Letter of Undue Hardship

To whom it may concern:

Geyer Springs Baptist Church has decided to launch a new ministry in Saline County called The Station. The mission of this ministry is to launch new ministries in this community as well as surrounding communities. This building will serve as a meeting place for new ministries as well as existing. A sign will be very important to this ministry as it will help people of many different ministries find this building.

Since this property is zoned Residential "R" District we are limited to two square foot of signage. Section 3.02 - 2 reads that a sign up to 32 sqft may be permitted by special permit process for non-residential uses.

We respectfully ask the committee to consider granting us permission to install a 14.26 sqft road sign as well as a 29.25 sqft Facade sign. Thank you in advance for the consideration.

Sincerely,

Tiffany Davenport

Planning Committee
City of Bryant, Arkansas
Community Development

To Whom it May Concern:

Letter of Undue Hardship

A part of our mission is to proclaim the gospel of Jesus Christ to all people -- to lead those who may never have known Him or who because of life's circumstances have found themselves reaching back out to Him. In faith, we moved our church to Bryant in February 2022, and by the grace of God, we are striving to be good stewards of His message and bring Him glory as we grow in this community.

For this reason, we are seeking a secondary sign on the North side of the building to make our new location more visible to potential visitors. Our current congregation is familiar with the area and the new location. However, our growth is focused on those who may not be familiar with our church. We are relying on word of mouth but also viewability.

Our building and one allowable sign face East. Unfortunately, the traffic closest to the location is also headed East. Therefore, to see the allowable building sign, the driver or passenger would have to turn and look backward. In the likely event that the location is not seen and passed, the driver would have to drive an additional 1.0 to 5.0 miles, depending on when the mistake is realized. To those driving East on I-30 Frontage Rd, this proposed location would be most visible and would allow drivers time to slow down and turn before missing the drive.

The sign facing the parking lot is needed also for visitors to know which suites are occupied by the church, and therefore, reduce confusion upon arrival. Aside from the main visibility concern, both signs proposed are consistent with previous and current tenants and do not adversely affect other signs or properties in the area.

We hope you will consider granting this variance. Thank you for your time.

Sincerely,

Tiffany Davenport

To whom this may concern,

We would like to request a variance for the allowance of two (2) facade signs on the front of the building that fronts Highway 183 for the Church's Chicken located at 1905 N Reynolds Rd. We understand that the sign code allows for only one (1) facade sign per business, but would like to request that the "Bold Texas Flavor" sign (S4 in the renderings) be permitted for the East Elevation.

The "Bold Texas Flavor" wording is only 5.33 SQ FT and would not adversely affect other signs in the area due to the small size of the proposed sign, nor would it interfere with visibility or traffic due to it being attached to the building by an L-Shaped ACM Portal located on the corner of the facade.

The use of the requested signage for the front elevation allows Church's Chicken to express their trademark slogan "Bold Texas Flavor", and without that the building would only have the "Church's Texas Chicken" wall sign and that would not express enough the flavor that Church's food offers to its patrons.

Thank you,
