The Police Department's current In Car and Body Worn Camera system (WatchGuard) is in dire need of an upgrade/ replacement. The PD has been experiencing problems with equipment failure and a lack of product replacement for the last year. The PD had previously put in a capital request in 2022 to replace aging In Car DVR's. The current provider is not able to meet our current needs. The PD has been field testing a new system for over three months. Quotes from the current provider and the new system have been obtained. The new system is the lower of the two quotes and also the preferred selection. The PD requests permission to purchase the new system and waive competitive bidding due to GSA pricing. Payment would not be due until the system is delivered and installed in 2023.

City of Bryant Local History

The City of Bryant received its start as a very small township in central Arkansas as European settlers established themselves along Hurricane Creek in the early 19th century. Over the years the city saw times of economic struggle, but as the demand for the area's bauxite grew during the WWII era, development and a steady slow growth began. Since then, the economic landscape of the city has seen many changes, as Bryant evolved from a typical railroad community, into one focused on family, education and quality of life for its residents.

Once a small industrial town, Bryant is now the fastest growing city in Central Arkansas. With a public education system deemed as one of the best in the state, as well as its proximity to the state's capital city of Little Rock, Bryant has more than doubled in population size over the past two decades. A stable and diversified business community, as well as a high demand real-estate market, now makes Bryant a much sought-after community for families and entrepreneurs.

The backbone of Bryant being its competitive spirit, organized youth and adult sports have thrived here. Making quality of life for residents a focus of Bryant's growth plan over the years, the city and school have created joint partnerships to ensure the best use of citizen taxpayer, with money being invested back into the community. This has allowed both entities to offer a multitude of sports and educational opportunities to local residents.

The creation of Bishop Park, which opened in 2010, created additional opportunities for many local sports organizations to develop and grow, thus creating a robust sports tourism trade for the city. Bryant hosts numerous sporting events for all ages including baseball, softball, swimming, soccer, football, disc golf, pickleball, and tennis.

Community events are also important to those living in Bryant, connecting people new to the city to the many traditions that have been a part of the community for decades. The Bryant Fallfest Celebration, hosted by the local Chamber of Commerce, is entering its 34th year and is well attended by locals and visitors alike. The city has recently recreated the 4th of July celebrations from years ago, and are now planning the fourth annual Pops in the Park event.

However, the largest event for this area is the annual "Salt Bowl" Competition. This competition, normally held in August/September is the most attended high school football game in Arkansas. During this battle for the title of Salt Bowl Champion, Bryant takes on its neighbor to the west, Benton. With a normal attendance of over 30,000 fans, this long-standing rivalry extends out past the football field. The weeks leading up to the game will include competitive food drives between the two cities, including the schools and residents. Local businesses, community sponsors, churches and other organizations also find a way to join in on the friendly community wide rivalry. The event was still held during COVID during 2020 and 2021 but attendance was restricted. It was back full force in 2022.

Economic development and growth in Bryant have held strong through many market challenges. Mostly due to the comprehensive business make-up of the city. The Bryant School District along with the city government itself are the city's largest employers. There were 684 business licenses re-issued with another 35 new licenses requested in 2022 (not all store front). Local industry is varied and it is that myriad of retail, healthcare, restaurants, financial services, and other entrepreneurial opportunities that offers stability to the city's economic development. With Bryant's residential growth still climbing, there is still much opportunity for commercial growth in the city.

In 2021 Bryant saw the opening of the Arkansas Heart Hospital's Encore Medical Center. This four-story building is a general acute hospital care facility with a focus on bariatric surgery and peripheral vascular disease. It also features a full-service emergency department, restaurant and medical offices, bringing an additional 200 jobs to the local healthcare industry.

Arkansas' local economies are commonly supported by sales tax. Arkansas has a statewide sales tax of 6.5%. In Bryant, another 3% is collected and used by the city. This sales tax makes up approximately 80% of the general fund income. I hope you enjoyed this brief Local History on the City of Bryant. Please continue reading to see how we plan to use the resources granted to us by the citizens for the calendar year of 2023.

City of Bryant Letter of Transmittal

Dear Citizens of Bryant,

The annual construction of a budget for the upcoming year is important to your community on many levels. First it creates a road map and a mission on how your city government will utilize the resources allotted to them through sales tax, franchise fees, utility rates, fines, as well as permits. This roadmap is then set into place to create, and ultimately fulfill, a long-term vision for the city.

It is the desire of the mayor, council, and city employees to seek and create smart, positive, and sustainable growth so that Bryant is considered a healthy American city, capable of sustaining itself even during periods of slow growth.

It is our desire to continue this proactive stance toward our city's growth and avoid being reactive when possible. To do this takes very deliberate action, which begins with good policy and a long-term plan. This plan is then implemented one year at a time. The City currently has long-term plans for some departments like Water, Wastewater, Parks and Stormwater but not for all departments. The City is continuing to work towards this goal of a long-term plan for each department.

As we work to achieve this vision, many goals are set. One of the most important of these would be public safety. Keeping our citizens and visitors safe while in our community is imperative to the healthy growth of Bryant.

The administration of Public Safety for the city is implemented by way of several departments, including Police, Fire, Courts, Public Works and Animal Control. As you read this document, you will find that much of our allotted resources (funding) are consumed by our Public Safety Departments.

From the more obvious safety and community response actions that our Police, Fire and Animal Control perform to the behind the scenes work of the Public Work staff ensuring our local water quality is meeting all standards keeping our community healthy is a main priority. Another high safety priority is Stormwater management. ARPA funding of $2.2 is requested to fund Stormwater concerns in this 2023 budget, see later pages discussing this in this document.

It is no secret that as Bryant has grown, so has its traffic concerns. Traffic congestion is frustrating, bad for businesses, and diminishing to a good quality of life. We devote substantial resources to creating a well-connected community, again, part of our long-term planning process.

Every year, we work to improve our pedestrian and cycling infrastructure, focusing first on connecting our parks, neighborhoods and schools. Many of these improvements are funded through grants that the city applies for in conjunction with city resources. In 2013, Bryant implemented a Complete Street Policy. This policy ensures that as Bryant grows, new developments that will affect our city sidewalk and road infrastructure share in the cost of that impact. By implementing this policy, the city will have to spend less tax revenue on building infrastructure in these areas and can reallocate that money for other much-needed uses within the city. In the future, we will also have the ability to build a connector to the, now under design, Southwest Trail Project. This trail will allow us to link Bryant with communities throughout Central Arkansas through a safe and protected trail system.

The construction of Bryant Parkway, the new North-South traffic corridor partially paid for through a bond refinancing approved by the voters, will also have a huge positive impact on Bryant. Not only will it relieve the traffic congestion on Reynolds Road allowing alternate routes for school transportation, it also creates additional pedestrian and bicycle access to these schools as well as neighborhoods and parks. During 2019, 2020, 2021 and 2022 progress on this project has been slow as the city waited on official FAA and FHA approval, due to the proximity to the Saline County Regional Airport. However, now this has been obtained and the project is set to be completed in 2024.

During 2020, a budding Engineering Department was moved out of Public Works and made into its own Administrative Department in order to better service all the departments of the city. This new department is key to our focus area of smart growth. It will help the other departments make wiser decisions and be better stewards of their resources. In 2021 the Code and Planning Departments were combined into one department called Community Development. This department is not listed under Public Safety in the Annual Audit but rather under General Government. It is hoped that by combining these departments it will create a new focus and synergy to be enjoyed by the residents of Bryant. These two changes in recent years are examples of Smart Growth. Smart Growth is one of our four Focus Areas as well.

Finally, the last significant focus area to be mentioned here is the Health and Quality of Life for the Citizens and Visitors to Bryant. All departments contribute to this goal in one way or another, but the department whose sole focus of this goal is Bryant Parks and Recreation.

As Bryant has grown, it has struggled to balance its growth with the desires of those living in our community. There is no

To assist in closing that gap, in July of 2018 Bryant implemented an Advertising and Promotion Tax. This tax was a way for the city to capitalize on its close proximity to the interstate by capturing food and lodging revenue from many of the

travelers stopping in our city. A 1% Restaurants and 2% Hotels Lodging tax rate was implemented. Per Arkansas state law this type of tax can only be used in two areas: advertising and parks. This placed the Bryant Parks and Recreation department on a more level competitive field with those parks in surrounding areas many of whom have had an A&P tax in place for several years.

Unfortunately, the Commission could not reach consensus and the Commission disbanded in August of 2019, leaving approximately $856,000 worth of collections. A portion of that was determined to be used by Council for the completion of services desired by citizens and visitors. Some of those improvements include the construction of a pavilion at Bishop Park, the construction of restrooms at Alcoa and Ashley Park and the creation of a new playground for Ashley Park.

It is important to note during the very short time that the A&P tax was collected it had a major impact on our park system. If this funding were still available, it would help our parks department to remain competitive with surrounding communities. Once these residual funds are depleted, there will be no additional funding outside of our general fund for the parks department in 2023 and beyond. Note, the General Fund alone, with the current revenues sources available, cannot fund the five-year plan for parks included as an appendix to this document.

The 2020 Budget year was different from anyone's expectations all across the world when the COVID 19 Pandemic hit. The city's administration immediately curbed spending and city staff began reevaluating their current budget items. When needed, funding was diverted to cover COVID-19 related costs as we anticipated a drop in sales tax revenue.

Fortunately, Bryant did not see a drop of anticipated sales tax revenue during the pandemic, rather an increase. We believe we owe this to several areas. The first, a large percentage of Bryant residents work outside of our city. Many of these workers were asked to stay and work from home causing their spending habits to change. Money that was used in other cities for lunch, was instead used locally for groceries and eating out as the quarantine extended. The second is the convenience that many residents found in shopping online. In April of 2019 cities in Arkansas began receiving online sales tax by jurisdiction. These two combined items have helped Bryant to weather the pandemic. Additionally, the extra money provided to laid off workers by the federal government helped slow a decrease in consumer spending.

Personnel costs make up the largest percentage category for the General Fund each year. Therefore, it makes sense that each year a lot of discussion during budget time is devoted to personnel items. Education Pay Program was implemented in 2021 and a Certification Pay Program was implemented in 2022. These two programs help to officially and separately pay employees for having Associates, Bachelors, Masters, and PhD Degrees and field related certifications have been goals of the City administration for several years. We are excited to implement them and hope the Sales Tax holds steady enough to allow for them to continue as planned. Each year the Council reviews the JESAP study and its recommendations along with the budget. A section of this document explores this study's recommendations in detail along with a five-year comparison of personnel numbers for the city as a whole.

The only true solution to keep pace with market demands in payroll is growth in sales tax and a diversification of revenue sources. Sales tax makes up the bulk of the General Fund Revenue sources in most Arkansas cities, including Bryant. It is imperative there is a multifaceted approach to business retention, expansion, and recruitment to ensure our businesses are successful so that in turn the city is successful. It is only by doing this that the city can hope to maintain the levels of services to which its citizens have become accustomed and maintain a city workforce that is competitive in the employee market. In addition to this growth, other sources of General Fund revenue need to be explored and bolstered.

With growth comes opportunities, change, and challenges. The Mayor, Council and city employees look forward to 2023 and the continued service to you and this community. We are committed to ensuring at all times we are finding creative ways to make the most of the resources you have entrusted to us. We hope you find the following pages breaking down the Budget process, department accomplishments, goals, performance measures and accompanying resources to your satisfaction and that we are being the best stewards possible with the revenues we receive to operate the City of Bryant.

Sincerely, Joy Black

Adding Transparency to the Budget Process

During the 2022 Budget Season the Finance Department sent out surveys to City Committee members from the responses to these surveys it was determined to schedule some Budget Workshops on Committee Meeting nights. This worked well for 2022 and the same format has been kept for 2023 with the Parks and Water/Wastewater budget workshops on the same nights that those committees would regularly meet during that month.

The next step in making the budget process more transparent was to reach out to the citizens of Bryant. First, information about the budget and the budget process was placed in the monthly newsletter that is mailed with the water bills, over 9000. Next, The Finance Department provided information by attending the annual Fallfest on September 24,2022 for the second year in a row. The weather was great and attendance was high at the event. During this event, staff from Finance and Stormwater Departments provided Bryant citizens with pamphlets about the budget process and informed them that their input helps set the priorities of the community. Stormwater issues are a large concern for the citizens of Bryant and continue to be a large budget item. Staff helped each other to get the word out about the budget and proper Stormwater etiquette.

Budget and Process Timeline

The City of Bryant typically begins constructing the budget for the following year in August/September of the previous year. The Finance Director and Mayor meet with the Department Heads and make a listing of any anticipated notable large changes from one year to the next. The Finance Director opens up a draft in the city software and asks Department Heads to go in and input their budgets. Then the Finance Director pulls all of that detail out and puts it into a draft booklet for the Mayor and Department Heads to review. The Mayor and Department Heads make any adjustments and a draft is then presented to Council for adoption, typically at the last Council meeting of the year.

While the audited financial Statements of the City are prepared using an accrual method the budget is prepared using the cash method. The main difference between these two methods for the city of Bryant is the depiction of fixed assets and debt. Debt includes both principal and interest payments. For budgetary purposes fixed assets are shown as expenses that are approved by Council. These are shown as the 58XX series of accounts. However, in the audited financial Statements these, including debt principal and interest payments, are converted via adjustments to the balance sheet.

Prior to the 2018 Adopted Budget, the budget was adopted by line item which was very cumbersome. In 2018 Council adopted the budget by expense category in the major funds, keeping the limited number of Revenue lines still by line item. This year for 2022 we are also adopting the revenue lines by category. This was much easier and efficient to administer the work of the City. With this in mind this 2022 budget will be prepared and presented to Council for approval in that same fashion. This means that the budget can be amended along the same categories/lines that it was adopted for expenses/revenues. Between categories or between depts or funds requires bringing the adjustment back to be approved by City Council. Within the category with in the same department small adjustments can be made with the approval of the Finance Director and the Department Head.

With all the talk of transparency in recent years the Finance Department decided to give out a one page survey to the city committee members to find out how much of the budget process they were understanding and enjoying as citizens. The Finance Department was surprised to discover that many committee members that had served more than one year did not feel like they understood or felt involved in the budgetary process. For this reason we decided to hold more Focus Area Budgetary Meetings open to the public but also held on the normal committee meeting nights/times to encourage their understanding and involvement. The Finance Department also attended Fall Fest where they discussed the budget with citizens.

Financing shall not exceed the useful life of the asset being acquired.

The City will not use long-term debt to finance current operations.

The general policy of the City is to fund capital projects (infrastructure) with new, dedicated streams of revenue or voter approved debt. Nonvoter approved debt may be utilized when a dedicated revenue source other than general revenue can be identified to pay debt service expenses.

Interest earnings on bond proceeds will be limited to: 1) funding the improvements specified in the authorizing bond ordinance; or 2) payment of debt service on the bonds.

Utility rates will be set to ensure debt service coverage exceeds the bond indenture requirement of 110%.

The City shall comply with the Internal Revenue Code Section 148 - Arbitrage Regulation for all tax-exempt debt issued.

Proceeds from debt will be used in accordance with the purpose of the debt issue. Funds remaining after the project is completed will be used in accordance with the provisions stated in the bond ordinance that authorized the issuance of the debt.

Capital improvement projects are defined as infrastructure or equipment purchases or construction that results in a capitalized asset costing more than $5,000 and having a useful life (depreciable life) of two (2) years or more, per Resolution 2021-03.

Proposed capital projects will be reviewed by a cross-departmental team for accurate costing (design, capital, and operating), congruence with City objectives and prioritized by a set of deterministic criteria. Financing sources will be sought for the highest-ranking projects.

Each month the City receives 3% of sales tax back from the State of Arkansas. This 3% is mandated by the Citizens via vote to be spent on the following listed categories. You can see from the charts above and below what a large percentage Sales Taxes make up of the overall total Revenues for the General Fund.

The chart below shows how the 3% sales tax above is allocated and budgeted for 2023.

Plans for Fund Balances for the three major funds (General, Street, and Water/Wastewater) are shown above and on the Focus Area page 14. Street completed several projects in 2022. However, a few projects for both Street and Water/Wastewater were carried over via Purchase Order Encumbrances so separately adopted by Council and not in this budget. Any dipping into Fund Balances is the result of Capital Plans. Street adopted capital plans for $1,823,000 (plus non cap overlays of $600,000) in this budget and Water/Wastewater adopted plans for $2,742,000 (plus $1,000,000 of depreciation expense as well). While these plans were adopted in this budget in these amounts it is likely that they will be on going in part into 2024. These capital plans for Public Works (Street, Stormwater, and Water/Wastewater) will necessitate that the Finance Director and the Public Works Director work closely together to monitor and adjust as needed the cash flow plans. Note further that some one time capital projects wwill be requested out of General Fund savings in January of 2023 after this initial budget was adopted. Council wisely waited to see how the year ended before approving these projects. Council and the Administration has followed this process for the past several years.

**Community Development was created after Planning and Code were combined in 2022*

The City has been fortunate to have had at least a moderate increase in Sales Tax every year for the past decade. This is great but it has made it difficult for the Finance Department to convince Council and the citizens of the need to diversify our revenue streams. The nature of Sales tax is mercurial. Also cities in Arkansas are not given a great deal of minute detail on their Sales tax receipts from the State. With 2022 being an Election Year it will be difficult to push through any significant or controversial changes; however, starting again at the beginning of 2023 increased emphasis needs to be placed on increasing the city's millage rate, bringing back the A&P Tax and consideration of any needed Impact fees.

The use of Long Term Debt or Bonds is an essential item to many municipalties to allow them to fund larger more costly projects. Similar to individual financing a car, bonding allows city's to spread the expense of an item over the life of the item. In many cases city's assets like roads and water plants have thirty plus year life spans.

Only the City's limited Amendment 78 Financing counts as General Obligation Debt limited by State Statute to 20% of the assessed value of the property located within the City.

The Enterprise Debt Issuances are Revenue Bond Debt. Prior to issuing enterprise fund bonds, an analysis of current revenues and expenses is conducted to determine the revenues required to support a bond issue.

The City's two Governmental Debt Issuances are Special Obligation Debt which is limited by the maximum amount of the special source (such as Sales tax or Franchise Fee) can generate within terms of bond covenants.

HR, Personnel and JESAP Overview

The city of Bryant uses the Job Evaluation and Salary Administration Program known as JESAP to evaluate its overall Personnel costs. This system is provided by an independent vendor named JER HR Group. JER HR Group also provides these services for several other city's within Arkansas and for the Arkansas Municipal League. The system compares the City of Bryant with 12 of these data sources. For the last six years with the budget process the most currently available JESAP study is reviewed and accepted by Council as well. This budget document is no different; acceptance of this Budget Book is also the acceptance of the current JESAP Report. During the last eight years in every JESAP report the City of Bryant has been significantly below the market. The City used to request the JESAP study only every other year. In an attempt to help to mitigate personnel issues in a more timely manner the city now requests this review each year. See the most recent JESAP recommendations below:

Exhibit Eight: Recommendations

1. Increase performing employees under minimum to at least minimum and/or above. (There are 34 employees under minimum with the latest outside market update.)

2. Use the recommended salary budget funds seven percent (7.0%) to provide a market and merit adjustment based on employee performance and where each employee is within their salary range.

3. It has been three years since the salary ranges have been updated and given the significant increases in entry level pay around the country and Arkansas, we are recommending the proposed new salary ranges for 2023. The City will need to increase their base salary budget as noted in 2. above to avoid losing ground with the area municipalities and other employers.

Note further that in the JESAP report found the City has only 3 employees in the 4th quartile and none over max anymore. The last few years of changes have contracted our bell curve and shifted it to the negative. The city had 12 employees in the 3rd quartile, 73 in the 2nd quartile, and 105 in the first quartile (with the 34 below min. discussed above) totaling 227 when the information was submitted for the report.

(A) For the 2019 Budget the temporary position in the Mayor's office was removed and a Part Time Code Enforcement Officer was proposed and a new SRO officer to be paid half from the school was added to PD.

(B)in 2020 the Staff Attorney position was combined with Elected City Attorney position. IT was hired in house with one staff. Engineering was moved out of Public Works to become its own four person department. Animal control added two new postions. Parks reduced its Admin by one position and moved one from Parks to Rec. The new Fire Marshal position was added in 2020. One SAT was added in PD along with a Public Information Officer and Administrative Assistant.

(C.) a more precise budgeting for Parks Part Time Position led to 10 being reflected here, see the Parks organization chart for further clarification. Police moved two SAT positions to K9.

(D) One position was added in the Mayor's office, a Facilities Manager. One position was added in the new Community Development dept, a Grants Manager and one position was added in Finance, a Purchasing Coordinator. 1 Proposed Animal Tech was added and two part time ones. 6.5 Positions were added to Police. A mistake was made last year and the Warrants officer was left off the org chart. A Partime and two full time positions in Dispatch. Corporals were removed from the Organization Structure and 4 Uniform positions were added. 8.5 Positions were added across Public Works mostly in Wastewater.

In 2023 only one position has been added to the General Fund in Engineering and that position has been frozen for the first quarter in these budget numbers. Additionally the position added in 2022 in Finance for Purchasing is also frozen for the first quarter. The three requested in Finance were not budgeted in these numbers for 2023 for the entire year due to cash flow considerations. They will have to be revisited by Council at a later date. The Meter Tech for water is included in these 2023 budget numbers along with the positions for Street and Stormwater.

Governmental Funds

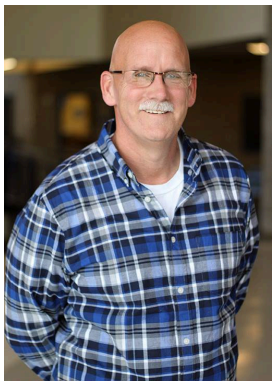

The City has two major Governmental Funds - the General Fund and the Street Fund. The General Fund includes the Sales Tax Fund 002, and the Franchise Fee Tax Fund 003 when it is shown in the audited financial statements. However, so that the individual budgeted lines can be viewed by Council those funds are broken out in this budget book and shown under the Non Major Governmental Funds section. General Fund includes the following departments as well. Administration which includes the Mayor, City Clerk, Office of Technology, Human Resources, and Finance. 0100 is this department's code. IT has a code of 0110. The new Engineering Department has a code of 0160. Animal Control is department 0200. The Court system is shown in department 0300. However, note that the Judge is elected and half of the Courts costs are borne by the city and half by the county. Parks and Recreation is shown by park in the following departments 0400 for Parks General, 0410 for Mills Park, 0420 for Midland Park, 0430 for Bishop Park and Center, 0440 for Alcoa Park and 0450 for Ashley Park. The city has a few more small parks but the expenses associated with these are shown under Parks General 0400. The Fire Department is in the General fund under 0500 and the reciprocal agreement the City has with Springhill Fire District is shown under department 0510. The Police Department is shown under Departments 0600 for General Patrol and Administration of PD. 0610 is the department that shows the costs and revenues associated with Dispatch and 911 calls. The 0620 department shows the costs and revenues associated with the School Resource Officer Program. The City and the School District split these costs. The K9 unit costs are shown under department 0630. The New Community Development Department is shown under department 0700. The General Fund accounts for all the City's financial resources of the general government except those required to be accounted for in another fund.

The Street Fund is 080 and is a special revenue fund used to account for all activities associated with maintaining and constructing streets. Arkansas statutes that provide funding for street and drainage projects require that these activities be accounted for separately. The Street Fund is financed by state turnback funds and a portion of a state wide 1/2 cent sales tax and 30% of the 1% Designated Tax.

While Street is a Governmental Fund it is managed under the Public Works Director with all the Enterprise Funds.

Other Governmental Funds are shown together and listed in this document as Non Major. These Non Major Funds include some Agency, Debt and Construction Funds.

In Arkansas, district courts were formerly known as municipal courts before the passage of Amendment 80 to the Arkansas Constitution in 2000. Act 3 and Act 627 of 2009 created 25 pilot district judgeships in the state, two of which are in Saline County. The Saline County District Courts exercise countywide jurisdiction over misdemeanor criminal cases, preliminary felony cases, and in certain types of civil cases in matters of less than $25,000. There are no jury trials in district court. In a district court trial, the judge makes both findings of fact and rulings of law.

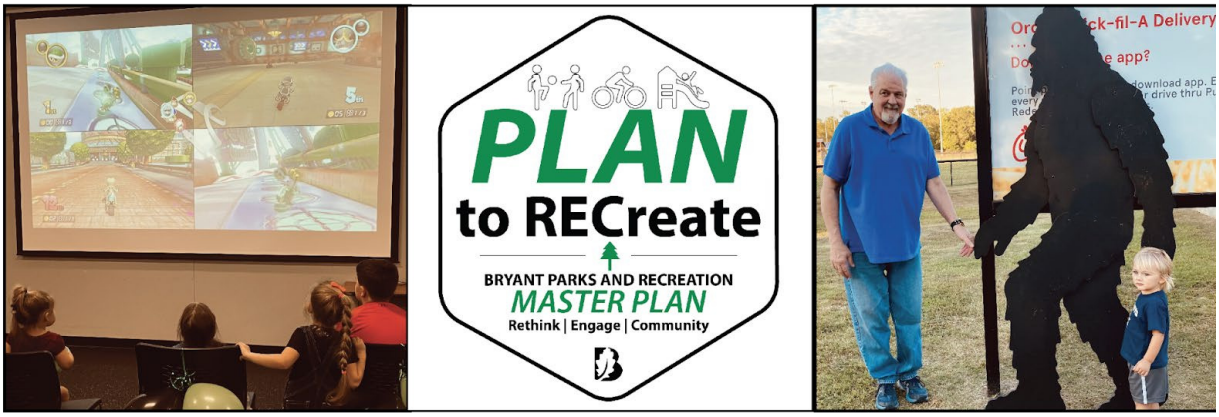

A small claims division of the Saline County District Court is administered by the Bryant Department and presided over by Judge Casady of the Bryant Department. This small claims division provides the citizens of Saline County a forum in which citizens may represent themselves to resolve minor civil matters. No attorneys may take part in litigation in the small claims division.

(A) Note that double these amounts are also budgeted in the Proposed 2023 budget under the Street Fund 080-0800-5828 with an additional $232K for Northlake and note further that the city is exploring obtaining a grant to help fund this Northlake Project. Also historically double these amounts shown were spent on these projects because another half was spent out of the Street Fund.
(B) Note that during 2022 it was approved by Council (Feb and Sept meetings) to fund three Stormwater Projects and one Water Project using the ARPA funds received by the city from the Federal Government. See details below on this.

February 2022 Council approved to spend	500,000	on the Carrywood/Debswood Stormwater Project
September 2022 Council approved to spend	550,000	on the Raintree Stormwater Project
September 2022 Council approved to spend	1,100,000	on the Northlake Stormwater Project

November 2022 Council approved to spend	2,000,000	on the Water Meter Replacement Project

Enterprise Funds

The City has a major Enterprise Fund called the Utility Revenue Fund shown as number 0500. This fund started out housing the collections of the water payments on the utility bills; however, now both stormwater and wastewater funds are collected through this fund as well. Any Enterprise Fund revenues are collected through this fund and then distributed out to their separate funds via transfers. This began changing with a General Ledger Software Conversion in 2022. Going into 2023 it is planned for all of Water's revenues and expenses to be housed in Fund 0500 and all of Wastewater's related revenues and expenses to be housed in 0510.

The water expenses are derived from the treatment and distribution of water to approximately 9000 customers. The Water department received its water from the Central Arkansas Water Authority in Little Rock, Arkansas. The expense to pay for the water is listed under the supplies category.

In 2016 the City added a new enterprise fund, 0515, one for Stormwater capital costs. The city collects on the Utility bills $3.00 from all residential customers and $6.00 from all commercial customers to help fund capital projects associated with stormwater issues. Because many Stormwater issues are related and in Streets the Stormwater Personnel and related operating costs continue to be paid out of the Street Fund, see those related pages in this Budget Book for a complete picture of Stormwater issues.

The Water and Wastewater Divisions had Twenty Year Master Plans completed by Crist Engineering in 2008. The Public Works and Finance Directors have been reviewing these documents for possible inclusion into this document as Appendices. We would like to have all the future plan documents in one place for easy reference. However, first we want to review these documents to see how our current 2021 outlook lines up with the estimates and projections and completion schedules within these documents.

Over the past couple of years our Public Works Department has been striving to move from using all contractors to doing some work "in house." The City has attempted to hire additional employees to do this work. See below a list of "in house" projects planned for the 2023 year.

Salaries, Wages, Benefits Allocation Review

It is a very common practice for shared cost centers in Administration or a general fund of a city to be allocated out to other funds. In the case of the City of Bryant services provided by the departments outlined below - Finance, HR, Attorney, Mayor, City Clerk, Information Technology, and Engineering - are provided to the other departments but the costs associated with their payroll are housed in Administration. To more accurately reflect these costs where they are utilized the Salaries, Wages, and Benefits Calculation is performed each budget season and an agreed upon amount is charged back to the other departments to reflect these costs/usages.

SWB Allocation Review (Salaries, Wages, and Benefits of Admin Staff)

In October of 2020 Department Heads from the seven depts shown below across the top of the chart from Admin were asked to divide 100% of their time amongst all the depts.
It was determined there were no changes to the allocation methodolgy for 2023.

City of Bryant, AR 2023 Budget Book

The City of Bryant started applying for the GFOA Budget Book Award in 2017. The City first received the Award for their 2018 Budget Book. Planning and long term goal setting have always taken place within the city but with the submission of the budget book these processes have begun to be more fully documented by the present City Finance Department.

The 2016 $26 million dollar Bond issuance was under taken in part to fund two Fire Stations and several parks projects that had been planned for some time and in part were discussed in conjunction with a 2020 plan. These are all now complete except for the Bryant Parkway Street Project which was delayed by several external factors.

It was planned in both 2020 and 2021 to hold several joint meetings to begin to solidify a 2040 Plan between the City Chamber and the City's offices; however, because of COVID these meetings have been put on indefinite hold. On the City's side to start an informal process of listing items considered for General Fund for the next 20 years the Department heads were polled. Some of the items listed came from the feedback received from Department heads. We have been included this listing in the Budget Books for 2020, 2021 and now 2022.

The State of Arkansas mandates that General Funds be budgeted balanced each year excluding capital projects. In order for this to be clearly and transparently accomplished each year the Council has chosen to adopt the regular budget in December and then come back and adopt any capital in January or in later months.

This appendix for General Fund is not intended to provide for precise budgeting. The costs are estimates. Annually in the Budgeting process updates to the plan, deletions, additions, delays or other revisions may occur which will reflect changing community needs and resources. Only after incorporation in successive budgets or as approved separately by the City Council will these items be considered funded.

Some of the items contained here in this appendix will require on going operational costs and in some cases produce operational savings. However, given the speculative nature of these items these operational additional costs or savings have not been estimated at this time.

Some of the items discussed for the 2040 plan may require additional review or approval by the various city committees/commission including but not limited to Water/Wastewater, Parks, Community Development and Review, Planning Commission and also review or discussion or reciprocal agreements with the County or State. Additionally some may require public hearings.

Three of the largest capital projects on the horizon in the next decade are a New or Significantly Improved City Hall, a new Fire Station up North and a New Animal Control Facility. It is likely the three of these items together will total over $10million and will necessitate the issuance of Bonds to pay for them. Starting December 1, 2026 is the first time the Sales and Use Bond from 2016 can be called and/or considered for refinancing. It is possible we could go to a vote of the people at that time for refinancing this debt and pull out money and extend the Sales Tax to pay for these large improvements. This is something Council should be considering at this time.
