misstatements and confirmation to us in the representation letter that the effects of any uncorrected misstatements aggregated by us are immaterial, both individually and in the aggregate, to the financial statements taken as a whole
  - Preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America
  - Inclusion of the auditors' report in any document containing financial statements that indicates that such financial statements have been audited by us
  - Distribution of audit reports to any necessary parties

Required Supplementary Information

Accounting principles generally accepted in the United States of America provide for certain required supplementary information ("RSI") to accompany the basic financial statements. We understand the following RSI will accompany the basic financial statements:

1. Management's Discussion and Analysis ("MD&A")
2. Pension and Other Postemployment Benefit information

Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context.

Management is responsible for the fair presentation of the RSI. As part of our engagement, we will apply certain limited procedures to the RSI in GAAS. These limited procedures will consist of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements.

We will not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

With regard to any supplementary information that we are engaged to report on:

- Management is responsible for its preparation in accordance with applicable criteria
- Management will provide certain written representations regarding the supplementary information at the conclusion of our engagement
- Management will include our report on this supplementary information in any document that contains this supplementary information and indicates we have reported on the supplementary information
- Management will make the supplementary information readily available to intended users if it is not presented with the audited financial statements

Such information is:

- Presented for the purpose of additional analysis of the financial statements
- Not a required part of the financial statements
- The responsibility of management
- Subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the accounting and other records used to prepare the financial statements or the financial statements themselves, and other additional procedures in accordance with GAAS

Written Confirmations Required

As part of our audit process, we will request from management and, if applicable, those charged with governance written confirmation acknowledging certain responsibilities outlined in this contract and confirming:

- The availability of this information
- Certain representations made during the audit for all periods presented
- The effects of any uncorrected misstatements, if any, resulting from errors or fraud aggregated by us during the current engagement and pertaining to the latest period presented are immaterial, both individually and in the aggregate, to the financial statements taken as a whole

Peer Review Report

Government Auditing Standards require that we provide you with a copy of our most recent external peer review report and any letter of comment, and any subsequent peer review reports and letters of comment received during the period of the contract, upon request. If you would like a copy, please request from your engagement executive.

Scope of Services – The Reporting Solution License and Related Implementation Services and Training

We will provide access to and use of The Reporting Solution (TRS), which is a web-based Annual Comprehensive Financial Report (ACFR) preparation software for the year ended December 31, 2025. Forvis Mazars will assist with the ACFR building in TRS based upon your objectives and will provide certain limited training with respect to your use of TRS. Specifically, Forvis Mazars will:

ACFR Building

- Assist with assessing initial data available for use in TRS
- Assist with converting and importing initial data into TRS
- Assist with configuration of TRS
- Assist with formatting the ACFR
- Provide introductory training related to TRS

Ongoing Services

- Provide support related to questions and issues related to TRS
- Provide post-ACFR build training related to TRS
- Provide assistance in preparing the ACFR

The following apply for the TRS services described above:

End User License Agreement	Terms and conditions related to TRS are set forth in the attached End User License Agreement (EULA). The executed EULA is required for access and use of TRS.
Your Responsibilities	It is your responsibility to ensure that the appropriate level of due diligence related to the ACFR building in TRS in connection with this agreement has been performed. This includes determining whether TRS possesses the appropriate level of functionality and performance for your current and future needs.

The Reporting Solution End User License Agreement

Please read this document carefully because it explains the legal rights and obligations inherent to your ability to access and use The Reporting Solution

This End User License Agreement ("EULA") governs use of The Reporting Solution and any related, upgraded, or substitute for the web application, software, and services provided by or on behalf of **Forvis Mazars, LLP** ("Forvis Mazars") relating to preparation of certain financial reports ("Software"). By accessing and/or using the Software, you and the entity you are working for or on behalf of agree to be bound by the terms of this EULA, although this EULA does not abrogate any other contract or understanding regarding the Software and your relationship with Forvis Mazars, *e.g.*, a sales contract, purchase agreement, privacy policy, disclaimer, etc., relating to the Software and/or services provided by Forvis Mazars. This EULA is effective as of the first time the Software is accessed and it will remain in effect—in its current or any future amended form—for however long the Software is used or until another EULA is executed. Some of the obligations in this EULA survive and extend beyond the term of this EULA and/or the point in time after which you voluntarily or involuntarily stop accessing or using the Software.

1. License Grant

By providing credentials to access the Software, Forvis Mazars grants you a nonexclusive, nontransferable, non-sublicensable, limited right, and license to use the Software on compatible devices you own or control for preparation of financial reports for your entity in a single, given reporting year (the "License"). The rights granted under the License are subject to the terms of this EULA as well as any prior or future contract you have or may enter into with Forvis Mazars or that you may otherwise be explicitly or implicitly required to follow owing to your employment by or fiduciary or other duty of care owed to an entity doing business with Forvis Mazars. You (both personally and in any representative capacity you may or do have for a particular entity) may only make use of the License if you comply with all applicable terms, including but not limited to this EULA.

The Software is licensed, not sold, under this License. The License does not grant any title or ownership in the Software. Any individual accessing the Software is expressly representing that they have the authority and ability to act on behalf of an entity that possesses the ability to access and use the Software, and you and that entity will be jointly and severally responsible for any and all actions taken by an actor using credentials, irrespective of whether that person has the actual authority or ability to act on behalf of that entity.

2. Conditions & Restrictions on Use Pursuant to the License

You may not and will not do, attempt to do, or otherwise attempt to have anyone else do on your behalf or for your benefit any of the following with respect to the Software: (a) copy, reproduce, distribute (including via a network server), display, or use it in a way that is not expressly authorized by Forvis Mazars (either via this EULA or some other written instrument); (b) sell, rent, lease, license, distribute, transfer, or use it in a manner that actually or is reasonably likely to harm Forvis Mazars or its existing or future business prospects; (c) reverse engineer, derive source code from, modify, adapt, translate, decompile, or disassemble it or make derivative works based on it; (d) remove, disable, circumvent, or modify any security technology or proprietary notice or label included in it; (e) use it to infringe or violate the rights of any third party, including but not limited to any intellectual property, publicity, or privacy rights; (f) use, export, or re-export it in violation of any applicable law or regulation; or (g) deliberately or negligently access or use it in a manner that transmits or propagates any virus, Trojan horse, worm, bomb, and/or corrupted or malicious files or that otherwise threatens, defames, disparages, harasses, or endangers the integrity of any person or entity, the Software, Forvis Mazars' hardware and networks, the hardware and networks of any other user of the Software or other person or entity, and/or any data and information inherent to any of the same.

In the event you gain access to data or information of others and/or to functionality in the Software, either of which is beyond the scope or intent of the understanding by which credentials were originally granted to you, you will notify Forvis Mazars as soon as is reasonably practical. Further, you will not copy, alter, delete, use, or otherwise exploit such data, information, and/or functionality and, instead, will treat it with and use the highest degree of care necessary to protect its confidentiality. These obligations of notification and confidentiality will survive the termination of this EULA.

3. Disclaimers & Limitation of Liability

Except to the extent an explicit warranty or representation is made in a separate, written contract, the Software is provided on an "as is" and "as available" basis, "with all faults" and without warranty of any kind. Forvis Mazars, its licensors, its and their affiliates, successors, and assigns disclaim all warranties, conditions, common law duties, and representations (express, implied, oral, and written) with respect to the Software, including without limitation all express, implied, and statutory warranties and conditions of any kind. Without limiting the generality of the foregoing, Forvis Mazars, its licensors, its and their affiliates, successors, and assigns make no warranty that (1) that the operation of the Software or Services will be uninterrupted, bug free, or error free in any or all circumstances, or (2) that any defects in the Software or Services can or will be corrected. This paragraph will apply to the maximum extent permitted by applicable law.

To the maximum extent permitted by applicable law, neither Forvis Mazars, nor its licensors, nor its or their affiliates, nor any of Forvis Mazars' agents or service providers (collectively, the "Forvis Mazars Parties"), shall be liable in any way for any loss of profits or any indirect, incidental,

consequential, special, punitive, or exemplary damages, arising out of or in connection with this Agreement or the Software. Further, to the maximum extent permitted by applicable law and in the absence of any contrary written agreement, the aggregate liability of the Forvis Mazars Parties arising out of or in connection with this EULA will not exceed the total amounts you have paid to Forvis Mazars for the Software. These limitations and exclusions regarding damages apply even if any remedy fails to provide adequate compensation. For the avoidance of any doubt, these provisions shall survive termination or expiration of this EULA.

4. Indemnity

You are responsible for any damage caused to Forvis Mazars and/or any other person or entity that has a right to use the Software and was harmed as a result of your violation of this EULA.

YOU HEREBY AGREE TO DEFEND, INDEMNIFY, AND KEEP INDEMNIFIED Forvis Mazars AGAINST ANY CLAIM OR ALLEGED CLAIMS, LIABILITIES, LOSSES, DAMAGES, AND ALL COSTS (INCLUDING LAWYERS' FEES), DIRECTLY OR INDIRECTLY ATTRIBUTABLE TO YOUR FAULT AND/OR RESULTING FROM (A) A VIOLATION OF ANY PROVISION OF THIS EULA OR (B) YOUR MISUSE OF THE SOFTWARE. For the avoidance of any doubt, this provision shall survive termination or expiration of this EULA.

5. Termination

This EULA will terminate concurrently according to the understanding by which credentials were originally granted for access and use of the Software. Forvis Mazars reserves the right to terminate this EULA, without cause, with at least 30 days' written notice to you. Forvis Mazars may immediately terminate this EULA if it reasonably concludes that doing so is warranted under the circumstances due to unlawful use or failure to pay.

6. Changes to this EULA by Forvis Mazars

Forvis Mazars reserves the right, in its sole and absolute discretion, to revise, supplement, and/or delete certain terms of this EULA for security, legal, best practice, or regulatory reasons, provided that any such revisions, supplements, and/or deletions do not contravene any separate written agreement between you and Forvis Mazars. Such changes will be effective with or, as applicable, without prior notice to you. You can review the most current version of this EULA in the Software or by requesting the same from Forvis Mazars. You are responsible for checking this EULA periodically for changes. Your continued use of the Product following any revision to this EULA constitutes your acceptance of any and all such changes.

7. Other Terms

This Agreement and any document or information referred to in this EULA constitute the entire agreement between you and Forvis Mazars relating to the subject matter covered by this EULA. All other communications, proposals, and representations with respect to the subject matter covered by this EULA are excluded and, instead, must be memorialized in a separate written agreement executed by an authorized representative of each party involved.

If any court of competent jurisdiction or competent authority finds that any provision of this EULA is invalid, illegal, or unenforceable, that provision will be, to the extent required, deemed to be deleted, and the validity and enforceability of the other provisions of this EULA will not be affected. If any invalid, unenforceable, or illegal provision of this EULA would be valid, enforceable, and legal if some part of it were deleted, the provision will apply with the minimum modification necessary to make it legal, valid, and enforceable to reflect the intent of this EULA.

Any action by Forvis Mazars to exercise, or its failure or delay in exercising, any of its rights under this Agreement will not be deemed a waiver of those or any other rights or remedies available in contract, at law, or in equity.

You agree that this Agreement does not confer any rights or remedies on any person other than the parties to this Agreement, except as expressly stated.

To the extent permitted by applicable law, this EULA, and any disputes or claims arising out of or in connection with it, or its subject matter or formation (including noncontractual disputes or claims) are governed by and construed in accordance with the laws of the United States and the State of Texas, without giving effect to any principles of conflicts of laws. This EULA shall not be governed by the United Nations Conventions of Contracts for the International Sale of Goods, the application of which is hereby expressly excluded from any interpretation of this EULA.

Forvis Mazars' obligations are subject to existing laws and legal process, and Forvis Mazars may comply with law enforcement or regulatory requests or requirements despite any contrary term in this Agreement.

IN WITNESS WHEREOF, the Parties hereto have executed this Agreement as of the Effective Date.

Forvis Mazars, LLP Terms and Conditions Addendum

GENERAL

1. **Overview.** This addendum describes **Forvis Mazars, LLP's** standard terms and conditions ("Terms and Conditions") applicable to Our provision of services to the Client ("You"). The Terms and Conditions are a part of the contract between You and Forvis Mazars, LLP. For the purposes of the Terms and Conditions, any reference to "Firm," "We," "Us," or "Our" is a reference to Forvis Mazars, LLP ("Forvis Mazars"), and any reference to "You" or "Your" is a reference to the party or parties that have engaged Us to provide services and the party or parties ultimately responsible for payment of Our fees and costs.

BILLING, PAYMENT, & TERMINATION

2. **Billing and Payment Terms.** We will bill You for Our professional fees and costs as outlined in Our contract. Unless otherwise provided in Our contract, payment is due upon receipt of Our billing statement. Interest will be charged on any unpaid balance after 30 days at the rate of 10 percent per annum, or as allowed by law at the earliest date thereafter, and highest applicable rate if less than 10 percent. All fees, charges, and other amounts payable to Forvis Mazars hereunder do not include any sales, use, excise, value-added, or other applicable taxes, tariffs, or duties, payment of which shall be Your sole responsibility, and do not include any applicable taxes based on Forvis Mazars' net income or taxes arising from the employment or independent contractor relationship between Forvis Mazars and Forvis Mazars' personnel.

   We reserve the right to suspend or terminate Our work for this engagement or any other engagement for nonpayment of fees. If Our work is suspended or terminated, You agree that We will not be responsible for Your failure to meet governmental and other deadlines, for any penalties or interest that may be assessed against You resulting from Your failure to meet such deadlines, and for any other damages (including but not limited to consequential, indirect, lost profits, or punitive damages) incurred as a result of the suspension or termination of Our services.

   Our fees may increase if Our duties or responsibilities are increased by rulemaking of any regulatory body or any additional new accounting or auditing standards. Our engagement fees do not include any time for post-engagement consultation with Your personnel or third parties, consent letters and related procedures for the use of Our reports in offering documents, inquiries from regulators, or testimony or deposition regarding any subpoena. Charges for such services will be billed separately.
3. **Billing Records.** If these services are determined to be within the scope and authority of Section 1861(v)(1)(I) of the Social Security Act, We agree to make available to the Secretary of Health and Human Services, or to the U.S. Comptroller General, or any of their duly authorized representatives, such of Our books, documents, and records that are necessary to certify the nature and extent of Our services, until the expiration of four (4) years after the furnishing of these services. This contract allows access to contracts of a similar nature between subcontractors and related organizations of the subcontractor, and to their books, documents, and records.
4. **Termination.** Either party may terminate these services in good faith at any time for any reason, including Your failure to comply with the terms of Our contract or as We determine professional standards require. Both parties must agree, in writing, to any future modifications or extensions. If services are terminated, You agree to pay Forvis Mazars for time expended to date. In addition, You will be billed costs and fees for services from other professionals, if any, as well as an administrative fee of five (5) percent to cover certain technology and administrative costs associated with Our services. Unless terminated sooner in accordance with its terms, this engagement shall terminate upon the completion of Forvis Mazars' services hereunder.

DISPUTES & DISCLAIMERS

5. **Mediation.** Any dispute arising out of or related to this engagement will, prior to resorting to litigation, be submitted for nonbinding mediation upon written request by either party. Both parties agree to try in good faith to settle the dispute in mediation. The mediator will be selected by agreement of the parties. The mediation proceeding shall be confidential. Each party will bear its own costs in the mediation, but the fees and expenses of the mediator will be shared equally.

6. **Indemnification.** Unless disallowed by law or applicable professional standards, You agree to hold Forvis Mazars harmless from any and all claims which arise from knowing misrepresentations to Forvis Mazars, or the intentional withholding or concealment of information from Forvis Mazars by Your management or any partner, principal, shareholder, officer, director, member, employee, agent, or assign of Yours. You also agree to indemnify Forvis Mazars for any claims made against Forvis Mazars by third parties, which arise from any wrongful actions of Your management or any partner, principal, shareholder, officer, director, member, employee, agent, or assign of Yours. The provisions of this paragraph shall apply regardless of the nature of the claim.

7. **Statute of Limitations.** You agree that any claim or legal action arising out of or related to this contract and the services provided hereunder shall be commenced no more than one (1) year from the date of delivery of the work product to You or the termination of the services described herein (whichever is earlier), regardless of any statute of limitations prescribing a longer period of time for commencing such a claim under law. This time limitation shall apply regardless of whether Forvis Mazars performs other or subsequent services for You. A claim is understood to be a demand for money or services, demand for mediation, or the service of suit based on a breach of this contract or the acts or omissions of Forvis Mazars in performing the services provided herein. This provision shall not apply if enforcement is disallowed by applicable law or professional standards.

8. **Limitation of Liability.** You agree that Forvis Mazars' liability, if any, arising out of or related to this contract and the services provided hereunder, shall be limited to the amount of the fees paid by You for services rendered under this contract. This limitation shall not apply to the extent it is finally, judicially determined that the liability resulted from the intentional or

willful misconduct of Forvis Mazars or if enforcement of this provision is disallowed by applicable law or professional standards.

9. **Waiver of Certain Damages.** In no event shall Forvis Mazars be liable to You or a third party for any indirect, special, consequential, punitive, or exemplary damages, including but not limited to lost profits, loss of revenue, interruption, loss of use, damage to goodwill or reputation, regardless of whether You were advised of the possibility of such damages, regardless of whether such damages were reasonably foreseeable, and regardless of whether such damages arise under a theory of contract, tort, strict liability, or otherwise.

10. **Choice of Law.** You acknowledge and agree that any dispute arising out of or related to this contract shall be governed by the laws of the State of Texas, without regard to its conflict of laws principles.

11. **WAIVER OF JURY TRIAL. THE PARTIES HEREBY AGREE NOT TO ELECT A TRIAL BY JURY OF ANY ISSUE TRIABLE OF RIGHT BY JURY, AND WAIVE ANY RIGHT TO TRIAL BY JURY FULLY TO THE EXTENT THAT ANY SUCH RIGHT SHALL NOW OR HEREAFTER EXIST WITH REGARD TO THIS AGREEMENT, OR ANY CLAIM, COUNTERCLAIM, OR OTHER ACTION ARISING IN CONNECTION THEREWITH. THIS WAIVER OF RIGHT TO TRIAL BY JURY IS GIVEN KNOWINGLY AND VOLUNTARILY BY THE PARTIES, AND IS INTENDED TO ENCOMPASS INDIVIDUALLY EACH INSTANCE AND EACH ISSUE AS TO WHICH THE RIGHT TO A TRIAL BY JURY WOULD OTHERWISE ACCRUE.**

12. **Severability.** In the event that any term or provision of this agreement shall be held to be invalid, void, or unenforceable, then the remainder of this agreement shall not be affected, and each such term and provision of this agreement shall be valid and enforceable to the fullest extent permitted by law.

13. **Assignment.** You acknowledge and agree that the terms and conditions of this contract shall be binding upon and inure to the parties' successors and assigns, subject to applicable laws and regulations.

14. **Disclaimer of Legal or Investment Advice.** Our services do not constitute legal or investment advice. You should seek the advice of legal counsel in such matters. Regulatory authorities may interpret circumstances differently than We do. In addition, the applicable laws, regulations, and regulators' enforcement activities may change over time.

RECORDS, WORKPAPERS, DELIVERABLES, & PROPRIETARY INFORMATION

15. **Maintenance of Records.** You agree to assume full responsibility for maintaining Your original data and records and that Forvis Mazars has no responsibility to maintain this information. You agree You will not rely on Forvis Mazars to provide hosting, electronic security, or backup services, *e.g.*, business continuity or disaster recovery services, to You unless separately engaged to do so. You understand that Your access to data, records, and information from Forvis Mazars' servers, *i.e.*, Forvis Mazars portals used to exchange information, can be terminated at any time and You will not rely on using this to host Your data and records.

16. **Forvis Mazars Workpapers.** Our workpapers and documentation retained in any form of media for this engagement are the property of Forvis Mazars. We can be compelled to provide information under legal process. In addition, We may be requested by regulatory or enforcement bodies (including any State Board) to make certain workpapers available to them pursuant to authority granted by law or regulation. Unless We are prohibited from doing so by law or regulation, Forvis Mazars will Inform You of any such legal process or request. You agree We have no legal responsibility to You in the event We determine We are obligated to provide such documents or information.

17. **Subpoenas or Other Legal Process.** In the event Forvis Mazars is required to respond to any such subpoena, court order, or any government regulatory inquiry or other legal process relating to You or Your management for the production of documents and/or testimony relative to information We obtained or prepared incident to this or any other engagement in a matter in which Forvis Mazars is not a party, You shall compensate Forvis Mazars for all time We expend in connection with such response at normal and customary hourly rates and to reimburse Us for all out-of-pocket expenses incurred in regard to such response.

18. **Use of Deliverables and Drafts.** You agree You will not modify any deliverables or drafts prepared by Us for internal use or for distribution to third parties. You also understand that We may on occasion send You documents marked as draft and understand that those are for Your review purpose only, should not be distributed in any way, and should be destroyed as soon as possible.

    Our report on any financial statements must be associated only with the financial statements that were the subject of Our engagement. You may make copies of Our report, but only if the entire financial statements (exactly as attached to Our report, including related footnotes) and any supplementary information, as appropriate, are reproduced and distributed with Our report. You agree not to reproduce or associate Our report with any other financial statements, or portions thereof, that are not the subject of Our engagement.

19. **Proprietary Information.** You acknowledge that proprietary information, documents, materials, management techniques, and other intellectual property are a material source of the services We perform and were developed prior to Our association with You. Any new forms, software, documents, or intellectual property We develop during this engagement for Your use shall belong to Us, and You shall have the limited right to use them solely within Your business. All reports, templates, manuals, forms, checklists, questionnaires, letters, agreements, and other documents which We make available to You are confidential and proprietary to Us. Neither You, nor any of Your agents, will copy, electronically store, reproduce, or make any such documents available to anyone other than Your personnel. This provision will apply to all materials whether in digital, "hard copy" format, or other medium.

REGULATORY

20. **U.S. Securities and Exchange Commission ("SEC") and other Regulatory Bodies.** Where We are providing services either for (a) an entity that is registered with the SEC, (b) an affiliate of such registrant, or (c) an entity or affiliate that is subject to rules, regulations, or standards beyond those of the American Institute of Certified Public Accountants ("AICPA"), any term of this contract that would be prohibited by or impair Our independence under applicable law or regulation shall not apply to the extent necessary only to avoid such prohibition or impairment.

21. **Offering Document.** You may wish to include Our report(s) on financial statements in an exempt offering document. You agree that any report, including any auditor's report, or reference to Our firm, will not be included in any such offering document without notifying Us. Any agreement to perform work in connection with an exempt offering document, including providing agreement for the use of the auditor's report in the exempt offering document, will be a separate engagement.

    Any exempt offering document issued by You with which We are not involved will clearly indicate that We are not involved by including a disclosure such as, "Forvis Mazars, LLP, our independent auditor, has not been engaged to perform and has not performed, since the date of its report included herein, any procedures on the financial statements addressed in that report. Forvis Mazars, LLP also has not performed any procedures relating to this offering document."

22. **Forvis Mazars Not a Municipal Advisor.** Forvis Mazars is not acting as Your municipal advisor under Section 15B of the *Securities Exchange Act of 1934*, as amended. As such, Forvis Mazars is not recommending any action to You and does not owe You a fiduciary duty with respect to any information or communications regarding municipal financial products or the issuance of municipal securities. You should discuss such matters with internal or external advisors and experts You deem appropriate before acting on any such information or material provided by Forvis Mazars.

23. **Forvis Mazars Not a Fiduciary.** In providing Our attest services, We are required by law and our professional standards to maintain our independence from You. We take this mandate very seriously and thus guard against impermissible relationships which may impair the very independence which You and the users of Our report require. As such, You should not place upon Us special confidence that in the performance of Our attest services We will act solely in Your interest. Therefore, You acknowledge and agree We are not in a fiduciary relationship with You and We have no fiduciary responsibilities to You in the performance of Our services described herein.

TECHNOLOGY

24. **Electronic Sites.** You agree to notify Us if You desire to place Our report(s), including any reports on Your financial statements, along with other information, such as a report by management or those charged with governance on operations, financial summaries or highlights, financial ratios, etc., on an electronic site. You recognize that We have no responsibility to review information contained in electronic sites.

25. **Electronic Signatures and Counterparts.** This contract and other documents to be delivered pursuant to this contract may be executed in one or more counterparts, each of which will be deemed to be an original copy and all of which, when taken together, will be deemed to constitute one and the same agreement or document, and will be effective when counterparts have been signed by each of the parties and delivered to the other parties. Each party agrees that the electronic signatures, whether digital or encrypted, of the parties included in this contract are intended to authenticate this writing and to have the same force and effect as manual signatures. Delivery of a copy of this contract or any other document contemplated hereby, bearing an original manual or electronic signature by facsimile transmission (including a facsimile delivered via the internet), by electronic mail in "portable document format" (".pdf") or similar format intended to preserve the original graphic and pictorial appearance of a document, or through the use of electronic signature software, will have the same effect as physical delivery of the paper document bearing an original signature.

26. **Electronic Data Communication and Storage.** In the interest of facilitating Our services to You, We may send data over the internet, temporarily store electronic data via computer software applications hosted remotely on the internet, or utilize cloud-based storage. Your confidential electronic data may be transmitted or stored using these methods. In using these data communication and storage methods, We employ measures designed to maintain data security. We use reasonable efforts to keep such communications and electronic data secure in accordance with Our obligations under applicable laws, regulations, and professional standards.

    You recognize and accept that We have no control over the unauthorized interception or breach of any communications or electronic data once it has been transmitted or if it has been subject to unauthorized access while stored, notwithstanding all reasonable security measures employed by Us. You consent to Our use of these electronic devices and applications during this engagement.

OTHER MATTERS

27. **Cooperation.** You agree to cooperate with Forvis Mazars in the performance of Forvis Mazars' services to You, including the provision to Forvis Mazars of reasonable facilities and timely access to Your data, information, and personnel. You shall be responsible for the performance of Your employees and agents.

28. **Third-Party Service Providers.** Forvis Mazars may from time to time utilize third-party service providers, including but not limited to domestic software processors or legal counsel, or disclose confidential information about You to third-party service providers in serving Your account. Forvis Mazars maintains, however, internal policies, procedures, and safeguards to protect the confidentiality and security of Your information. In addition, Forvis Mazars will secure confidentiality agreements with all service providers to maintain the confidentiality of Your information. If We are unable to

secure an appropriate confidentiality agreement, You will be asked to consent prior to Forvis Mazars sharing Your confidential information with the third-party service provider.

29. **Independent Contractor.** When providing services to You, We will be functioning as an independent contractor; and in no event will We or any of Our employees be an officer of You, nor will Our relationship be that of joint venturers, partners, employer and employee, principal and agent, or any similar relationship giving rise to a fiduciary duty to You. Decisions regarding management of Your business remain the responsibility of Your personnel at all times. Neither You nor Forvis Mazars shall act or represent itself, directly or by implication, as an agent of the other or in any manner assume or create any obligation on behalf of, or in the name of, the other.

30. **Hiring of Forvis Mazars Personnel.** We ask that You respect the employment relationship that Our personnel have with Our firm and to refrain from any employment offers to Forvis Mazars personnel. However, if You find it necessary to make an offer of employment and if it is accepted, during the term of this engagement and for a period of 18 months after Forvis Mazars stops providing services, You agree that We will be paid a one-time employment fee equal to 100 percent of the employee's highest annual salary. This fee will be payable prior to Our personnel commencing employment with You. Provided, however, You shall not be in violation of the nonsolicitation covenant set forth herein with respect to any position You advertise in the form of a general solicitation not delivered to or focused upon any single individual.

31. **Use of Forvis Mazars Name.** Any time You intend to reference Forvis Mazars' firm name in any manner in any published materials, including on an electronic site, You agree to provide Us with draft materials for review and approval before publishing or posting such information.

32. **Network.** Forvis Mazars, LLP is a Delaware limited liability partnership and an independent member of Forvis Mazars Global Ltd., a leading global professional services network. Forvis Mazars Global Ltd. is a United Kingdom company limited by guarantee and does not provide any services to clients.

33. **Entire Agreement.** The contract, including this Terms and Conditions Addendum and any other attachments or addenda, encompasses the entire agreement between You and Forvis Mazars and supersedes all previous understandings and agreements between the parties, whether oral or written. Any modification to the terms of this contract must be made in writing and signed by both You and Forvis Mazars.

34. **Force Majeure.** We shall not be held responsible for any failure to fulfill Our obligations if such failure was caused by circumstances beyond Our control, including, without limitation, fire or other casualty, act of God, act of terrorism, strike or labor dispute, war or other violence, explosion, flood or other natural catastrophe, epidemic or pandemic, or any law, order, or requirement of any governmental agency or authority affecting either party, including without limitation orders incident to any such epidemic or pandemic, lockdown orders, stay-at-home orders, and curfews.

An example of a current year PO is 2025009999 for work to be completed in 2025. THE CITY will not be charged additional work for troubleshooting issues related to the scope of services during normal working hours. Downtimes are to be scheduled and kept to an absolute minimum. All repairs shall be completed in accordance with the highest standards of the industry, skill, workmanship, applicable trade practices, meet warranties and in conformance with all applicable laws, codes and regulations.

Emergency call out service: Emergency call out services are not required of THE CONTRACTOR

Liabilities: THE CONTRACTOR shall hold THE CITY, its officers, elected officials, agents, servants, and employees, harmless from liability of any nature or kind because of use of any copyrighted or un-copyrighted composition, secret, process, patented or unpatented invention, articles or appliances furnished or used under this proposal, and agrees to defend, at his own expense, any and all actions brought against THE CITY because of the unauthorized use of such articles.

Accidents: THE CONTRACTOR will report to THE CITY's designated representative any and all accidents involving any property damage or personal injury immediately following said accident or discovery of accident damage. THE CITY shall be indemnified and held harmless for each accident.

Damages: THE CONTRACTOR and his/her staff will be responsible to protect spaces and finishes and clean up all debris and wipe down surfaces and/or vacuum to leave the space in the same condition as it was prior to starting repairs or conducting maintenance or inspections. THE CONTRACTOR will be responsible for all damages to the facility or contents caused by THE CONTRACTOR or their staff during the performance of their duties.

Qualifications of THE CONTRACTOR: THE CONTRACTOR may be required, before the award, to show to the complete satisfaction of THE CITY that it has the necessary facilities, ability, and financial resources to provide the service or goods specified. In order to perform

work within the Police Department, vendor must have employees complete CJIS training and pass a background check.

Personnel: It is THE CONTRACTOR's responsibility to provide qualified and appropriate level of on-site staffing as needed, provide appropriate tools and vehicles necessary to accomplish all duties outlined in the scope of service during normal hours or after normal working hours. THE CONTRACTOR's services are to be compliant with all Federal, State, CARB, AQMD, OSHA and all other applicable regulatory requirements. Proof of training and qualifications shall be made available within 1 week upon request or the individual(s) removed from the site.

THE CONTRACTOR is expected to use staff that would pass standard security checks for all personnel assigned to work under this contract. THE CITY reserves the right to approve/refuse any employees. If required, THE CONTRACTOR may be required to provide proof of a background check within 1 week upon request or the individual(s) must be removed from the site.

Subcontracting: No portion of the work covered by these specifications may be subcontracted

Tools and Equipment: THE CONTRACTOR shall furnish and maintain all equipment necessary for the scope of services to be provided. THE CITY reserves the right to inspect equipment to be used to perform services under this contract. Any equipment determined to be in poor condition must be replaced immediately, at THE CONTRACTOR's expense. Failure to provide suitable equipment for carrying out all requirements of this contract may be grounds for termination.

Acceptance of Terms: All terms and conditions in this contract are deemed to be accepted by THE CONTRACTOR and incorporated in the contract, except the provision(s) which are expressly excluded by the contract specifications.

Annual Engagement Letter: In accordance with its professional standards established by the American Institute of Certified Professional Accountants (AICPA), THE CONTRACTOR will issue an Annual Engagement Letter to THE CITY each year, which shall be signed by both parties and incorporated into this agreement as if set forth herein. However, if any provision in this Contract which conflicts with a provision in Annual Engagement Letter, this Contract shall govern.

First, I want to thank the committee for their time and effort in creating a conversation about municipal funding that has been very helpful. The past few months I've had the opportunity to hear from the committee, pastors, business leaders, and residents that have been very enlightening when considering our path forward. It's important to note that our discussions about funding are not being had because the city of Bryant is in financial distress. The City of Bryant is in an excellent financial position. The creation of this committee was to help ensure we are prepared for future growth and infrastructure upgrades–particularly stormwater improvements, public safety funding, and street maintenance.
That being said I would ask the Municipal Funding Committee to make the following recommendations to the City Council.

- Seek to lower fees that directly increase water, sewer, and stormwater fees.
- Do not increase property taxes
- Pursue a sales tax initiative to help spread the cost of city services and infrastructure improvements to non-residents who also use and benefit from them.

If a sales tax initiative is pursued, it should:

- Be fully vetted through public input to build transparency and trust.
- Receive unified support from city leadership.
- Be clearly communicated to the public, with extensive education efforts to ensure voters understand exactly what they are funding and how those dollars will be used

If a sales tax initiative is the desire of the council the 2050 Comprehensive Planning Process could serve as the vehicle for developing and determining the details of a potential sales tax initiative. I believe such an initiative could be placed on the ballot in the future.

Furthermore, I recommend that no new fees or increases to property taxes be enacted until this process is complete and voters have had the opportunity to decide on a sales tax initiative.

Finally, I would ask members of this committee to make themselves available to assist the City Council throughout the comprehensive planning process, whether by serving on a steering committee or any other capacity that may be helpful.

ITEM HISTORY (Previous Council reviews, action related to this item, and other pertinent history)

The proposed rate study has been reviewed at WSAC regular & special meeting, planning commission, community engagement committee, and a meeting with business leaders. Ryan Bowman with Friday Firm along with staff have drafted/reviewed these ordinances.

ITEM COMMENTARY (Background discussion, key points, recommendations, etc.) Please identify any or all impacts this proposed action would have on the City budget, personnel resources, and/or residents.

This ordinance reflects the rates that were proposed in our recently completed Water/Wastewater Rate Study. The water rates are scheduled to increase by 9% each year for the next 5 years. Act 605 requires a rate study to be completed by a third party every 5 years, and they require the implementation of full cost pricing meaning we must have rates that provide us with adequate revenue to continue operating the system at the current level of service as well as completing our Council adopted Water Capital Improvement Plan. Our last rate ordinance was passed in 2021 as Ordinance 2021-06.

(This section to be completed by the Mayor)

ACTION PROPOSED (Motion for Consideration)

Complete a first reading of proposed ordinance in September, allow for public hearing to be held during October's Council meeting, and adopt the ordinance as proposed in October to ensure adequate time for Natural Resources Division to review/approve and proper budgeting to occur before rates go into effect January 1, 2026.

ORDINANCE NO. _____

AN ORDINANCE FIXING RATES FOR SERVICES RENDERED BY THE WATER FACILITIES OF THE WATER AND SEWER SYSTEM OF THE CITY OF BRYANT, ARKANSAS; AND PRESCRIBING OTHER MATTERS RELATING THERETO.

WHEREAS, the City of Bryant, Arkansas (the "City") owns and operates a water and sewer system (the "System"); and

WHEREAS, in order to comply with Act 605 of 2021, the City Council has determined that the rates charged for water services of the System should be increased;

NOW, THEREFORE, BE IT ORDAINED by the City Council of the City of Bryant, Arkansas:

Section 1. The following monthly rates and charges, which the City Council hereby finds and declares are fair, reasonable and necessary rates, are hereby fixed as rates to be charged for water services to be rendered by the System.

Monthly Water Rates. (a) For water service between January 1, 2026 and December 31, 2026, the amount to be paid by each customer shall be computed on the basis of the following schedule of rates:

All consumption in excess of 2,000 gallons: $0.985 per 100 gallons

(e) For water service between January 1, 2030 and December 31, 2030, the amount to be paid by each customer shall be computed on the basis of the following schedule of rates:

January 1, 2030 - December 31, 2030

For the first 2,000 gallons of water consumption per month or portion thereof:

Meter Size	*Minimum Charge*
5/8"	$ 22.36
1"	33.54
1 1/2"	55.90
2"	111.78
3"	178.85
4"	335.36
6"	1,117.86

All consumption in excess of 2,000 gallons: $1.074 per 100 gallons

(f) The rates in (e) above shall be increased by 5% on January 1, 2031 and on each January 1 thereafter.

(g) Customers receiving water services to locations outside of City limits will be charged double the prevailing minimum charge.

(h) Each customer 65 years and older, with verification of age, shall receive a senior citizen discount of three dollars and eighty-one cents ($3.81), which shall be deducted from the monthly water bill.

(i) If the City determines that it is necessary to purchase from any secondary water provider, customers will be charged an additional surcharge of $0.04 per 100 gallons of water consumption, in addition to the then-prevailing water rates, for the month in which the City purchases from said secondary provider.

Section 2. (a) On or before June 30, 2029 and on or before June 30 of each fifth (5th) year thereafter, the City shall engage a duly qualified rate analyst not in the regular employ of the City (an "Analyst") to review the then current water and sewer rates and make recommendations as to whether any rate increases are necessary to produce revenues sufficient to pay debt service on outstanding bonds secured by System revenues ("System Bonds"), provide an adequate depreciation fund, pay the costs of operating and maintaining the System and meet any required bond covenants for the ensuing fiscal year.

(b) Beginning in 2026, the City, on or before June 30 of each year that an Analyst is not engaged pursuant to subsection (a) above, shall review the then current water and sewer rates to determine whether any rate increases are necessary to produce revenues sufficient to pay debt service on outstanding System Bonds, provide an adequate depreciation fund, pay the costs of operating and maintaining the System and meet any required bond covenants for the ensuing fiscal year.

Section 3. None of the water services afforded by the System shall be furnished without a charge being made therefore. Any multi-unit that has installed a master meter will pay the Minimum Charge on each unit plus usage shown on the master meter.

Section 4. The provisions of this Ordinance are separable and if a section, phrase or provision shall be declared invalid, such declaration shall not affect the validity of the remainder of this Ordinance.

Section 5. All ordinances and resolutions and parts thereof in conflict herewith are hereby repealed to the extent of such conflict.

ITEM HISTORY (Previous Council reviews, action related to this item, and other pertinent history)

The proposed rate study has been reviewed at WSAC regular & special meeting, planning commission, community engagement committee, and a meeting with business leaders. Ryan Bowman with Friday Firm along with staff have drafted/reviewed these ordinances.

ITEM COMMENTARY (Background discussion, key points, recommendations, etc.) Please identify any or all impacts this proposed action would have on the City budget, personnel resources, and/or residents.

This ordinance reflects the rates that were proposed in our recently completed Water/Wastewater Rate Study. The wasterwater rates are scheduled to increase by 6% for 3 years followed by 2% the next 2 years. Act 925 requires the implementation of full cost pricing meaning we must have rates that provide us with adequate revenue to continue operating the system at the current level of service as well as completing our Council adopted Wastewater Capital Improvement Plan. Our last rate ordinance was passed in 2021 as Ordinance 2021-07. This ordinance also includes the Monthly Infrastructure Fee so fees/rates are easily trackable.

(This section to be completed by the Mayor)

ACTION PROPOSED (Motion for Consideration)

Complete a first reading of proposed ordinance in September, allow for public hearing to be held during October's Council meeting, and adopt the ordinance as proposed in October to ensure adequate time for Natural Resources Division to review/approve and proper budgeting to occur before rates go into effect January 1, 2026.

For the first 2,000 gallons of water consumption per month or portion thereof	$25.15 (minimum charge)
All water consumption in excess of 2,000 gallons	$1.341 per 100 gallons

(e) For sewer service between January 1, 2030 and December 31, 2030, the amount to be paid by each customer shall be computed on the basis of the following schedule of rates:

January 1, 2030 - December 31, 2030

For the first 2,000 gallons of water consumption per month or portion thereof	$25.65 (minimum charge)
All water consumption in excess of 2,000 gallons	$1.368 per 100 gallons

(f) The rates in (e) above shall be increased by 5% on January 1, 2031 and on each January 1 thereafter.

(g) Customers receiving sewer services to locations outside of City limits will be charged double the prevailing minimum charge.

(h) Each customer 65 years and older, with verification of age, shall receive a senior citizen discount of three dollars and eighty-one cents ($3.81), which shall be deducted from the monthly sewer bill.

(i) Customers receiving sewer services that require grinder pumps permitted, operated and maintained by the City will be charged a flat monthly surcharge in the amount of $12.95 in addition to charges for sewer usage.

Section 2. (a) On or before June 30, 2029 and on or before June 30 of each fifth (5th) year thereafter, the City shall engage a duly qualified rate analyst not in the regular employ of the City (an "Analyst") to review the then current water and sewer rates and make recommendations as to whether any rate increases are necessary to produce revenues sufficient to pay debt service on outstanding bonds secured by System revenues ("System Bonds"), provide an adequate depreciation fund, pay the costs of operating and maintaining the System and meet any required bond covenants for the ensuing fiscal year.

(b) Beginning in 2026, the City, on or before June 30 of each year that an Analyst is not engaged pursuant to subsection (a) above, shall review the then current water and sewer rates to determine whether any rate increases are necessary to produce revenues sufficient to pay debt service on outstanding System Bonds, provide an adequate depreciation fund, pay the costs of operating and maintaining the System and meet any required bond covenants for the ensuing fiscal year.

Section 3. None of the sewer services afforded by the System shall be furnished without a charge being made therefore. Any multi-unit that has installed a master meter will pay the Minimum Charge on each unit plus usage shown on the master meter.

Section 4. (a) All customers of the System shall be charged a monthly fee (the "System Infrastructure Fee") to be used solely for the repayment of System Bonds. The System Infrastructure Fee will be paid by all customers regardless of the amount of water used or wastewater discharged. All revenues derived from the System Infrastructure Fee shall be used solely for payment of debt service (principal, interest, and trustee fees and expenses) of System Bonds.

(b) The monthly System Infrastructure Fee for each mobile home, with or without a separate water meter, shall be as set forth in subsection (i) below.

(c) The monthly System Infrastructure Fee for each apartment, residential dwelling unit, with or without a separate water meter, shall be as set forth in subsection (i) below.

(d) The monthly System Infrastructure Fee for each new residential dwelling unit of any type, with or without a separate water meter, shall be as set forth in subsection (i) below.

(e) The monthly System Infrastructure Fee for each health care facility shall be based on meter size as set forth in subsection (j) below.

(f) The monthly System Infrastructure Fee for each State funded facility shall be based on meter size as set forth in subsection (j) below.

(g) The monthly System Infrastructure Fee for commercial establishments ("Commercial Establishments") shall be based on meter size as set forth in subsection (j) below. Any additional unit without a separate water meter ("Additional Unit") shall be an amount set forth in subsection (i) below.

(h) The monthly System Infrastructure Fee for all other customers will be based on meter size as set forth in subsection (j) below.

(i) The System Infrastructure Fee for customers in subsections (b), (c), (d) and (g) with respect to Additional Units shall be as follows:

(1) January 1, 2026 – December 31, 2026: $10.00
(2) January 1, 2027 – December 31, 2027: $10.50
(3) January 1, 2028 – December 31, 2028: $11.03
(4) January 1, 2029 – December 31, 2029: $11.58
(5) January 1, 2030 – December 31, 2030: $12.16
(6) On and after January 1, 2031: 5% annual increase

(j) The System Infrastructure Fee for customers in subsections (e), (f), (g) with respect to Commercial Establishments and (h) shall be based on meter size as follows:

(This section to be completed by the Mayor)

ACTION PROPOSED (Motion for Consideration)

Proposal to approved policies and procedures for obtaining commercial drivers license through the City of Bryant.

RESOLUTION NO. 2025-____

A RESOLUTION ADOPTING POLICY AND PROCEDURES FOR OBTAINING COMMERCIAL DRIVERS LICENSE THROUGH THE CITY OF BRYANT PUBLIC WORKS DEPARTMENT AND ADDING POLICY AND PROCEDURES TO THE CITY OF BRYANT EMPLOYEE HANDBOOK.

WHEREAS, The City of Bryant finds it necessary to adopt policy and procedures for employees obtaining commercial drivers license through the City on Bryant Public Works Department;

WHEREAS, The City of Bryant Public Works has obtained ability and licensing to certify commercial drivers license within the City of Bryant Public Works Department;

WHEREAS, The City of Bryant Public Works Department has a Commercial Drivers License Administrator on staff to certify and assist employees in obtaining a commercial drivers license through the City of Bryant Public Works Department.

WHEREAS, The City of Bryant Public Works finds in its best interest to protect training budgets, tax paying citizens and longevity of employees obtaining commercial drivers licenses through the City of Bryant Public Works the following policies and procedures shall be put in full force and effect:

1. It is the sole discretion of the City Bryant Public Works for which employees will obtain a commercial drivers license through the City of Bryant Public Works Department.
2. New employees must maintain a six month probationary period from the date of hire before being eligible to obtain a commercial drivers license through the City of Bryant Public Works Department.
3. Employees who are currently employed before the acceptance of this resolution shall be grandfathered and do not have to follow a six month probationary period.
4. Any employee who obtains a commercial driver license through the City of Bryant and does not remain employed with the City of Bryant for a minimum of twenty-four (24) months after obtaining their commercial drivers license will be responsible for incurring the cost for the commercial drivers license that was obtained.
5. Cost incurred will be accompanied by receipts put in the employees human resources file from the Commercial Drivers License Administrator. Costs incurred may include but are not limited to Commercial Drivers License Theory Training, Commercial Driver's License Manual for Permit, Endorsements and updates to drivers license with commercial endorsement.
6. If an employee terminates employment with the City of Bryant after purchasing the Commercial Drivers License Theory Training or the Commercial Driver's License Manual for Permit the employee shall be responsible for those costs incurred at the time of employment termination.

7. Employees who are terminated or self terminate their employment with the City of Bryant during the procurement process of obtaining a commercial drivers license or before their twenty-four (24) month probationary period is met, shall be responsible for repaying the cost incurred to obtain their commercial drivers license through the City of Bryant. All incurred charges shall be charged back through payroll deductions on the employees final payroll process.

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Bryant, Arkansas:

The City of Bryant hereby finds it necessary to adopt policy and procedures for employees obtaining commercial drivers license through the City of Bryant Public Works Department.

ARDOT is aquiring ROW for the Highway 5 Widening Project

ITEM COMMENTARY (Background discussion, key points, recommendations, etc.) Please identify any or all impacts this proposed action would have on the City budget, personnel resources, and/or residents.

A small portion of land at LS 25 is required by ARDOT for right-of-way purposes as part of the Highway 5 project. After review and consultation with Volkert, Garnat Engineering, and City staff, it has been determined that the acquisition will not impact our operations.

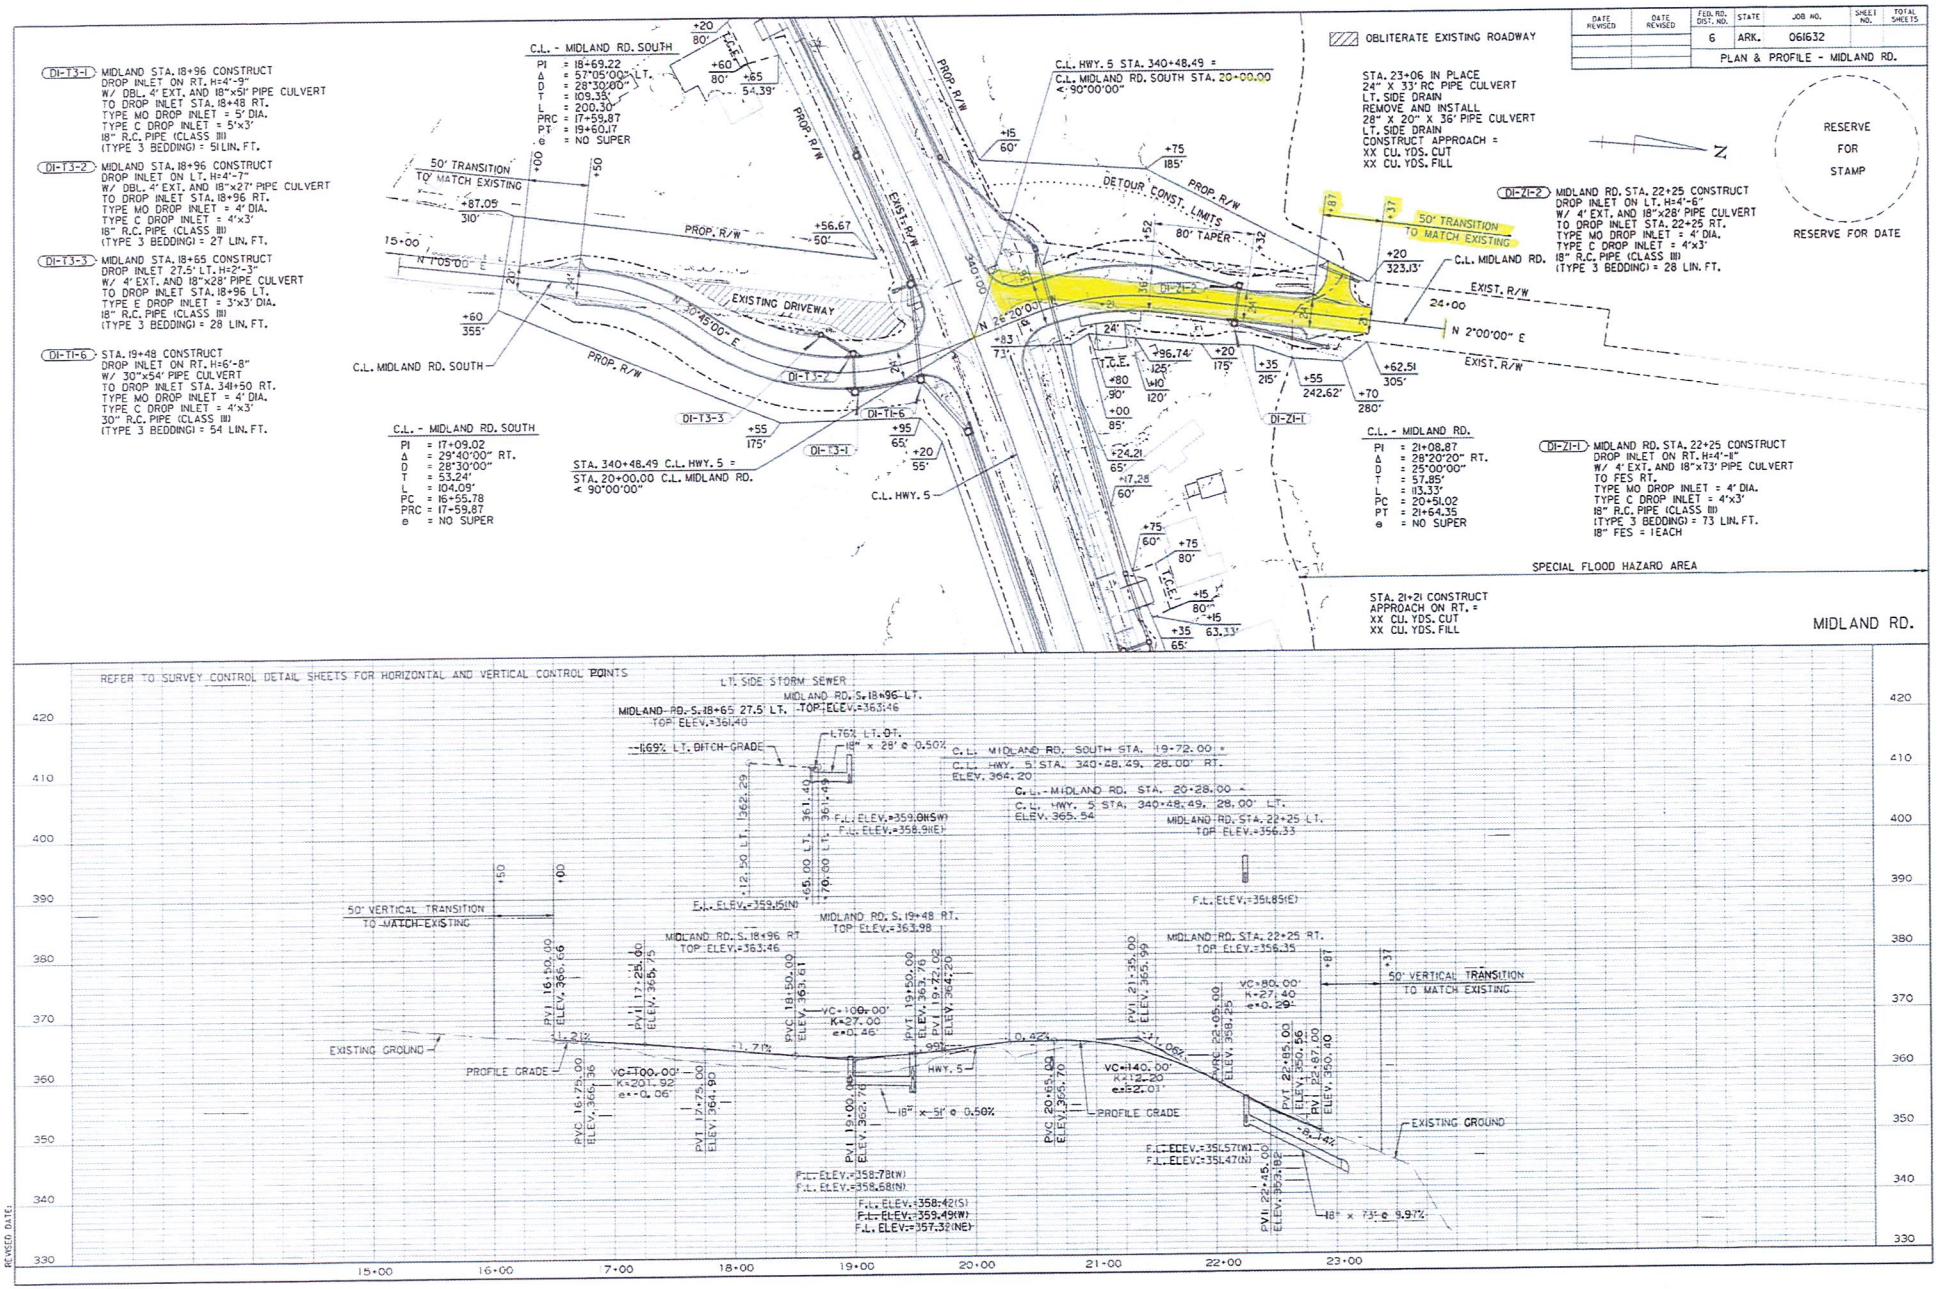

ARDOT has presented a total offer of $3,825.00, which includes:
- $1,325.00 – Land value
- $2,500.00 – Chain link fence and paved driveway with drain tying into Midland Road

This offer is acknowledged as acceptable. We respectfully request the Council's approval to move forward with this acquisition and allow the Highway 5 project to continue as planned.

Dear Property Owners:

An acquisition agent for the Arkansas State Highway Commission has presented to you a Contract to Sell offering to purchase the fee simple title to your property needed for highway purposes. A description of the property needed is attached. The acquisition agent will contact you within 10 business days for your response that should include all issues or concerns you may have regarding the offer. It is anticipated that negotiations should be concluded within 30 calendar days from the date of the initial contact.

The following buildings, structures, and other improvements, including fixtures located upon the lands needed are as follows: 6' Chain Link with 3 stranded barbed wire (75 ft) and two 5' gates

In the event you desire to retain any of the building, structures or other improvements, including fixtures listed above for salvage value of $-0-, you must do so prior to the date of closing of a Contract to Sell or eminent domain proceedings.

The offer of $3,825.00 is based on the opinion of a qualified real estate appraiser. The offered amount is based on the market value concept and is broken down as follows: $1,325.00 as just compensation for the land to be acquired and $2,500.00 for the improvements to be acquired.

Should you elect to accept this offer, the State will determine if you can convey a merchantable title, and if so, a proper deed conveying the land to the Arkansas State Highway Commission will be prepared and you will be paid the amount contained in the written offer.

ITEM HISTORY (Previous Council reviews, action related to this item, and other pertinent history)

The last Comprehensive Growth Plan was completed in 2012. In early 2025, the Planning & Development Department issued an RFQ, and an evaluation committee narrowed submissions to two finalists. After presentations to the Planning Commission in June, Crafton Tull was selected as the consultant.

ITEM COMMENTARY (Background discussion, key points, recommendations, etc.) Please identify any or all impacts this proposed action would have on the City budget, personnel resources, and/or residents.

The Comprehensive Growth Plan will provide an updated framework for land use to guide the City for the next 25 years. Crafton Tull has met with staff to establish a plan that emphasizes community input, ensuring that residents, businesses, and stakeholders are engaged throughout the process.

Staff recommends that City Council accept the proposal from Crafton Tull and authorize moving forward with Phase 1 ($290,500) and Phase 2 ($211,000) of the project. This initiative is a critical step in shaping the City's future while fulfilling the mission of "Building Today for a Better Tomorrow".

(This section to be completed by the Mayor)

ACTION PROPOSED (Motion for Consideration)

Motion to approve contract and scope of work.

Bryant Comprehensive Plan Scope of Services

Phase 1: Understand & Align ($290,500)

1.1 Project Initialization Meeting

The consultant team will meet with City staff to discuss the project scope, schedule, protocol for regular project management meetings, deliverables, communication and management protocols, and project expectations.

Potential steering committee members will be identified. These may include (but are not limited to) the following:

- Mayor's office
- Planning Department
- City Council representative
- Planning & Zoning Commission representative
- Chamber of Commerce
- City Staff
- Neighborhood Representatives
- Select local business leaders

The same list may be utilized to select ideal stakeholders for interviews (see Task 1.4 below).

1.2 Kickoff Meetings and Tour

1.2.1 Steering Committee Meeting 1 (Crafton Tull and DPZ)

The consultant team will conduct a steering committee meeting where members will be introduced to the project. The meeting will examine base data pertaining to existing conditions in Bryant and share feedback on strengths, weaknesses, opportunities, and threats facing the city. The proposed engagement strategy for the project will be shared for feedback and steering committee direction.

1.2.2 Tour of Bryant (Crafton Tull and DPZ)

The consultant team will coordinate with City staff and officials on a tour of Bryant focused on current conditions and upcoming construction and transportation projects. Additional information will be collected and assimilated.

1.3 Phase 1 Project Management Meetings

The consultant team will conduct regularly scheduled project meetings with City staff throughout the project.

1.4 Data Collection & Review *(Crafton Tull and DPZ)*

The consultant team will gather existing plans, studies, and initiatives that have been completed within the community which have an impact on current planning issues, as

well as recently approved development plans that have not been integrated into a digital platform and all City GIS files. Gaps in existing data and sources will be identified and an index and summary of applicable plans, studies and initiatives will be created as part of this process.

1.5 Stakeholder Interviews *(Crafton Tull and DPZ)*

The consultant team will interview up to 24 individual stakeholders or groups who are invested in the wellbeing and continued growth of Bryant. The stakeholder list will be developed with assistance from the City and steering committee. This may include but is not limited to major employers, elected officials, city staff, educators, retailers, small business owners, healthcare providers, and public services. The client will be responsible for scheduling and outreach coordination with community stakeholders.

1.6 Community Assessments

The consultant team will assess data related to each sector identified below.

1.6.1 Demographic Analysis (LandUseUSA Lead)

The consultant will analyze and forecast population, per capita income, total personal income, and expenditure potential (sales per capita) by industry sector. Estimates will be provided for the year 2025, with forecasts for the years 2030, 2035, and 2040. We also anticipate providing at least two alternative growth scenarios based on what we learn during the early stages of work and input from the stakeholder engagement process. This will help identify changing needs for housing, shopping, public services, and related infrastructure.

1.6.2 Economic Trends (LandUse USA Lead)

The consultant team will complete the following analyses:

- Economic Analysis: The consultant will conduct a study of labor force participation and unemployment rates over time, major employers, educational attainment, and employment by industry sector. Results will be used to identify industry sectors that represent the best economic growth opportunities for the City.
- Commercial and Residential Real Estate Analysis: This analysis will study the asking price a) per acre for vacant; b) for-sale and for-lease prices among available residential units; and c) rent per square foot among available for-lease commercial space. Charts and graphs will be used to demonstrate the relationship between price per acre and available acreage (and price per square foot compared to available square feet). Results will be used to gauge the need and market potential for growth under future growth scenarios.

- Housing Study: This analysis will study market supply and demand, gaps, and opportunities for new housing units. Results will be detailed by tenure (owner and renter), price (value and rent), target market (lifestyle cluster), and housing type. The work will include a specialized demographic analysis to compare demand (households by tenure and income) and supply (existing housing units by value, rent, vacancy, building size, and age of housing stock). The study will focus on household members who are actually migrating into the City, their preferences by tenure (owner and renter) and housing type, and their tolerances for home values and rents. Again, results will be used to gauge the market potential under future growth scenarios.

1.6.3 Development Pattern Trends (DPZ Lead)

The consultant team will review recent construction activity, residential, commercial, and industrial growth types and patterns, contributing to a SWOT analysis for future growth and analysis of physical development types for physical and fiscal analysis.

1.6.4 Existing Land Use (DPZ Lead)

The consultant team will identify the existing land uses in the community, including an existing land use map, and conduct land use-based analyses to identify areas of stability, areas of recent and planned growth, and compare current zoning with existing land uses.

1.6.5 Fiscal Land Use Analysis (Urban3 Lead)

The consultant team will obtain property and sales tax records and city budget data, and map the revenues and general expenditures on a per-parcel basis, producing a net benefit map for the entire city. This data will also be aggregated in an analysis of land use type performance for use in future land use decision making.

1.6.6 Regulations & Code (DPZ Lead)

The consultant team will research and obtain extensive knowledge of the City's zoning and land development regulations. Conflicts between existing regulations, development patterns, and housing and commercial demand will be identified, as well as barriers to growth of various types and common development obstacles. The consultant team will assess what is working and what is not working effectively within existing codes.

1.6.7 Housing (DPZ Lead)

The consultant team will document existing housing types, lot types, and their amount and distribution. Housing characteristics, including predominant architectural styles and types (single-family, townhouses, duplexes, apartments, etc.), will be identified, quantified, and mapped where appropriate.

1.6.8 Transportation & Traffic Circulation (Crafton Tull Lead)

Working within the context of the existing Transportation Plan and Bike/Pedestrian Plan, the consultant team will identify and review transportation planning items related to destinations within the community and pass through traffic, including functional classification of streets, street design typologies, bicycle facilities and trail routes, pedestrian connections and safe routes to schools, and pedestrian access and safety.

1.6.9 Natural Resources & Environment (Crafton Tull Lead)

The consultant team will review existing plans and documents related to the natural environment. Natural resources, environmental typologies and their respective locations will be identified, as well as opportunities and constraints related to topography and environmental conditions.

1.6.10 Infrastructure, Public Facilities, and Services (Crafton Tull Lead)

The consult team will assess existing plans from utility providers, City infrastructure and maintenance plans (such as the Water/Wastewater Master Plan), and assess notable existing infrastructure conditions.

1.6.11 Parks & Recreation (Crafton Tull Lead)

Working within the context of the existing Parks Master Plan and input from the client, the consultant team will review existing community facilities, parks, and open space for functionality, use, condition, quantity, and distribution/placement.

1.7 Branding and Logo Development *(Crafton Tull Lead)*

The Crafton Tull team will work with the City of Bryant to develop a logo for the Comprehensive Plan to accompany the City's tagline for the project. Three alternatives will be presented for consideration.

1.8 Website / Dashboard Creation and Management *(Crafton Tull Lead)*

The Crafton Tull team will create and manage a project website / dashboard to be utilized throughout the lifespan of the project to disseminate project-related information and collect feedback.

Phase 1 Deliverables: Technical Assessments documentation, summaries, and graphics, index and summary of applicable plans, studies and initiatives, meeting communications and notes, project logo, and project website/dashboard.

Phase 2: Engage & Illustrate ($211,000)

2.1 Phase 2 Project Management Meetings

The consultant team will conduct regularly scheduled project management meetings with City staff throughout Task 2 as well as the lifetime of the project.

2.2 Community Survey 1 *(Crafton Tull Lead)*

The consultant team will work with City staff to develop an online community survey to assess citizen priorities, preferences, and concerns. Key questions will be derived from interviews and assessments conducted in Task 1. In order to reach a broad number of citizens, a digital platform will be developed in partnership with the client. A paper copy of select engagement materials will be made available, with paper responses to be input in the online version by the client.

2.3 Steering Committee Meeting 2 *(Crafton Tull and DPZ)*

The second steering committee meeting will include a review of the assessments conducted in Task 1. The steering committee will be led through vision statement and scenario ideation. The consultant team will utilize brainstorming and consensus exercises in addition to visualization tools.

2.4 Vision Statement *(Crafton Tull and DPZ)*

Based on information and insights gained from Task 1 assessments and interviews, the consultant team will draft a community vision statement to guide the direction of the comprehensive plan. Growth goals will also be drafted to accompany the vision statement. The vision statement and growth goals will be vetted during the multi-day charrette in Task 2.7.

2.5 Preliminary Growth Scenarios *(DPZ Lead with Crafton Tull)*

Scenario maps and visualizations will be drafted for client and steering committee review. Data accompanying scenarios and fiscal implications of each (based upon the Task 1.6.5 analysis of land use performance) will also be developed and visualized for the purpose of presentation at the community charrette on a series of storyboards to demonstrate existing conditions and future growth scenarios.

2.6 Feasibility Analysis

The team will develop prototypical revenue and costs for development typologies to be utilized in analyzing growth scenarios before and during the charrette. This information will be based on outcomes of Task 1.6.5.

2.7 Multi-day Charrette

Completed analyses and documentation, including preliminary growth scenarios and the constraint analysis will be brought to a multi-day charrette in Bryant. Storyboards, maps, and visualized data will be presented at two (2) public meetings. Open House hours will be available midweek to encourage citizen review and feedback and topic-specific discussions will be organized to address more detailed subject areas.

2.7.1 Public Meetings 1 & 2 (Crafton Tull and DPZ)

The consultant team will conduct two (2) public meetings during the charrette to gather public input and feedback on charrette concepts. The first meeting will present assessments and preliminary growth scenarios and gather additional input on vision, goals, and future growth, and the second will present more detailed plan concepts and outcomes from meetings and discussions for feedback.

The public meetings will include exercises to inform a preferred growth strategy to solicit attendee participation. Data gathered from input from Public Meetings will be assimilated and documented.

2.7.2 Roundtable Discussions (Crafton Tull and DPZ)

Conduct a series of topic-related roundtables to discuss specific issues impacting Bryant. These topics will be identified by collaboration between the City and the Consultant prior to the charrette.

2.7.3 Visualization Development (Crafton Tull and DPZ)

Throughout the multi-day charrette, the consultant team will be analyzing input gathered from public, roundtable, and technical meetings to produce visualization of potential comprehensive plan outcomes.

2.7.4 Real-time Preferred Growth Strategy Creation (Crafton Tull and DPZ)

Participants at public, roundtable, and technical meetings will contribute to real-time preferred growth strategy creation for the comprehensive plan. Information gathered throughout the multi-day charrette will be incorporated and reflected back for review and comment, culminating in growth strategies created by residents and stakeholders and guided by the consultant team.

2.7.5 Fiscal Growth Analysis (DPZ, Urban 3, Crafton Tull)

The development of the preferred Growth Strategy identified in Task 2.7.4 will be accompanied by fiscal analysis for the growth enabled by the proposed growth scenario. This analysis will be customized based on the initial findings of the Economic Analysis, Real Estate Analysis, and Housing Study, estimating future property and sales tax revenue as well as service and maintenance costs for city services and infrastructure, estimating the economic impact of proposed growth.

2.7.6 Steering Committee Meeting 3 (Crafton Tull and DPZ)

The consultant team will conduct Steering Committee Meeting 3 during the charrette to gather feedback on charrette concepts and outcomes and provide a forum for feedback..

2.8 Charrette Summary *(Team)*

A detailed summary of participant input will be documented by the consultant team and shared with the client, as well as a refined vision statement and growth goals based on charrette input. Detailed draft growth plan, land use plan, and feasibility strategies will be created for the purpose of testing with the public via Community Survey 2 (see Task 2.9) and Steering Committee Meeting 4 (see Task 2.10).

2.9 Community Survey 2 *(Crafton Tull Lead)*

The second community survey will test draft strategies developed from the various forms of input gathered from the multi-day charette and its outcomes.

2.10 Steering Committee Meeting 4 *(Crafton Tull and DPZ)*

The outcomes from the multi-day charrette will be presented to the steering committee for review. Insights, takeaways, and further project direction will be documented. This meeting will establish direction for development of the draft comprehensive plan in the following phase.

2.11 Meeting-in-a-Box Development *(Crafton Tull and DPZ)*

The Crafton Tull team will create materials for two types of meetings (visioning and community strategies) suitable for hosting by the client at pop-up events and community gatherings. Materials may include digital graphics for displaying as boards or handouts, digital presentations, feedback forms, and suggested formats.

Phase 2 Deliverables: Charrette materials, presentations, and outcomes summary, draft and final vision statements and growth goals, meeting summaries, constraint analysis, preferred growth strategies, fiscal analysis planning analyses, and Meeting-in-a-Box materials.

Phase 3: Strategize & Deliver ($79,000)

3.1 Draft Plan Components Documentation *(Crafton Tull and DPZ)*

A draft comprehensive growth plan document (including the Land Use Plan and Fiscal Analysis) along with visual data such as presentations, maps, and technical data will be documented.

3.2 Draft Implementation Plan *(Crafton Tull and DPZ)*

The consultant team will develop an implementation matrix complete with timelines and responsible parties for implementation across various plan components. Strategies will be documented to include priority, time horizon, and responsible parties to provide direction for plan implementation.

3.3 Steering Committee Meeting 5 *(Crafton Tull and DPZ)*

The consultant team will present the draft comprehensive plan to the steering committee for review and refinement.

3.4 Public Meeting 3 *(Crafton Tull and DPZ)*

Based on input from Task 3.3, the consultant team will present the draft comprehensive plan for public review and comment. The consultant team will identify interest in various plan components to assist with plan implementation and building consensus and enthusiasm for the community's future.

3.5 Final Draft Review *(Crafton Tull and DPZ)*

Following the public comment period and input from the client, the final draft will be distributed to the steering committee for final review. The client will provide one set of steering committee markups to be incorporated into the final report.

3.6 Adoption *(Crafton Tull and DPZ)*

The consultant team will present the final comprehensive plan and project outcomes to planning commissioners. Following planning commission approval, the team will present the final plan overview and project outcomes to the City Council for adoption.

Deliverables: Final hard copy and digital report document, project-related GIS database with analyses and shapefiles

Additional Services (not included)

Phase 4: Land Development Code Update

4.1 Development Regulations *(DPZ Lead)*

Form-Based Code Development

Design and draft a form-based code that is customized for the needs and character of Bryant, integrated into the comprehensive plan structure, streamlined, and built upon up-to-date coding standards.

4.2 Steering Committee Meetings 6 & 7 *(DPZ Lead)*

Meet with the steering committee during code development to discuss existing issues, review code proposals and options, and to ensure the code suits the needs and character of Bryant.

4.3 Code Workshop *(DPZ Lead)*

Host a code workshop with City staff to familiarize staff with the revised code documents overall and through simplified sample submittals.

4.4 Final Code Development *(DPZ Lead)*

Produce a final code document with text and graphic revisions based on steering committee and staff comments.

4.5 Adoption Process *(DPZ Lead)*

Support the City through the adoption process as needed with presentations, clarifications, and revisions.

Project Totals

Phase 1: Understand & Align	$ 290,500
Phase 2: Engage & Illustrate	$ 211,000
Phase 3: Strategize & Deliver	$ 79,000
Phase 4: Code Update	Additional Services

ORDINANCE NO. 2020 - 04

AN ORDINANCE PROVIDING FOR THE ESTABLISHMENT OF A FLOOD DAMAGE PREVENTION PROGRAM FOR BRYANT, ARKANSAS AND FOR OTHER PURPOSES

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF BRYANT, SALINE COUNTY, ARKANSAS, THAT:

SECTION 1. STATUTORY AUTHORITY

The Legislature of the State of Arkansas has in Ark. Code Ann. § 14-268-101 et seq., delegated the responsibility of local governmental units to adopt regulations to minimize flood losses. Therefore, the City Council of the City of Bryant, Arkansas, does hereby ordain as follows:

SECTION 2. FINDINGS OF FACT

A. The Federal Emergency Management Agency (FEMA) has identified Special Flood Hazard Areas of the City of Bryant in the current scientific and engineering report entitled "The Flood Insurance Study (FIS) for Saline County Arkansas and unincorporated areas," dated June 5th,2020, with an effective Flood Insurance Rate Map (FIRM) dated June 5th, 2020.

B. These Special Flood Hazard Areas are subject to periodic flooding events that result in loss of life and property, pose health and safety hazards, disrupt commerce and governmental services, and cause extraordinary public expenditures for flood protection and relief, all of which adversely affect the public health, safety and general welfare.

C. These periodic flooding events are exacerbated by the cumulative effect of floodplain developments which cause an increase in flood heights and velocities, and by the placement of inadequately elevated, inadequately floodproofed or otherwise unprotected structures or uses vulnerable to floods into Special Flood Hazard Areas. Such structures or uses are inherently hazardous to other lands because of their adverse impact on flooding events.

SECTION 3. STATEMENT OF PURPOSE

The purpose of this ordinance is to promote the public health, safety and general welfare, to prevent adverse impacts from any floodplain development activities, and to minimize public and private losses due to flooding events in identified Special Flood Hazard Areas. This ordinance advances the stated purpose through provisions designed to:

A. Protect human life and health;

B. Protect natural floodplains against unwise development;

C. Eliminate adverse impacts of necessary floodplain development;

D. Minimize expenditure of public monies on flood control projects;

E. Minimize the need for rescue and relief efforts associated with flooding and generally undertaken at the expense of the general public;

F. Minimize prolonged business interruptions due to flooding events;

G. Minimize damage to public facilities and utilities such as water and gas mains, electric, telephone and sewer lines, streets and bridges located in Special Flood Hazard Areas;

H. Minimize future flood blight areas to help maintain a stable tax base; and

I. Provide for notice to potential buyers when property is in a Special Flood Hazard Area.

SECTION 4. LANDS TO WHICH THIS ORDINANCE APPLIES

The ordinance shall apply to all Special Flood Hazard Areas within the jurisdiction of the City of Bryant

SECTION 5. METHODS OF REDUCING FLOOD LOSSES

This ordinance uses the following methods to accomplish the stated purpose:

A. This ordinance restricts or prohibits structures or uses in Special Flood Hazard Areas that adversely impact health, safety or property during flooding events;

B. This ordinance requires protection against flood damage for structures or uses vulnerable to floods at the time of initial construction, or after substantial improvement of the structure, or after substantial damage has occurred;

C. This ordinance controls the alteration of natural floodplains, stream channels and natural protective barriers which are involved in the accommodation and transport of flood waters;

D. This ordinance controls floodplain development (structural development, placement of manufactured structures, clearing, grading, mining, drilling, dredging, placement of fill, excavating, watercourse alteration, drainage improvements, roadway or bridge construction, individual water or sewer installations and other activities) which may increase flood damage by increasing flood elevations, flood water velocities, or flood discharge patterns;

E. This ordinance regulates the construction of flood barriers which unnaturally divert floodwaters or which may adversely impact other lands.

SECTION 6. FLOOD DAMAGE PREVENTION CODE ADOPTED BY REFERENCE.

There is hereby adopted by reference a **"Flood Damage Prevention Code for the City of Bryant, Arkansas, dated June 5th, 2020"** the code shall include:

ARTICLE 1 DEFINITIONS
ARTICLE 2 ADMINISTRATION
ARTICLE 3 PROVISIONS FOR FLOOD HAZARD REDUCTION

A copy of the referenced code shall be filed in the office of the Code Enforcement Director and shall be available for inspection and copying by any person during normal office hours.

SECTION 7. ABROGATION AND GREATER RESTRICTIONS

This ordinance does not repeal, abrogate, or impair any existing easements, covenants, or deed restrictions. Whenever there is a conflict or overlap between this ordinance and another ordinance, easement, covenant, or deed restriction, the instrument with the more stringent restrictions applies.

SECTION 8. INTERPRETATION

In the interpretation and application of this ordinance, all provisions must:

A. Be considered as minimum requirements;

B. Be liberally construed in favor of the governing body; and

C. Be deemed to neither limit nor repeal any other powers granted under State statutes.

SECTION 9. WARNING AND DISCLAIMER OF LIABILITY

The degree of flood protection required by this ordinance is considered reasonable for regulatory purposes. Documented scientific and engineering data form the basis for these requirements. On rare occasions, flooding events greater than those considered for this ordinance will occur. In addition, flood heights may increase over time due to man-made or natural causes. This ordinance does not imply that land outside Special Flood Hazard Areas will be free from flooding, nor that strict adherence to this ordinance protects uses permitted within Special Flood Hazard Areas from all flood damages. This ordinance specifically does not create liability on the part of the community, nor any official or employee of the community, for any flood damages that result while strictly following this ordinance, or from any lawful administrative decision made under the provisions of this ordinance.

SECTION 10. COMPLIANCE

Constructing, locating, substantially altering or changing the use of any structure or land after the effective date of this ordinance requires full compliance with the provisions of this ordinance and all other applicable regulations.

SECTION 11. PENALTY FOR NON-COMPLIANCE

Flood hazards are reduced by compliance with the provisions of this code. Accordingly, enforcement of this ordinance discourages non-compliance and is a recognized mechanism for flood hazard reduction.

The Floodplain Administrator must enforce the provisions of this ordinance and is authorized to

A. Issue cease and desist orders on non-compliant floodplain development projects;

B. Issue citations for non-compliance;

C. Request that FEMA file a 1316 Action (Denial of Flood Insurance) against non-compliant properties; and

D. Take any other lawful action necessary to prevent or remedy any instance of non-compliance with the provisions of this ordinance.

(1) It is a misdemeanor to violate or fail to comply with any provision of this ordinance.

(2) Any person found, in a court of competent jurisdiction, guilty of violating this ordinance is subject to fines of not more than $500 per day for each violation; in addition the defendant is subject to payment of all associated court costs and costs involved in the case.

SECTION 12. SEVERABILITY

If any court of competent jurisdiction finds that any section, clause, sentence, or phrase of this ordinance is invalid or unconstitutional, that finding in no way affects the validity of the remaining portions of this ordinance.

SECTION 13. EMERGENCY CLAUSE

It is hereby found and declared by The Bryant City Council that severe flooding has occurred in the past within its jurisdiction and will certainly occur within the future; that flooding is likely to result in infliction of serious personal injury or death, and is likely to result in substantial injury or destruction of property within its jurisdiction; in order to effectively comply with minimum standards for coverage under the National Flood Insurance Program; and in order to effectively remedy the situation described herein, it is necessary that this ordinance become effective immediately.

Therefore, an emergency is hereby declared to exist, and this ordinance, being necessary for the immediate preservation of the public peace, health and safety, shall be in full force and effect from and after its passage and approval.

Passed and Approved this 28th **day of** April **2020.**

ATTEST:

City Clerk

ORDINANCE NO.: 2024 - 02

AN ORDINANCE TO AMEND SECTION 6 OF ORDINANCE No. 2020-04 AND ADOPTING FLOOD DAMAGE PREVENTION CODE DATED FEBRUARY 1, 2024 FOR OF THE CITY OF BRYANT, ARKANSAS; AND PRESCRIBING OTHER MATTERS RELATING THERETO

WHEREAS, the City of Bryant, Arkansas passed Ordinance No. 2020-04 which established a Flood Damage Prevention Program for Bryant, Arkansas; and

WHEREAS, Section 6 of Ordinance No. 2020-04 adopted by a "Flood Damage Prevention Code for the City of Bryant, Arkansas, dated June 5th, 2020"; and

WHEREAS, it is necessary for the City to amend the Flood Damage Prevention Code;

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF BRYANT, ARKANSAS, THAT:

Section 1: Amendment to Ordinance 2020-04 Section 6

Section 6 of Ordinance 2020-04 is hereby amended to adopt the "Flood Damage Prevention Code for the City of Bryant, February 1, 2024" attached hereto as Exhibit A.

Section 2: Provisions Severable

If any provision of this Ordinance or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect the other provisions or applications of this Ordinance which can be given effect without the invalid provision or application, and to this end, the provisions of the Ordinance are hereby declared to be severable.

Section 3: Repealer

All ordinances and resolutions and parts thereof in conflict with the provisions of this Ordinance are hereby repealed to the extent of such conflict.

Section 4: Emergency Clause

It is hereby found and declared by the Bryant City Council that severe flooding has occurred in the past within its jurisdiction and will certainly occur within the future; that flooding is likely to result in infliction of serious personal injury or death, and is likely to result in substantial injury or destruction of property within jurisdiction; Whereas this is an exceptional situation and an Emergency is Declared; and this Ordinance shall be effective from and after its date of passage.

PASSED AND APPROVED THIS 30th DAY OF JANUARY 2024, BY THE CITY COUNCIL OF BRYANT, ARKANSAS.

CITY OF BRYANT, SALINE COUNTY OFFICIAL SEAL

FLOOD DAMAGE PREVENTION CODE FOR THE CITY OF BRYANT, FEBRUARY 1, 2024

ARTICLE 1 DEFINITIONS

Unless specifically defined below, words or phrases used in this Code have their common usage meaning to give the most reasonable application to this Code.

Additional definitions for floodplain management terms can be found at Part §59.1 of 44 CFR.

44 CFR (Emergency Management and Assistance — National Flood Insurance Program Regulations) Parts 59-75 contain Federal regulations upon which local floodplain managements are based

44 CFR § 65.12 — contains the section of the Federal regulations which involves revision of flood insurance rate maps to reflect base flood elevations caused by proposed encroachments.

"100-year flood" is any flood with a 1% chance of occurring in any given year. The term is misleading, because of its statistical derivation. A "100-year flood" may occur many times in any given 100-year period, or it may not occur at all in 100 years.

"500-year flood" is any flood with a 0.2% chance of occurring in any given year. As with the 100-year flood, this term is also misleading, because of its statistical derivation. A "500-year flood" may occur many times in any given 500-year period, or it may not occur at all in 500 years.

"Accessory Structures" are structures which are on the same parcel of property as the principle structure and the use of which is incidental to the use of the principle structure (such as garages and storage sheds).

"Adverse impact" means any negative or harmful effect.

"AE or A 1-30 Risk Zones" are special flood hazard areas where detailed studies have determined base flood elevations. AE has replaced A 1-30 in newer flood maps.

"AH Risk Zones" are special flood hazard areas characterized by shallow flooding with ponding effects (where floodwaters accumulate in depressions and linger until absorbed or evaporated).

"AO Risk Zones" are special flood hazard areas characterized by shallow flooding with sheet flow (where floodwaters flow in a broad, shallow sheet rather than through a narrow channel).

"A Risk Zones" are special flood hazard areas without detailed studies, where base flood elevations have not been determined.

"Appeal Board" means a person or persons specifically designated to render decisions on variance applications and floodplain management complaints.

"Automatic" entry and exit of floodwaters means that the water must be able to enter and exit with no intervening action from a person.

"Base flood" is the flood profile used as the basis for the NFIP regulations. The Federal government has selected the 1% chance flood as the base flood.

"Basement" is any enclosed area that is below grade on all sides.

"BFE" is the acronym for Base Flood Elevation.

"Buoyancy" is the upward force exerted by water. Buoyancy can cause underground tanks to float free and can lift structures off foundations.

"Certificates of Compliance" are formal documents issued by floodplain administrators certifying that completed projects comply with the requirements of the local Code.

"CFR" is the acronym for the Code of Federal Regulations. The Code of Federal Regulations is the codification of the general and permanent rules published in the Federal Register by the executive departments and agencies of the Federal Government. It is divided into 50 titles that represent broad areas subject to Federal regulation. The Federal regulations pertaining to the national Flood Insurance Program are found in title 44, Emergency Management and Assistance.

"Clearing" is the act of cutting timber or shrubs from an area

"Commercial Business Park" is typically an area of offices or light industrial usage, although retail, service, or industrial usage is sometimes included in supporting roles. For example, a commercial business park of office complexes may also include restaurants, which service these offices.

"Concrete deadman anchors" are heavy steel rods embedded in buried sections of concrete, used to secure items in place under tension.

"Covenant" is a clause in a contract that requires one party to do, or refrain from doing, certain things. A covenant frequently appears as a restriction that a lender imposes on a borrower.

"Crawlspace" is a type of structural foundation where the space beneath the lowest floor is typically not deep enough to allow a person to stand and not all four walls are below grade.

"Critical Facilities" include: Governmental facilities that are considered essential for the delivery of critical services and crisis management (such as data and communication centers and key governmental complexes); facilities that are essential for the health and welfare of the whole population (such as hospitals, prisons, police and fire stations, emergency operations centers, evacuation shelters and schools); mass transportation facilities (such as airports, bus terminals, train terminals); lifeline utility systems (including potable water, wastewater, oil, natural gas, electric power and communications systems); high potential loss facilities (such as nuclear power plants or military installations); hazardous material facilities (such as industrial facilities housing or manufacturing or disposing of corrosives, explosives, flammable materials, radioactive materials and toxins.

"SD Zones" areas in which the flood hazard has not been determined, but may be possible

"Deed restriction" refers to a clause in a deed that limits the future uses of the property in some respect. Deed restrictions may impose a vast variety of limitations and conditions, for example, they may limit the density of buildings, dictate the types of structures that can be erected, prevent buildings from being used for specific purposes or even from being used at all.

"Development" means any man-made change to improved or unimproved real estate. It includes, but not limited to, construction, reconstruction, or placement of a building, or any addition or substantial improvements to a building. "Development" also includes the installation of a manufactured home on a site, preparing a site for a manufactured home, or installing/parking a travel trailer. The installation of utilities, construction of roads, bridges, culverts or similar projects are also "developments." Construction or erection of levees, dams, walls, or fences; drilling, mining, filling, dredging, grading, excavating, paving, or other alterations of the ground surface are "developments." Storage of materials including the placement of gas and liquid storage tanks are "developments," as are channel modifications or any other activity that might change the direction, height, or velocity of flood or surface waters. "Development" will normally not include maintenance of existing drainage ditches, gardening, plowing, planting, harvesting of crops, or similar practices that do not involve filling, grading, or construction of levees.

"Development Permit" refers to the permit required for placing a "development" in the floodplain.

"Easements" are rights or permissions held by one person to make specific, limited use of land owned by another person.

"Elevation Certificate" refers to FEMA form 81-31, which for the purposes of this Code must be properly completed by a Professional Engineer, Surveyor or Architect licensed to practice in the State of Arkansas.

"Erosion" is the process of soil removal by moving water.

"Existing Structure" means, for floodplain management purposes, a structure, which is in place before any reconstruction, rehabilitation, addition, or other improvement takes place.

"Existing Manufactured Home Park or Subdivision " means a manufactured home park or subdivision for which the construction of facilities for servicing the lots on which the manufactured homes are to be

affixed (including, at a minimum, the installation of utilities, the construction of streets, and either final site grading or the pouring of concrete pads) is completed before the effective date of the floodplain management regulations adopted by a community.

"Expansion to an Existing Manufactured Home Park or Subdivision " means the preparation of additional sites by the construction of facilities for servicing the lots on which the manufactured homes are to be affixed (including the installation of utilities, the construction of streets, and either final site grading or the pouring of concrete pads).

"Federal Emergency Management Agency", or FEMA, is the Federal agency responsible for administering the National Flood Insurance Program.

"FEMA" is the acronym for the Federal Emergency Management Agency.

"Fill" refers to the placement of natural sand, dirt, soil, rock, concrete, cement, brick or similar material at a specified location to bring the ground surface up to a desired elevation.

"FIRM" is the acronym for Flood Insurance Rate Map.

"Flood Fringe" refers to the portion of the 100-year floodplain, which is outside the floodway (See definition of floodway below.)

"Flood Insurance Rate Map" (or "FIRM") refers to the official flood map of a community on which FEMA has categorized Special Flood Hazard Areas into risk premium zones. Flood maps

"Flood Insurance Study" (or "FIS") is the official report provided by FEMA. It contains flood profiles, floodway tables, engineering methods, and other descriptive and technical data.

"Floodplain Management" means the operation of an overall program of corrective and preventive measures for reducing flood damage, including but not limited to emergency preparedness plans, flood control works and floodplain management regulations.

"Flooding events" are general or temporary conditions of partial or complete inundation of normally dry land areas from the overflow of inland or tidal waters, or from the unusual and rapid accumulation or runoff of surface waters from any source.

"Floodplain" refers to any land area susceptible to inundation by floodwaters from any source. For the purposes of this Code, floodplain refers to the land area susceptible to being inundated by the base flood.

"Floodplain Administrator" refers to the community official designated in the local Flood Damage Prevention Code as responsible for the Code's administration.

"Floodplain Development Permit" is a permit issued by the local Floodplain Administrator and is required before beginning any development in an area designated as a Special Flood Hazard Area on the community's FIRM.

"Flood proofing" is a combination of structural and nonstructural additions, changes, or adjustments to structures that reduce or eliminate the risk of flood damage.

"Flood proofing Certificate" refers to FEMA form 81-65, which for the purposes of this Code must be properly completed by a Professional Engineer or Architect licensed to practice in the State of Arkansas.

"Floodway" or "Regulatory Floodway" refers to a stream channel and the land to either side of the stream channel that must remain undeveloped and open in order to allow floodwaters to pass without increasing the base flood elevation more than a designated height. For the purposes of this Code, the height is one foot (l ft.). Severe restrictions or prohibitions are imposed on development within the floodway.

"Flow-through openings" are openings specifically designed to allow floodwaters to flow into and out of enclosed spaces, minimizing the danger of foundation or wall collapse from lateral hydrostatic pressure.

"Functionally dependent use" means a use, which cannot perform its intended purpose unless it is located or carried out in close proximity to water. The term includes only docking facilities, port facilities that are necessary for the loading and unloading of cargo or passengers, and shipbuilding and ship repair facilities, but does not include long-term storage or related manufacturing facilities.

"Grade" means the surface of the ground.

"Grading" means to smooth the surface of the ground, typically with heavy construction equipment.

"Highest Adjacent Grade" (HAG) means the highest natural elevation of the ground surface prior to construction next to the proposed walls of a structure.

"Historical Structure" means any structure that is:

1. Listed individually in the National Register of Historic Places (a listing maintained by the Department of Interior) or preliminarily determined by the Secretary of the Interior as meeting the requirements for individual listing on the National Register;
2. Certified or preliminarily determined by the Secretary of the Interior as contributing to the historical significance of a registered historic district or a district preliminarily determined by the Secretary to qualify as a registered historic district;
3. Individually listed on a state inventory of historic places in states with historic preservation programs which have been approved by the Secretary of the Interior; or
4. Individually listed on a local inventory or historic places in communities with historic preservation programs that have been certified:
    a. By an approved state program as determined by the Secretary of the Interior or;
    b. Directly by the Secretary of the Interior in states without approved programs.

"Hydrodynamic forces" are the forces and stresses associated with moving water, including impacts from objects carried in the water.

"Hydrostatic flood forces" are the forces and stresses associated with standing floodwaters.

"Lacustrine Flooding" is flooding associated with a lake.

"Lateral forces" are the horizontal hydrostatic forces associated with standing water. Water exerts an equal force in all directions, and as little as three feet of standing water can generate sufficient lateral force to collapse a foundation or wall.

"Lowest floor" refers to the lowest floor of the lowest enclosed area (including Basement). For a typical slab-on-grade construction, the lowest floor is the top of the first floor of the structure. For a typical basement foundation construction, the elevation of the lowest floor is the top of the basement floor. For a typical crawlspace foundation construction, the elevation of the lowest floor is the top of the first floor of the structure. For a typical split-level construction, the elevation of the lowest floor is the top of the first living area floor. For a manufactured home installation, the elevation of the lowest floor will be the bottom of the lowest I-Beam. The garage floor and crawlspaces are not the lowest floor as long as there are no living areas in the garage and it is used solely for storage, parking vehicle and entry to the structure, provided that such enclosure is not built so as to render the structure in violation of the applicable non-elevation design requirements of Section 60.3 of the National Flood Insurance regulations.

"Manufacture Homes" or Structures means a structure, transportable in one or more sections, which is built on a permanent chassis and is designed for use with or without a permanent foundation when attached to the required utilities. The term "manufactured home" does not include a "recreational vehicle".

"Manufactured Home Park or Subdivision" means a parcel (or contiguous parcels) of land subdivided into two or more manufactured home lots for rent or sale.

"Mean Sea Level" (MSL) means, for the purposes of the NFIP, the National Geodetic Vertical Datum (NGVD) of 1929 or other datum, to which base flood elevations shown on a community's FIRM are referenced.

"Mixed Use Structures" are structures with both a business and a residential component, but where the area used for business is less than 50% of the total floor area of the structure.

"New Construction" means, for floodplain management purposes, structures for which the "start of construction" commenced on or after the date of a floodplain management regulation adopted by a community and includes any subsequent improvements to such structures.

"New Manufactured Home Park or Subdivision" means a manufactured home park or subdivision for which the construction of facilities for servicing the lots on which the manufactured homes are to be affixed (including at a minimum, the installation of utilities, the construction of streets, and either final

site grading or the pouring of concrete pads) is completed on or after the effective date of floodplain management regulations adopted by a community.

"No Adverse Impact principle" is a principle of restricting or prohibiting land development that does harm or "adversely affects" someone else's property or land.

"Nonresidential Structures" are structures used only for commercial or public purposes, such as businesses, schools, churches, etc...

"No-Rise Certificates" are formal certifications signed and stamped by a Professional Engineer licensed to practice in the State of Arkansas, demonstrating through hydrologic and hydraulic analyses performed in accordance with standard engineering practice that a proposed development will not result in any increase in flood levels within the community during the occurrence of a base flood event.

"Piers" are columns of masonry or other structural material (commonly cement blocks stacked up to support a manufactured home), usually rectangular, used to support other structural members. For the purpose of this ordinance, piers must be permanent in nature.

"Pilings" are steel tubes driven to rock or a suitable soil-bearing layer and connected to the foundation of a structure.

"Ponding" is a flooding effect where floodwaters accumulate in shallow depressions and linger until absorbed or evaporated.

"Recreational vehicles" means a vehicle, which is:

1. built on a single chassis;
2. 400 square feet or less when measured at the largest horizontal Projections;
3. designed to be self-propelled or permanently towable by a light duty truck; and
4. Designed primarily not for use as a permanent dwelling but as temporary living quarters for recreational, camping, travel, or seasonal use.

"Risk Zones" categorize special flood hazard areas into groupings by the specific risk of flooding. Zones A, AE or A 1-30, AO, and AH are Special Flood Hazard Areas. See "X Risk Zones" in this section.

"Riverine flooding" is flooding associated with a river or stream channel.

"R V" is the acronym for recreational vehicle.

"Screw augers" are any type of anchor that twists into the soil, typically to a depth of 4 feet or more. They are not suitable for securing manufactured homes against floodwaters because saturated grounds often soften and fail to hold the anchor in place.

"Section 404 Wetlands Permit" is a permit required under Section 404 of the Clean Water Act for the discharge of dredged and fill material into any surface water of the United States. The US Army Corps of Engineers issues Section 404 permits.

"SFHA" is the acronym for Special Flood Hazard Area.

"Shallow flooding" means a depth of less than 3 feet.

"Slab anchors" are anchors where the hook of the anchor is wrapped around a horizontal rebar in the slab before the concrete is poured.

"Special flood hazard areas" are geographical areas identified on FEMA flood maps as being at-risk for flooding. The maps further categorize these areas into various flood risk zones A, AE or Al-30, AH, and AO.

"Start of Construction" includes substantial improvement and means the date the building permit was issued, provided the actual start of construction, repair, reconstruction, rehabilitation, addition placement, or other improvement was within 180 days of the permit date. The actual start means either the first placement of permanent construction of a structure on a site, such as the pouring of slab or footings, the installation of piles, the construction of columns, or any work beyond the stage of excavation; or the placement of a manufactured home on a foundation. Permanent construction does not include land preparation, such as clearing, grading and filling; nor does it include the installation of streets and/or walkways; nor does it include excavation for basement, footings, piers or foundations or the erection of temporary forms; nor does it include the installation on the property of accessory buildings, such as garages or sheds not occupied as dwelling units or not part of the main structure. For a substantial improvement, the actual start of construction means the first alteration of any wall, ceiling, floor, or other structural part of a building, whether or not that alteration affects the external dimensions of the building.

"State Coordinating Agency" is the agency that acts as a liaison between FEMA and a community for the purposes of floodplain management. The Arkansas Natural Resources Commission is the State Coordinating Agency for Arkansas.

"Stream channels" are depressed natural pathways through which water of any quantity routinely flows.

"Structural development" is a development that includes the placement or construction of a structure.

"Structure" means for floodplain management purposes, a walled and roofed building, including a gas or liquid storage tank that is principally above ground, as well as a manufactured home.

"Substantial damage" is damage of any origin where the cost to restore a structure to its original undamaged state would equal or exceed 50% of the market value of the structure before any damage occurred. In determining whether substantial damage has occurred, estimators must use standard contractor and materials costs. There are no exceptions for homeowners who make their own repairs or for discounted or free raw materials.

"Substantial improvement" is any reconstruction, remodeling, addition or improvement to a structure with a cost equaling or exceeding 50% of the market value of the structure before any improvement. Improvements to correct identified violations of local health, sanitary or safety Codes are not substantial improvements, regardless of the cost, as long as they are the minimum improvement necessary to bring the structure up to Code. Alterations to historical structures are also exempted, as long as the improvement does not affect the structure's official status of "historical structure."

"Uses vulnerable to floods" are simply any land or structural uses that may be negatively affected by a flood.

"Variance" is a formal, written permission from the Appeals Board to construct or develop in a way that is inconsistent with the requirements of this Code. The variance only deals with this Code — the Appeals Board has no authority to waive any other governmental requirement, and has no say in the cost of flood insurance.

"Violation" means the failure of a structure or other development to be fully compliant with the community's floodplain management regulations. A structure or other development without the elevation certificate, other certifications, or other evidence of compliance required in this Code is presumed to be in violation until such time as that documentation is provided.

"Watercourse alteration" refers to any change that occurs within the banks of a watercourse.

"Water Surface Elevation" means the height, in relation to the National Geodetic Vertical Datum (NGVD) of 1929 (or other datum, where specified), of floods of various magnitudes and frequencies in the floodplains of coastal or riverine areas.

"X Risk Zones" are a special group of insurance risk zones. One type, shown as non-shaded areas on FEMA issued flood maps, indicates a zone where flooding is not expected to occur. The second type, shown as shaded areas of FEMA flood maps, indicates a flood hazard area that is expected to be affected by the 500-year flood, but not by the 100-year base flood.

ARTICLE 2 ADMINISTRATION

SECTION A. DESIGNATION OF THE FLOODPLAIN ADMINISTRATOR

The Mayor of the City of Bryant or his/her designee, is hereby appointed the Floodplain Administrator.

SECTION B. DUTIES & RESPONSIBILITIES OF THE FLOODPLAIN ADMINISTRATOR

It is the duty and responsibility of the Floodplain Administrator or his designee to:

1. **Obtain accreditation each year** as required by A.C.A. § 14-268-106 through the State Coordinating Agency, which is the Arkansas Natural Resources Commission.

2. **Administer and implement the provisions of this Code** and other appropriate sections of 44 CFR (Emergency Management and Assistance - National Flood Insurance Program Regulations) as they pertain to floodplain management

3. **Review applications for Floodplain Development Permits** to:
    a. Evaluate proposed projects for reasonable safety from flooding;
    b. Evaluate proposed projects for conformance with No Adverse Impact principles;
    c. Ensure that all other permits necessary (including Section 404 Wetlands Permits as required by the Federal Water Pollution Control Act Amendments of 1972, 33 U.S.C. 1334) for proposed projects are obtained from the appropriate government agency prior to issuing a Floodplain Development Permit; and
    d. Ensure that proposed projects conform to the applicable provisions of this Code.

4. **Approve or deny applications for Floodplain Development Permits** on the basis of:
    a. The proposed development's compliance or non-compliance with the provisions of this Code;
    b. The expected flood elevation, flood water velocity, flood duration, rate of rise and sediment transport of the floodwaters expected at the proposed development site;
    c. The proposed development's potential to adversely impact life and property by changing flooding patterns, changing erosion rates, or being swept onto other lands by flood waters;
    d. The proposed development's susceptibility to flood damage;
    e. The proposed development's compatibility with existing and planned community development;
    f. The proposed development's accessibility by ordinary and emergency vehicles during flooding events;
    g. The anticipated costs of providing governmental services to the proposed development during and after flooding events, including maintenance and repair of streets, bridges, facilities and public utilities such as sewer, gas, electrical and water systems;
    h. The proposed development's functionally dependent use;

i. The availability of alternative locations, not subject to flooding or erosion damage, for the proposed development; and
j. The relationship of the proposed use to the comprehensive plan for that area.

5. **Interpret the exact location of the boundaries of Special Flood Hazard Areas** whenever a mapped boundary appears to be different from actual field conditions. (The sole purpose of this interpretation is to determinate the applicability of the provisions of this Code to the proposed project.)

6. **Notify adjacent communities** and the State Coordinating Agency, which is the Arkansas Natural Resources Commission, a minimum of 60 days prior to any alteration or relocation of a watercourse, and submit evidence of all such notifications to FEMA.

7. **Ensure that the flood carrying capacity** within an altered or relocated portion of a watercourse is not diminished, and that the alteration or relocation does not adversely impact any other lands.

8. **Obtain, review and reasonably utilize,** whenever the current Flood Insurance Study or current Flood Insurance Rate Map does not provide base flood elevation data, any **base flood elevation data and floodway data** available from any Federal, State or other source. The Floodplain Administrator may obtain such data by requiring the applicant to submit it in conjunction with a Floodplain Development Permit application. (The sole use of this data is the administration of the provisions of this Code.)

9. **Inspect floodplain developments as necessary** to ensure construction is in accordance with the application data that formed the basis for the decision to issue the Floodplain Development Permit.

10. **Issue Certificates of Compliance.**

11. **Maintain all records and documents pertaining to this Code for public inspection**.

SECTION C. ESTABLISHMENT OF DEVELOPMENT PERMIT

A **Floodplain Development Permit is required** for all structural development, placement of manufactured structures, clearing, grading, mining, drilling, dredging, placement of fill, excavating, watercourse alteration, drainage improvements, roadway or bridge construction, individual water or sewer installations or any other development **in a Special Flood Hazard Area to ensure conformance with the provisions of this Code.**

SECTION D. PERMIT PROCEDURES

1. **Application** for a Floodplain Development Permit shall be presented to the Floodplain Administrator on forms furnished by him/her and may include, but not be limited to, plans in duplicate drawn to scale showing the location, dimensions, and elevation of proposed landscape alterations, existing and proposed structures, including the placement of manufactured homes, and the location of the foregoing in relation to areas of special flood hazard.

2. The **documentation** required with each Application for a Floodplain Development Permit, and the specific provisions of this Code applicable to the proposed development, are dependent upon the type of development proposed and the Risk Zone of the proposed development site. Article 3, Section A contains standards for all developments in all Risk Zones. Article 3, Section B contains standards for specific development types in specific Risk Zones.

3. The decision of the Floodplain Administrator to **approve or deny** issuance of a Floodplain Development Permit is **subject to appeal** to the designated Appeal Board .Within the City of Bryant, Arkansas the designated Appeal Board is the City Council of Bryant

SECTION E. PROCEDURES FOR VARIANCE FROM THE REOUIRMENTS OF THIS CODE

1. Applicants must submit petitions for variances directly to the Appeal Board (Section F).

2. Variances may only be issued:
   a. if showing a good and sufficient cause;
   b. granting of the variance will not result in any adverse impact upon other lands;
   c. if granting of the variance will not result in any additional threats to public safety;
   d. if granting of the variance will not result in extraordinary public expense;
   e. if granting of the variance does not create a nuisance, cause fraud on or victimization of the public, or conflict with existing laws or ordinances;
   f. if granting of the variance will not result in increased flood heights or an increase in expected flood velocities;
   g. if the requested variance is the minimum necessary, considering the flood hazards, to afford the necessary relief; and
   h. Upon determination that the requested variance is necessary to avoid an extraordinary hardship to the applicant.

3. Variances in regulatory floodways will be granted on a case by case basis only and will be limited to the items listed in floodway section 2 A.

SECTION F. APPEAL BOARD

1. Within the City of Bryant, Arkansas the City Council is the designated Appeal Board.

2. The Appeal Board will consider an appeal only with allegations of an error in any requirement, decision, or determination made by the Floodplain Administrator in the enforcement or administration of this Code.

3. Upon consideration of the factors noted in Article 2, Sections E and F, and the intent of this ordinance, the Appeal Board may attach such conditions to the granting of variances, as it deems necessary to further the purpose and objectives of this ordinance.

4. Appeal Board decisions are binding only upon the requirements of this Code, and have no bearing on the decision of any lending institution to require the purchase of flood insurance or on the rate determination of such insurance.

5. Any time the Appeal Board issues a variance, it must provide the applicant with a formal written warning of an increased risk of flood damage due to removal of restrictions designed to lessen such risks. The notice must also warn of a corresponding increase in the cost of flood insurance, since the cost of such insurance will be commensurate with the increased risk.

6. Aggrieved parties may appeal any decision of the Appeal Board to a court of competent jurisdiction.

ARTICLE 3 PROVISIONS FOR FLOOD HAZARD REDUCTION

SECTION A. GENERAL STANDARDS

The following standards apply to all developments in Special Flood Hazard Areas, regardless of the type of proposed development or the Risk Zone of the proposed site.

1. **All new construction or substantial improvements** shall be **designed (or modified) and adequately anchored** to prevent flotation, collapse or lateral movement of the structure resulting from hydrodynamic and hydrostatic loads, including the effects of buoyancy;

2. **All new construction or substantial improvements** shall be constructed by methods and practices that **minimize flood damage**;

3. **All new construction or substantial improvements** shall be constructed **with materials resistant to flood damage**;

4. All **critical facilities** constructed or substantially improved in Special Flood Hazard Areas (SFHA) must be constructed or modified to **exceed 500-year flood protection** standards **or located outside the SFHA**.

5. **The placement or construction of all new structures must be in full compliance with the provisions of this Code**

6. For the purposes of this Code, all **mixed-use structures are subject to the more stringent requirements of residential structures.**

7. **A substantial improvement or substantial damage** to an existing structure **triggers a requirement to bring the entire structure into full compliance** with the provisions of this Code. The existing structure, as well as any reconstruction, rehabilitation, addition, or other improvement, must meet the standards of new construction in this Code.

8. **Any improvement to an existing structure that is less than a substantial improvement requires the improvement, but not the existing structure, to be in full compliance with the provisions of this Code.**

9. **All manufactured homes** to be placed within a Special Flood Hazard Area on a community's FIRM shall be **installed using methods and practices, which minimize flood damage**. For the purposes of this requirement, manufactured homes must be elevated and anchored to resist flotation, collapse, or lateral movement. Methods of anchoring may include, but are not limited to, use of over-the-top or frame ties to ground anchors. This requirement is in addition to applicable State and local anchoring requirements for resisting wind forces. Screw augers or expanding anchors will not satisfy the requirement of this provision.
10. The design or location of **electrical, heating, ventilation, plumbing, and air conditioning equipment for new structures**, or for any improvements to an existing structure, must prevent water from entering or accumulating within the components during base flood events.

11. The design of **all new and replacement water supply** systems must minimize or eliminate infiltration of floodwaters into the system during base flood events.

12. The design of **all new and replacement sanitary sewage** systems must minimize or eliminate infiltration of floodwaters into the system during flooding events, and must prevent sewage discharge from the systems into floodwaters.

13. The placement of **on-site waste disposal systems** must avoid impairment to, or contamination from, the disposal system during base flood events.

14. **Construction of basement foundations in any Special Flood Hazard Area is prohibited.**

15. New construction and substantial improvements, with **fully enclosed areas (such as garages and crawlspaces)** below the lowest floor that are usable solely for parking of vehicles, building access or storage in an area other than a basement and which are below the base flood elevation shall be designed to automatically equalize hydrostatic flood forces on exterior walls by allowing for the entry and exit of floodwaters. Designs for meeting this requirement must either be certified by a registered professional engineer or architect or meet or exceed the following minimum criteria:
    a. A minimum of two openings on separate walls having a total net area of not less than I square inch for every square foot of enclosed area subject to flooding shall be provided.
    b. The bottom of all openings shall be no higher than I foot above grade.
    c. Openings may be equipped with screens, louvers, valves, or other coverings or devices provided that they permit the automatic entry and exit of floodwaters.

16. The placement of **recreational vehicles (RV)** in Special Flood Hazard Areas must either
    a. be temporary, as demonstrated by the RV being fully licensed, being on wheels or a jacking system, attached to the site only by quick disconnect type utilities and security devices, having no permanently attached additions, and being immobile for no more than 180 consecutive days; or else
    b. Meet all provisions of this Code applicable to manufactured home structures.

17. All proposals for the development of a **residential subdivision, commercial business park or manufactured home park/subdivision** must have **public utilities and facilities such as sewer, gas, electrical and water systems** located and constructed to minimize or eliminate flood damage.

18. All proposals for the development of a **residential subdivision, commercial business park or a manufactured home park/subdivision** must include an adequate **drainage plan** to reduce exposure to flood hazards.

19. All proposals for the development of a **commercial business park or a manufactured home park/subdivision** must include an adequate **evacuation plan** for the escape of citizens from affected nonresidential structures during flooding events.

SECTION B. RISK ZONE SPECIFIC STANDARDS

In addition to the General Standards, the following standards apply to specific development types in specific Risk Zones. Risk Zones listed in this Code that do not appear on the current FIRM are not applicable.

---

(1) In AE or Al-30 Risk Zones: Special Flood Hazard Areas with base floods determined

a. **For Residential Structures in Zone AE or A 1-30**:

1. For all new residential structures, the top surface of the lowest floor must have an elevation {3 feet or more} above the published BFE. This elevation must be documented on an Elevation Certificate properly completed by a Professional Engineer, Surveyor or Architect licensed to practice in the State of Arkansas.

2. For all substantial improvements or substantial damage to existing residential structures, the entire structure becomes subject to the requirements of a new residential structure.

3. For any reconstruction, rehabilitation, addition, or other improvement to an existing residential structure that is less than a substantial improvement, only the improved area, but not the entire structure, becomes subject to the requirements of a new residential structure.

b. For Nonresidential Structures in Zone AE or Al-30:

1. All new commercial, industrial or other nonresidential structures must either:
   i. have the lowest floor (including basement) elevated {3 feet or more} above the base flood level or
   ii. be flood proofed such that, together with attendant utility and sanitary facilities, be designed so that below {an elevation of 3 feet above} the base flood level the structure is watertight with walls substantially impermeable to the passage of water and with structural components having the capability of resisting hydrostatic and hydrodynamic loads and effects of buoyancy.
   iii. a registered professional engineer or architect shall develop and/or review structural design, specifications, and plans for the construction, and shall certify on a Flood proofing Certificate that the design and methods of construction are in accordance with accepted standards of practice as outlined in this subsection. A record of such certification, which includes the specific elevation (in relation to mean sea level) to which such structures are flood proofed shall be maintained by the Floodplain Administrator.
2. For all substantial improvements or substantial damage to existing commercial, industrial or other nonresidential structures, the entire structure becomes subject to the requirements of a new nonresidential structure.

3. For any reconstruction, rehabilitation, addition, or other improvement to an existing nonresidential structure that is less than a substantial improvement, only the improved area, but not the entire structure, becomes subject to the requirements of a new nonresidential structure.

c. For Manufactured Homes in Zone AE or Al-30:
    1. All manufactured homes that are placed or substantially improved on sites:
        i. outside of a manufactured home park or subdivision,
        ii. in a new manufactured home park or subdivision,
        iii. in an expansion to an existing manufactured home park or subdivision, or
        iv. in an existing manufactured home park or subdivision on which a manufactured home has incurred "substantial damage" as a result of a flood, be elevated on a permanent foundation such that the lowest floor of the manufactured home is elevated {3 feet or more} above the base flood elevation and be securely anchored to an adequately anchored foundation system to resist flotation, collapse, and lateral movement.

    2. Require that manufactured homes be placed or substantially improved on sites in an existing manufactured home park or subdivision on the community's FIRM that are not subject to the provisions of paragraph (l .) of this section be elevated so that either:
        i. the lowest floor of the manufactured home is {3 feet or more} above the base flood elevation, or
        ii. the manufactured home chassis is supported by reinforced piers or other foundation elements of at least equivalent strength that are no less than 36 inches in height above grade and be securely anchored to an adequately anchored foundation system to resist flotation, collapse, and lateral movement.

    3. For all substantial improvements or substantial damage to existing manufactured home, the entire structure becomes subject to the requirements of a new manufactured home.

    4. For any reconstruction, rehabilitation, addition, or other improvement to an existing manufactured home that is less than a substantial improvement, only the improved area, but not the entire structure, becomes subject to the requirements of a new manufactured home.

d. When a regulatory floodway has not been designated, the Floodplain Administrator must require that no new construction, substantial improvements, or other development (including fill) shall be permitted within Zones Al-30 and AE on the community's FIRM, unless it is demonstrated that the cumulative effect of the proposed development, when combined with all other existing and anticipated development, will not increase the water surface elevation of the base flood more than one foot at any point within the community.

(2) Floodways: High-risk areas of stream channel and adjacent floodplain)

a. Developments in regulatory floodways are prohibited, **except** for the following:
    1. City park developments, parking lots (not requiring a retaining wall), bridge construction, road or driveway construction. All must be No-Rise certified.

b. No type of building, home (manufactured or otherwise), may be placed in a regulatory floodway, regardless of elevation, anchoring methods, or No-Rise certification.

---

(3) In AH or AO Risk Zones: Special Flood Hazard Areas of shallow flooding

a. **For Residential Structures in Zones AH or AO**:
    1. All new residential structures must be constructed with the top surface of the lowest floor elevated {3 feet or more} above the published BFE, or {3 feet or more} above the highest adjacent grade in addition to the depth number specified (at least 3 feet if no depth number is specified) on the community's FIRM. This elevation must be documented on an Elevation Certificate properly completed by a Professional Engineer, Surveyor or Architect licensed to practice in the State of Arkansas.

    2. For all substantial improvements or substantial damage to existing residential structures, the entire structure becomes subject to the requirements of a new residential structure.

    3. For any reconstruction, rehabilitation, addition, or other improvement to an existing residential structure that is less than a substantial improvement, only the improved area, but not the entire structure, becomes subject to the requirements of a new residential structure

b. **For Nonresidential Structures in Zones AH or AO**.
    1. All new commercial, industrial or other nonresidential structure must either:
        i have the top surface of the lowest floor elevated {3 feet or more} above the published BFE, or {3 feet or more} above the highest adjacent grade in addition to the depth number specified (at least 3 feet if no depth number is specified) on the community's FIRM, with documentation on an Elevation Certificate properly completed by a Professional Engineer, Surveyor or Architect licensed to practice in the State of Arkansas; or

ii be flood proofed such that the structure, together with attendant utility and sanitary facilities be designed so that below {3 feet or more} above the published BFE in Zone AH, or {3 feet or more} above the base specified flood depth in an AO Zone, the structure is watertight with walls substantially impermeable to the passage of water and with structural components having the capability of resisting hydrostatic and hydrodynamic loads of effects of buoyancy.

2. For all substantial improvements or substantial damage to existing commercial, industrial or other nonresidential structures the entire structure becomes subject to the requirements of a new nonresidential structure.

3. For any reconstruction, rehabilitation, addition, or other improvement to an existing nonresidential structure that is less than a substantial improvement, only the improved area, but not the entire structure, becomes subject to the requirements of a new nonresidential structure.

c. For Manufactured Homes in Zones AH or AO:

1. All manufactured homes that are placed or substantially improved on sites•
   i outside of a manufactured home park or subdivision,
   ii in a new manufactured home park or subdivision,
   iii in an expansion to an existing manufactured home park or subdivision, or
   iv in an existing manufactured home park or subdivision on which a manufactured home has incurred "substantial damage" as a result of a flood, be elevated on a permanent foundation such that the lowest floor of the manufactured home is elevated {3 feet or more} above the published BFE, or {3 feet or more} above the highest adjacent grade in addition to the depth number specified (at least 3 feet if no depth number is specified) on the community's FIRM, and be securely anchored to an adequately anchored foundation system to resist flotation, collapse, and lateral movement.

2. Require that manufactured homes be placed or substantially improved on sites in an existing manufactured home park or subdivision on the community's FIRM that are not subject to the provisions of paragraph l. of this section be elevated so that either:
   i the lowest floor of the manufactured home meets the elevation standard of paragraph 1., or
   ii the manufactured home chassis is supported by reinforced piers or other foundation elements of at least equivalent strength that are no less than 36 inches in height above grade and be securely anchored to an adequately anchored foundation system to resist flotation, collapse, and lateral movement.
3. For all substantial improvements or substantial damage to existing manufactured home, the entire structure becomes subject to the requirements of a new manufactured home.

4. For any reconstruction, rehabilitation, addition, or other improvement to an existing manufactured home that is less than a substantial improvement, only the improved area, but not the entire structure, becomes subject to the requirements of a new manufactured home.

d. **Where FEMA has not established a regulatory floodway in Zone in Zones AH or AO**, no Floodplain Development Permit may be issued unless a detailed engineering analysis is submitted along with the application that demonstrates the increase in base floodwater elevation due to the proposed development and all cumulative developments since the publication of the current FIRM will be less than 1 foot.

e. **Require adequate drainage paths** around structures on slopes, to guide floodwaters around and away from proposed structures.

(4) In "A" Risk Zones:
(Special Flood Hazard Areas with no base flood elevations determined)

a. In Zone A, the applicant or the applicant's agent must determine a base flood elevation prior to construction. The BFE will be based on a source or method approved by the local Floodplain Administrator.

b. For Residential Structures in Zone A:

1. For all new residential structures, the top surface of the lowest floor must have an elevation {3 feet or more} above the BFE. This elevation must be documented on an Elevation Certificate properly completed by a Professional Engineer, Surveyor or Architect licensed to practice in the State of Arkansas.

2. For all substantial improvements or substantial damage to existing residential structures, the entire structure becomes subject to the requirements of a new residential structure.

3. For any reconstruction, rehabilitation, addition, or other improvement to an existing residential structure that is less than a substantial improvement, only the improved area, but not the entire structure, becomes subject to the requirements of a new residential structure.

c. For Nonresidential Structures in Zone A:

1. All new commercial, industrial or other nonresidential structures must either:

i. have the lowest floor (including basement) elevated {3 feet or more} above the base flood level or
ii. be flood proofed such that, together with attendant utility and sanitary facilities, be designed so that below {an elevation of 3 feet above} the base flood level the structure is watertight with walls substantially impermeable to the passage of water and with structural components having the capability of resisting hydrostatic and hydrodynamic loads and effects of buoyancy.
iii. A registered professional engineer or architect shall develop and/or review structural design, specifications, and plans for the construction, and shall certify on a Flood proofing Certificate that the design and methods of construction are in accordance with accepted standards of practice as outlined in this subsection. A record of such certification, which includes the specific elevation (in relation to mean sea level) to which such structures are flood proofed shall be maintained by the Floodplain Administrator.

2. For all substantial improvements or substantial damage to existing commercial, industrial or other nonresidential structures, the entire structure becomes subject to the requirements of a new nonresidential structure.

3. For any reconstruction, rehabilitation, addition, or other improvement to an existing nonresidential structure that is less than a substantial improvement, only the improved area, but not the entire structure, becomes subject to the requirements of a new nonresidential structure.

d. For Manufactured Homes in Zone A:

1. All manufactured homes that are placed or substantially improved on sites:
   i. outside of a manufactured home park or subdivision,
   ii. in a new manufactured home park or subdivision,
   iii. in an expansion to an existing manufactured home park or subdivision, or
   iv. in an existing manufactured home park or subdivision on which a manufactured home has incurred "substantial damage" as a result of a flood, be elevated on a permanent foundation such that the lowest floor of the manufactured home is elevated {3 feet or more} above the base flood elevation and be securely anchored to an adequately anchored foundation system to resist flotation, collapse, and lateral movement.

2. Require that manufactured homes be placed or substantially improved on sites in an existing manufactured home park or subdivision on the community's FIRM that are not subject to the provisions of paragraph (1.) of this section be elevated so that either:
   i. the lowest floor of the manufactured home is {3 feet or more} above the base flood elevation, or
   ii. the manufactured home chassis is supported by reinforced piers or other foundation elements of at least equivalent strength that are no less than 36 inches

in height above grade and be securely anchored to an adequately anchored foundation system to resist flotation, collapse, and lateral movement.

3. For all substantial improvements or substantial damage to existing manufactured home, the entire structure becomes subject to the requirements of a new manufactured home.

4. For any reconstruction, rehabilitation, addition, or other improvement to an existing manufactured home that is less than a substantial improvement, only the improved area, but not the entire structure, becomes subject to the requirements of a new manufactured home.

e. **Base flood elevation data and a regulatory floodway**, utilizing accepted engineering practices, shall be generated for subdivision proposals and other proposed development including the placement of **manufactured home parks and subdivisions which is greater than 50 lots or 5 acres, whichever is lesser,** if not otherwise provided.

ORDINANCE NO. 2025-_____

AN ORDINANCE RESTRICTING RIGHT-OF-WAY CANVASSERS AND SOLICITORS TO CERTAIN BRYANT STREETS AND ROADWAYS, LOCATED WITHIN THE CITY OF BRYANT, BECAUSE CANVASSERS AND SOLICITORS POSE A DANGER TO THEMSELVES AND THE PUBLIC AT LARGE BY INTERVENING WITH THE SAFE AND NORMAL FLOW OF TRAFFIC; AND FOR OTHER PURPOSES

WHEREAS, the City Council of Bryant, Arkansas, desires to adopt an ordinance restricting right-of-way canvassers and solicitors to certain streets and roadways located in the City because such canvassers and solicitors pose a danger to themselves and the public at large by interfering with the safe and normal flow of vehicle traffic; and

WHEREAS, right-of-way canvassers and solicitors approach motorists and passengers while the motor vehicle is engaged in travel on roads and are particularly susceptible to serious bodily injury or death due to the speed and number of motorists who operate vehicles on roads of the City; and

WHEREAS, roads are primarily designed for vehicular traffic and are not suited to safely accommodate right-of-way canvassers and solicitors; and

WHEREAS, the presence of right-of-way canvassers and solicitors interferes with the safe movement and normal flow of traffic; and

WHEREAS, there are ten (10) full-colored traffic lights within the City; and

WHEREAS, upon additional analysis, the City Council of the City of Bryant, Arkansas, has determined that canvassers and solicitors should be limited on additional street corners.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF BRYANT, ARKANSAS

SECTION 1: It is the finding of the City Council that other alternative and safer channels of communication exist other than right-of-way canvassing and solicitation for a person or people who seek to exercise their First Amendment freedoms, such as, but not limited to, mail solicitation for donations, or delivery of literature, distribution of literature or solicitation for donations at other locations (such as homes, places of worship, businesses, shopping areas, news and magazine racks, special events, and any other place not prohibited by law); the distribution or sale of newspapers or other literature through the use of home or business delivery, vending machines, and retail stores; and the sale of goods and services at retail stores, through the internet, and from vending machines.

SECTION 2: The City Council desires to protect and preserve the safety and quality of life of its residents and those who use the streets within the City, both pedestrians and motorists alike.

SECTION 3: The City Council has reviewed the proposed regulations provided by this section and finds that such regulations accomplish the intended purposes while utilizing the least restrictive means possible.

SECTION 4: It is the intention of the City Council that this subsection is applied equally to all right-of-way canvassers and solicitors, regardless of the right-of-way canvasser and solicitor's purpose and/or message.

SECTION 5: It is the intention of the City that nothing in this section shall prohibit a person from engaging in any other lawful activity or speech on the sidewalks in and around intersections, so long as that person or people are not right-of-way canvassers and/or solicitors and comply with all other state and local laws.

SECTION 6: The City finds that it is in the best interests of the residents of the city to adopt this subsection.

Prohibited roadways included but not limited to the following. It shall be unlawful for any person to act as a right-of-way canvasser and/or solicitor at or within two hundred
(200) feet from the lateral curb or boundary line of any intersection located at the following roadways:

- Reynolds (Hwy 183) and Bryant Parkway
- Reynolds and Mills Park Road
- Reynolds and Sullivan
- Reynolds and Prickett
- Reynolds and Roya
- Reynolds and I-30 Ramp
- Reynolds and Commerce
- Reynolds and Stagecoach (Hwy 5)
- Stagecoach and Lowery/Main
- Stagecoach and Bryant Parkway
- Stagecoach and Springhill
- Bryant Parkway and Shobe
- Main Street and Bryant
- Commerce and Main Street
- Main Street and Broadway Ave

SECTION 7: Those violating these restrictions are guilty of disturbing the peace, and in accordance with Ark. Code§ 14-54-1408 may be cited and punishable by a fine up to $100.

SECTION 8: Should any word, phrase, or section of this ordinance be held to be invalid or unconstitutional by a court of competent jurisdiction, such invalidity shall not affect the force and validity of the remaining portion of sections of this ordinance.

PASSED AND APPROVED THIS ____ DAY OF _____ 2025, BY THE CITY COUNCIL OF BRYANT, ARKANSAS.

Attest:

Chris Treat, Mayor

Mark Smith, City Clerk
