Hello Angela, I have completed the $100 payment through the automated system. Before purchasing, I inspected my tank with a flash light, going around each seal with my fingers. Looks fine. I was able to purchase and install a flapper and chain, and have a second one for back up. I'm leaving the guest bathroom toilet turned off for now. It recently received new fittings and a major seal. Thank you for assistance, I am grateful. If this change helps the outlook, then it will surely be clear in short order. I'll monitor through this marvelous app, and take next steps as needed. Thank you again. Angela I tried sending the attached photo, it didn't go through.

DESCRIPTION OF WORK

Upon arrival I noticed water in the yard. Dug down and found a regulator box full of water. I pumped out the water and found a 3/4" shark bite fitting blown apart. I removed the broken shark bite and the old gate valve and repaired with a new ball valve and pex fittings. Restored water to find no additional leaks.

Ray Lusk Plumbing provides a one year warranty on all work performed.
Ray Lusk Plumbing provides no warranty on any existing plumbing.
Ray Lusk Plumbing not responsible for landscaping.

Hello!

May we have an adjustment on this acct?

I found the commode running in the clubroom bathroom on 3/16/2026. No telling how long it was running. I did shut the water off to the commode on that date.

Thanks,

Kathy Larsen, Property Manager

Bryant Water and Wastewater Committee Minutes

Date: Tuesday, Mar 3, 2026

Time:6:00 P.M.

Location:210 SW 3rd Street, Bryant, AR 72022

Members Present: Al Wise, Leroy Tinkler, David Hannah, Nancy Pruitt, Madison McEntire, Wade Boone

Members Absent: Linda Levart & Kathy Barber

Staff Present: Angela Shepard, Moriah Winkel, Ted Taylor, Jayla Thuston, Frankie Glover (and his work crew).

Call to Order: This meeting was called to order by: Leroy Tinkler

August Leak Adjustment Requests:

All requested adjustments were approved.

Motion to Approve Leak Adjustments: Wade Boone
Motion Seconded: Al Wise
Motion carried with 6 votes

Minutes:

Motion to Approve February :David Hannah
Minutes as Presented:

Motion Seconded:**Al Wise**
Motion carried with 6 votes

Presentations:

Pipe Bursting – Presented by Frankie Glover : Pipe bursting machine was bought 5 years ago and has a 100 year life cycle. Frankie goes over a presentation that Erik puts together and shows us what pipe bursting is, how it's done, and the jobs after when they clean up, meaning putting down sod, fixing gates, and concrete driveways. We have saved about $6,454,067.83 in just 5 years by pipe bursting in house. If we outsourced it would be $388 ft and in house it's about $61.93 ft. Pipe bursting is to remove old clay & concrete pipe that was put in years ago to replace it with polyethylene. Frankie also discusses that they also do manhole rehabs because the city has grown a lot and the bigger manholes can hold a lot more.

Public Comments: None

Old Business: **None**

New Business: **Public Works :** Leak Communication Policy Discussion

Projects:

South Plain Tank: Sill in the process of the design that Bryant High School is doing. There are 7 classes and 210 students total participating in it and we are hoping to have the bid on the tank done by April.

Lift Station 5: Design proceeding and getting close to the design being finished, the new design is maintenance friendly and will provide a better situation for when it floods. We had some issues recently with the old station as far as the pumps not working and we have found a temporary solution until the design is finished for the new pumps.

Lift Station 40: LS 40 has experienced a lot of pump problems. Some of it is from construction debris getting into it and tearing up pumps. It can happen sometimes when they're building around open sewer manholes. We are planning on changing out the system and adding a scada system which will allow for better communication and technology.

Saline Regional : No update

Pilot Station : Timmy is involved with the stuff going on at LS 5 & 25 and has put a hold on that due to the pumps going out on LS 5.

WWTP Expansion : Have scheduled a meeting in May for this at WWTP plant in the conference room.

Report : **Director Report :** Presented by Ted Taylor

Ajournments :

Motion to Approve Leak Adjustments: David Hannah

Motion Seconded: Wade Boone

Motion Seconded:**Al Wise**
Motion carried with 7 votes

Presentation

Announcements : Jayla started on leak notifications this week and it did not have adopt in council but she looked at the first 30 and only saw that 8 people had a possible leak and called them. She received positive feedback from all 8 customers.

Public Comments: None

Old Business: Public Works	**Review of New Water Graphic :** 210 total students to participate in the water tank design and we got 15 designs back rated as best. Water/Wastewater committee will review and rank their top 5 and give back to Ted or Moriah by Friday April 10, 2026. Then the top rated 5 will go to the mayor and council for the final pick next month. The tank is already out for bid as of last Sunday April 5, 2026 and we are hoping to have the design approved by the next council in May. We are also going to enter our tank in the Tnemec contest in hopes of winning tank of the year.
New Business:	**Introduction - Public Works Engineer - Kelly Vanlandingham :** Kelly has been an engineer for many years, he started out helping his father who was a civil engineer. He has worked in Publicworks for 23 years and started here at the City of Bryant as a part time engineer back in June 2025. All of his experience as an engineer is in public works and he will be a big help and a part of all projects coming up for public works.
Projects:	**South Plain Tank :** The South Plain tank was announced in Sunday's paper and hosted by Crist Engineering & bid opening will be on May 5th at City Hall at 2:00 PM. At this meeting we will know how much the tank will be and we will let the Water/Wastewater committee know by the afternoon meeting. **Lift Station 5 :** Met with Hawkins-Weir the other day and we are finishing up the design, we needed to figure out what pump we wanted and the route we were gonna take from the main to the plant. We are also figuring out the flood plan and scada system. Fundings should hopefully be figured out by May. **Lift Station 40 :** Pumps are on the way & we are replacing the original pumps that have been in since 2017. We are replacing the pumps because debris keeps getting sucked into the pumps and last time a tape measure got sucked in and caused the pumps to stop. LS 40 is currently being run by a bypass pump until our new pump arrives. **Saline Regional :** There is $220 million of potential funding. There are stimulations to it that could affect funding. The next meeting is April 23rd. **Booster Station :** We have everything ordered for the screen & scada system. We are still not sure what disinfectant we are wanting to use and what kind of feed we will use.
Reports	**None**
Adjournments :	**Motion to Adjourn:Wade Boone** **Motion Seconded: Al Wise** Carried with 6 votes
