Rotary Club of Bryant, Arkansas

To Whom It May Concern,

The Rotary Club of Bryant, Arkansas and Friends in Christ Lutheran Church partner together to operate The Kids Closet (501c3), which gives clothing, shoes, coats and other hygiene items and household items free of charge to needy children and families in our local community. Several hundred children a year are recipients of The Kids Closet. The Kids Closet has been located on the property of Friends in Christ Lutheran Church, 4305 Highway 5 North in Bryant since 2012. In February of 2023, The Kids Closet received a request for a child's bed. We delivered the bed. Soon, other calls started coming in for mattresses for children who didn't have beds. The Kids Closet contacted Ashley's Furniture, and they have donated 164 mattresses this year which have been given away to needy families. However, with this new venture, we needed storage space at the Kids Closet for these mattresses. A local contractor heard about it, and volunteered to build us an additional storage space for these mattresses. This new addition is described on the attached scope. This will allow us to store the mattresses in a climate controlled environment, and in an organized manner such that we can pull out the size we need.

I am requesting the appropriate permits and approvals so that this project can be completed, and we can continue to provide basic essentials to our local children and families.

Thank you,

Bryant Rotary Club

BRYANT ROTARY CLUB
KIDS CLOSET
FRIENDS IN CHRIST

"Service above self."

From the start...

The Kids Closet was started in 2008 as a closet in a member's office that would store clothes for children who been removed from their homes without their belongings due to circumstances beyond their control. Being able to give them new clothes was our way of helping restore them with a sense of pride. If possible, we tried to find items that they expressed interest in or items that were similar to "now gone" items that held personal value to them, in hopes to ease the troubling transition.

Over the years, it has grown to a stand-alone building on the property of Friends in Christ Lutheran Church. Soon after a shoe closet was added to make more room in the main building.

In 2019, the Bryant Rotary club started to raise funds to build another building twice the size and expand from school-aged children to helping infants.

How are children connected with the Kids Closet?

We receive referrals from all over the county. Most common connections are:

- Local School Counselors
- Local Teachers
- Boys and Girls Clubs
- Police and Sheriff Departments
- Fire Departments
- Non-Profits
- Churches
- Social Media Outreach
- Concerned Citizens

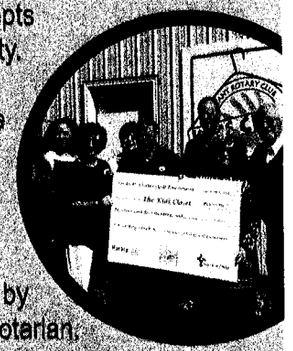

The Kids Closet has put many new smiles on faces of some of the kids at the Bryant Boys and Girls Clubs. It has been a life changing impact.

Suzanne Passmore, CEO
Boys and Girls Clubs

How do you get the items and raise money for the Kids Closet?

The Bryant Rotary Club applies for grants and works with local and national companies for inventory throughout the year.

The Kids Closet always accepts donations from the community. These donations are tax deductible. Donations can be made on the Bryant Rotary website www.BryantRotary.org, on the Facebook page @BryantRotaryKidsCloset, by calling (870) 820-2634 or by contacting any Bryant Rotarian.

We also have a signature fundraising event every year the first Saturday in May at Mills Park in Bryant called the Bryant Rotary Rubber Duck Derby Festival. Through this event, we raise the money needed to run the Kids Closet by selling "adoptions" of the racing rubber ducks, corporate sponsorships and partnerships with other non-profits. This event is also a kid-focused festival that is free to attend complete with entertainment, games, prizes, rides, contests and more.

2008 Bryant Rotarian Michelle Finney started a sharing clothing and supplies out of a closet in her office.

2011 Kids Closet expanded to the top floor of the First Security Bank Building.

2013 Bryant Rotarian Emil Woerner worked with Friends in Christ Lutheran Church to offer land for the Kids Closet to have a permanent building.

2017 Duck Derby Fundraiser first held to raise funds annually for Kids Closet, Imagination Library of Saline County and Bryant Boys and Girls Club.

2019 Ground was broken to build a second building to expand the materials offered to include babies and infants sizes.

These easements permit the construction, maintenance and upkeep of permanent subdivision identification signs, fountains, fences and associated landscaping, berms and rocks, and are reserved for the use and benefit of Developer for as long as Developer holds title to any land or lots in **CREEKSIDE ADDITION** or in contiguous lands subsequently platted as **CREEKSIDE ADDITION**. Developer may assign these easements to any organization representing owners of lots in **CREEKSIDE ADDITION** at any time during the period

Developer holds title to any land or lots in **CREEKSIDE ADDITION**. If no assignment takes place during such period, or if Developer releases an easement, the easement shall cease to exist. The developer or its assigns retain the right to construct, maintain and keep temporary or permanent identification signs or interpretive signs on any Tract or common area in **CREEKSIDE ADDITION**.

16. **PUBLIC UTILITIES.** All dwellings and other structures erected upon any lot as a residential dwelling shall be served by all public utilities, including public sewer. E-1 or equivalent grinder pump stations and service lines to the lateral must be installed on individual lots by a professional contractor and inspected/approved by the City of Bryant as determined by the city's policies and procedures. No amendment shall be effective unless and until duly enacted pursuant to the terms of The Declaration of Covenants and Restrictions and properly filed for record in the Office of the Circuit Clerk and Recorder for Saline County, Arkansas.

20. **SEVERABILITY.** The invalidation of any one of these covenants or restrictions by any court of competent jurisdiction or otherwise shall in no way affect any of the other provisions, which shall be independent and which shall remain in full force and effect.

I wish to make adjustments to Ordinance 2020-04, which is the City's Floodplain Ordinance.

starting on Pg 19

1. In each flood hazard area risk zone, a lowest floor elevation to be built to is given as 2 feet or more. It would be extremely beneficial to the city, if this requirement would be changed to 3 feet or more.
   - In the past, when called for, I have tried to insist on raising house pads more than 2 feet. The wording of the existing ordinance somewhat allowed me to ask for this. However, as long as the 2 foot minimum was met, I had no recourse. 3 foot or more would be safer for the home owner, and safer for the city. Since we do not prohibit construction in the floodplain, the additional footage requirement would act as a deterrent to build in the floodplain.

Pg 22

2. Floodways High-risk areas of stream channel and adjacent floodplain.
   a) Developments in regulatory floodways are prohibited, UNLESS
      1. A No-Rise Certificate, signed and stamped by a Professional Engineer Licensed to practice in the State of Arkansas, is submitted to demonstrate through hydrologic and hydraulic analyses performed in accordance with standard engineering practice that the proposed development would not result in any increase in flood levels within the community during the occurrence of a base flood event; OR
      2. All requirements of 44 CFR 65.12 are first met.

b) No Manufactured Home may be placed in a regulatory floodway, regardless of elevation height, anchoring methods, or No-Rise Certification.

This same wording is found in Section E. PROCEDURES FOR VARIANCE FROM THE REQUIRMENTS OF THIS CODE Pg 14

The above wording (starting with the word UNLESS and following till section b), legally gives opportunity to build in the floodway. The ONLY construction that should be allowed in a floodway is a City Park, constructed so that flood waters can pass through unobstructed. I propose all wording in subsections 1 and 2 be removed from this ordinance. By doing this, the floodway section of the ordinance would read:

Insert

a) Other than City Park developments, any development in a regulatory floodway is prohibited.

b) No Manufactured Home may be placed in a regulatory floodway, regardless of elevation, anchoring methods, or NO-Rise Certification.
