City of Bryant Local History

The City of Bryant received its start as a very small township in central Arkansas as European settlers established themselves along Hurricane Creek in the early 19th century. Over the years the city saw times of economic struggle, but as the demand for the area's bauxite grew during the WWII era, development and a steady slow growth began. Since then, the economic landscape of the city has seen many changes, as Bryant evolved from a typical railroad community, into one focused on family, education and quality of life for its residents.

Once a small industrial town, Bryant is now the fastest growing city in Central Arkansas. With a public education system deemed as one of the best in the state, as well as its proximity to the state's capital city of Little Rock, Bryant has more than doubled in population size over the past two decades. A stable and diversified business community, as well as a high demand real-estate market, now makes Bryant a much sought-after community for families and entrepreneurs.

The backbone of Bryant being its competitive spirit, organized youth and adult sports have thrived here. Making quality of life for residents a focus of Bryant's growth plan over the years, the city and school have created joint partnerships to ensure the best use of citizen taxpayer money, with money being invested back into the community. This has allowed both entities to offer a multitude of sports and educational opportunities to local residents.

The creation of Bishop Park, which opened in 2010, created additional opportunities for many local sports organizations to develop and grow, thus creating a robust sports tourism trade for the city. Bryant hosts numerous sporting events for all ages including baseball, softball, swimming, soccer, football, disc golf, pickleball, and tennis.

Community events are also important to those living in Bryant, connecting people new to the city to the many traditions that have been a part of the community for decades. The Bryant Fallfest Celebration, hosted by the local Chamber of Commerce, is entering its 35th year and is well attended by locals and visitors alike. The city has recently recreated the 4th of July celebrations from years ago, and are now planning the fifth annual Pops in the Park event.

However, the largest event for this area is the annual "Salt Bowl" Competition. This competition, normally held in August/September is the most attended high school football game in Arkansas. During this battle for the title of Salt Bowl Champion, Bryant takes on its neighbor to the west, Benton. With a normal attendance of over 30,000 fans, this long-standing rivalry extends out past the football field. The weeks leading up to the game will include competitive food drives between the two cities, including the schools and residents. Local businesses, community sponsors, churches and other organizations also find a way to join in on the friendly community wide rivalry.

Economic development and growth in Bryant have held strong through many market challenges. This is mostly due to the comprehensive business make-up of the city. The Bryant School District along with the city government itself are the city's largest employers. There were 679 business licenses re-issued with another 11 new licenses requested in 2023 (not all store front). Local industry is varied and it is that myriad of retail, healthcare, restaurants, financial services, and other entrepreneurial opportunities that offers stability to the city's economic development. With Bryant's residential growth still climbing, there is still much opportunity for commercial growth in the city.

In 2021 Bryant saw the opening of the Arkansas Heart Hospital's Encore Medical Center. This four-story building is a general acute hospital care facility with a focus on bariatric surgery and peripheral vascular disease. It also features a full-service emergency department, restaurant and medical offices, bringing an additional 200 jobs to the local healthcare industry.

Arkansas' local economies are commonly supported by sales tax. Arkansas has a statewide sales tax of 6.5%. In Bryant, another 3% is collected and used by the city. This sales tax makes up approximately 75% of the general fund income. I hope you enjoyed this brief Local History on the City of Bryant. Please continue reading to see how we plan to use the resources granted to us by the citizens for the calendar year of 2024.

City of Bryant, AR 2024 Budget Book

City of Bryant Letter of Transmittal

Dear Citizens of Bryant,

The annual construction of a budget for the upcoming year is important to your community on many levels. First it creates a road map and a mission for how your city government will utilize the resources allotted to them through sales tax, franchise fees, utility rates, fines, as well as permits. This roadmap is then set into place to create, and ultimately fulfill, a long-term vision for the city.

It is the desire of the council and city employees to continue a proactive stance toward our city's growth and avoid being reactive when possible. To do this takes very deliberate action, which begins with good policy and long-term planning. This planning is then implemented one year at a time. The city currently has long-term plans for some departments like water, wastewater, parks and stormwater but not for all departments. The city is continuing to work towards this goal of a long-term plan for each department and to update old plans. A new parks master plan document was distributed in part to the community in the fall of 2023 and new updated water and wastewater plans are due to be completed in the first quarter of 2024.

As we work to achieve our vision, many goals are set. One of the most important of these is **public safety**. Keeping our citizens and visitors safe while in our community is imperative to the healthy growth of Bryant.

The administration of public safety for the city is implemented by way of several departments, including Police, Fire, Courts, Public Works and Animal Control. As you read this document, you will find that much of our allotted resources (funding) are consumed by our Public Safety Departments.

From the more obvious safety and community response actions that our police, fire and animal control perform to the behind the scenes work of the public works staff ensuring our local water quality is meeting all standards keeping our community healthy is a main priority. Another high safety priority is stormwater management.

It is no secret that as Bryant has grown, so have its traffic concerns. Traffic congestion is frustrating, bad for businesses, and diminishing to a good quality of life. We devote substantial resources to creating a **well-connected community**, again, part of our long-term planning process. Every year, we work to improve our pedestrian and cycling infrastructure, focusing first on connecting our parks, neighborhoods and schools. Many of these improvements are funded through grants that the city applies for in conjunction with city resources. In 2013, Bryant implemented a complete street policy. This policy ensures that as Bryant grows, new developments that will affect our city sidewalk and road infrastructure share in the cost of that impact. By implementing this policy, the city will have to spend less tax revenue on building infrastructure in these areas and can reallocate that money for other much-needed uses within the city. In the future, we will also have the ability to build a connector to the now under design Southwest Trail Project. This trail will allow us to link Bryant with communities throughout central Arkansas through a safe and protected trail system.

The construction of Bryant Parkway, the new north-south traffic corridor partially paid for through 2 bonds issuances approved by the voters, will also have a huge positive impact on Bryant. Not only will it relieve the traffic congestion on Reynolds Road allowing alternate routes for school transportation, it also creates additional pedestrian and bicycle access to these schools as well as neighborhoods and parks. Progress on this project has been slow as the city waited on official Federal Aviation Administration and Federal Housing Administration approval. However, now this has been obtained and the project is set to be completed in 2024!

During 2020, a budding engineering department was moved out of public works and made into its own administrative department in order to better service all the departments of the city. In the fall of 2023 the City Engineer left the city and at this time plans for this department have not been solidified. In 2021 the code and planning departments were combined into one department called Community Development. This department is not listed under public safety in the annual audit but rather under general government. It is hoped that by combining these departments it will create a new focus and synergy to be enjoyed by the residents of Bryant. These two changes in recent years are examples of **smart growth**. Smart Growth is one of our four focus areas as well. Finally, the last significant focus area to be mentioned here is the **health and quality of life** for the citizens and visitors to Bryant. All departments contribute to this goal in one way or another, but the department whose sole focus of this goal is Bryant Parks and Recreation.

City of Bryant, AR 2024 Budget Book

As Bryant has grown, it has struggled to balance its growth with the desires of those living in our community. There is no doubt that the parks and recreation department has felt this struggle the most. Often, when budget time rolled around Parks was looked upon as a want versus a need. It has received cutbacks in areas that did not allow the employees of that department to deliver the level of services desired by citizens and visitors. This budget season for 2024 is no different in this respect.

However, several things have been different in the 2024 budget season. After keeping the city's millage, the same low rate of 1.9 mills for both real and personal property since 1992 while surroundings areas raised theirs, Bryant City Council on August 26th, 2023 raised the mills to 3.0 on real property and 3.8 on personal property. During November the County informed the Council that differing rates were not allowed so a proposal to keep both at 3.2 went to Council on November 28th and was passed. These changes are forecasted to increase revenues and help to fund in part the fire and police payroll increases that were approved by council earlier that same year in February of 2023. In February the Finance Department recommended delaying these increases in expense until a revenue source to cover them could be definitely agreed upon. Because no new revenue sources were identified the general fund deficit will be taken out of savings at the end of 2023.

Additionally, at the August council meeting council approved a special election to be held on November 14, 2023 for voter consideration to bring back the Advertising and Promotion Tax on restaurants for 2% and hotels for 3% along with the use of this tax to fund a bond for a Tennis Complex. Neither of these ballot initiatives were approved by the people of Bryant so bridging the funding gap for Bryant Parks and Recreation remains a problem going forward.

While the millage increases and a forecasted sales tax increase of 3% in part covered the gap resulting from those approved unfunded fire and police payroll increases they did not fully bridge that gap and cuts had to be made. There are three general fund positions; Facilities Manager, Purchasing Manager, and Engineering Designer were left unfunded in this 2024 proposed budget. After much work to find another source of revenue or area to cut the $172K budgeted for a COLA for non fire and police personnel was removed. Additionally the city hall janitorial contract (duties to be picked up by city hall staff) was removed. The city hopes to be able to add these cut items back into the budget if revenues exceed projections in 2024.

Personnel costs make up the largest percentage category for the general fund each year. Therefore, it makes sense that each year a lot of discussion during budget time is devoted to personnel items. Each year the Council reviews the JESAP study and its recommendations along with the budget. A section of this document explores this study's recommendations in detail along with a five-year comparison of personnel numbers for the city as a whole. Endeavors to close the gap between surrounding areas payroll have been positive and the JESAP review said Bryant was only 2.77% below the market average, substantially the lowest difference in ten years. With only a individual merit increase of up to a max of 3% budgeted in this document this gap will not be bridged in 2024.

With growth comes opportunities, change, and challenges. Council and city employees look forward to 2024 and the continued service to you and this community. We are committed to ensuring at all times we are finding creative ways to make the most of the resources you have entrusted to us. We hope you find the following pages breaking down the budget process, department accomplishments, goals, performance measures and accompanying resources to your satisfaction, and that we are being the best stewards possible with the revenues we receive to operate the City of Bryant.

Sincerely, Joy Black

Please email completed surveys to finance@cityofbryant.com

If you have felt this survey was easy to complete and could be helpful to the city Finance staff related to budgeting for 2024 please pass this survey along to another individual concerned with the city of Bryant.

One step in making the budget process more transparent was to reach out to the citizens of Bryant. First, information about the budget and the budget process was placed in the monthly newsletter that is mailed with the water bills, over 9000. Next, The Finance Department provided information by attending the annual Fallfest on September 30, 2023 for the third year in a row. The weather was great and attendance was high at the event. During this event, staff from Finance and Stormwater departments provided Bryant citizens with information and surveys about the budget process and informed them that their input helps set the priorities of the community. Stormwater issues are a large concern for the citizens of Bryant and continue to be a large budget item. Staff helped each other to get the word out about the budget and proper Stormwater etiquette.

City of Bryant, AR 2024 Budget Book

Budget and Process Timeline

The City of Bryant typically begins constructing the budget for the following year in August/September of the previous year. The Finance Director and Mayor meet with the Department Heads and make a listing of any anticipated notable large changes from one year to the next. The Finance Director opens up a draft in the city software and asks Department Heads to go in and input their budgets. Then the Finance Director pulls all of that detail out and puts it into a draft booklet for the Mayor and Department Heads to review. The Mayor and Department Heads make any adjustments and a draft is then presented to Council for adoption, typically at the last Council meeting of the year.

While the audited financial Statements of the City are prepared using an accrual method the budget is prepared using the cash method. The main difference between these two methods for the city of Bryant is the depiction of capital assets and debt. Debt includes both principal and interest payments. For budgetary purposes capital assets are shown as expenses that are approved by Council. These are shown as the 58XX series of accounts. However, in the audited financial Statements these, including debt principal and interest payments, are converted via adjustments to the balance sheet.

Prior to the 2018 Adopted Budget, the budget was adopted by line item which was very cumbersome. In 2018 Council adopted the budget by expense category in the major funds, keeping the limited number of Revenue lines still by line item. This was much easier and efficient to administer the work of the City. With this in mind this 2024 budget will be prepared and presented to Council for approval in that same fashion. This means that the budget can be amended along the same categories/lines that it was adopted for expenses/revenues. Between categories or between depts or funds requires bringing the adjustment back to be approved by City Council. Within the category with in the same department small adjustments can be made with the approval of the Finance Director and the Department Head.

Budget/City Strategic Focus Areas

Since 2014 the Four Areas shown below have been the identified and pursued Strategic Focus Areas of the City of Bryant. In this document we have tried to align the Letter of Transmittal along these focus areas as well as all departmental goals, accomplishments and performance measures. Certain departments meet more than one of these goals and are listed as such. This format provides a clear framework around which Department Heads and Departments as a whole can organize their time and resources.

	Governmental	Enterprise W/WW	Gov Debt/ARPA Funding	W/WW Debt	Totals
Public Safety					
Fire, PD, Animal, Court	$13,729,597	$5,064,931	$ 1,228,957	$134,665	$20,158,150
Health and Quality of Life for the Citizens and Visitors to Bryant					
Parks	$2,929,263	$5,064,931	$ 79,146	$134,665	$8,208,005
Connectivity					
Street, MS4 (Stormwater)	$4,734,945		$ 1,706,000		$6,440,945
Smart Growth					
Admin, IT, Engineering	$1,061,262				$1,061,262
Community Development	$725,608				$725,608
Totals	$23,180,675	$10,129,862	$ 3,014,103	$269,330	$36,593,970

The chart above does not include the non major funds.

NOTE starting with the 2023 budget transfers were no longer planned for Water and Wastewater as new software allowed for separating out those two depts into two separate funds for budgeting purposes.

Distinguished Budget Presentation Award

PRESENTED TO

City of Bryant
Arkansas

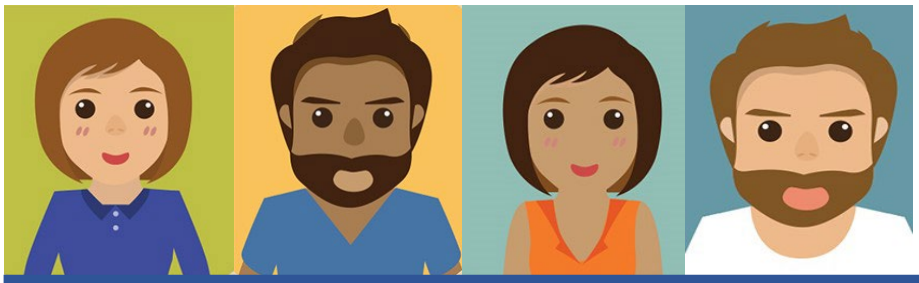

For the Fiscal Year Beginning

January 01, 2023

Christopher P. Morrill

Executive Director

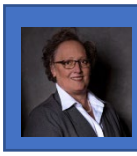

Government Finance Officers Association of the United States and Canada (GFOA) presented a Distinguished Budget Presentation Award to the City of Bryant, Arkansas, for its Annual Budget for the fiscal year beginning January 1, 2023. In order to receive this award, a governmental unit must publish a budget document that meets program criteria as a policy document, as a financial plan, as an operations guide, and as a communicative device. This award is valid for a period of one year only. We believe our current budget continues to conform to program requirements, and we are submitting it to GFOA to determine its eligibility for another award.

The City of Bryant have put in place several policies to promote compliance and integrity in accordance to Arkansas Code annotated.

As a municipality, the City of Bryant has an established system of internal control that provides reasonable assurance that objectives have been achieved in 1) the effectiveness and efficiency of operations, 2) the reliability of financial reporting and 3) compliance with applicable laws and regulations. The City of Bryant also has established an effective anti-fraud program that: 1) creates a culture of honesty, 2) evaluates the risks of fraud and implements the processes, procedures and controls needed to mitigate those risks and 3) develops an appropriate oversight process. It is the policy of the City of Bryant, to the extent that is reasonable, to conduct its contracting affairs in an open, competitive manner.

ACCOUNTING, AUDITING AND FINANCIAL REPORTING CITY POLICIES

The City's accounting and financial reporting systems will be maintained in conformance with Generally Accepted Accounting Principles (GAAP) and the standards set by the Governmental Accounting Standards Board (GASB) and the Government Finance Officers Association (GFOA).

An independent public accounting firm will perform an annual audit. The auditor's opinion will be included with the City's published Annual Financial Reports.

The City's Budget should satisfy criteria as a financial and programmatic policy document, as a comprehensive financial plan, as an operations guide for all organizational units and as a communications device for all significant budgetary issues, trends and resources.

Monthly Reports shall be prepared and presented to the Bryant City Council on a timely basis.

Balancing the budget - the state of Arkansas requires that a balanced budget be presented to Council by December 1st before the year of the budget proposed in State Statute 14-58-201.

Ordinance 2007-35 , ACA 14-58-303 and ACA 14-58-306, outlines that the Mayor may sell city assets not exceeding $6000 in fair market value without competitive bidding. The sale of city assets over $6000 in fair market value must be brought to council for disposal approval and recommendations.

Ordinance 2014-01 ACA 14-43-501 provides for organization of the City Council meetings and approval of the financial report from the previous month as a new business item at each monthly council meeting.

Ordinance 2021-26 ACA 19-1-505 outlines investments for municipal governments and creates an Investment Advisory Board to oversee and make recommendations regarding investments of monies regulated by the policy.

Ordinance 2022-18 ACA 14-59-105 establishes best practices for internal controls to make electronic fund disbursements of municipal funds.

DEBT MANAGEMENT CITY POLICIES

The City will seek to maintain and, if possible, improve its current bond rating in order to minimize borrowing costs and preserve access to credit. The City will encourage and maintain good relations with financial bond rating agencies and will follow a policy of full and open disclosure.

Every future bond issue proposal will be accompanied by an analysis showing how the new issue combined with current debt impacts the City's debt capacity and conformance with City debt policies.

Financing shall not exceed the useful life of the asset being acquired.

The City will not use long-term debt to finance current operations.

The general policy of the City is to fund capital projects (infrastructure) with new, dedicated streams of revenue or voter approved debt. Nonvoter approved debt may be utilized when a dedicated revenue source other than general revenue can be identified to pay debt service expenses.

Interest earnings on bond proceeds will be limited to: 1) funding the improvements specified in the authorizing bond ordinance; or 2) payment of debt service on the bonds.

Utility rates will be set to ensure debt service coverage exceeds the bond indenture requirement of 110%.

The City shall comply with the Internal Revenue Code Section 148 - Arbitrage Regulation for all tax-exempt debt issued.

Proceeds from debt will be used in accordance with the purpose of the debt issue. Funds remaining after the project is completed will be used in accordance with the provisions stated in the bond ordinance that authorized the issuance of the debt.

CAPITAL MANAGEMENT CITY POLICIES

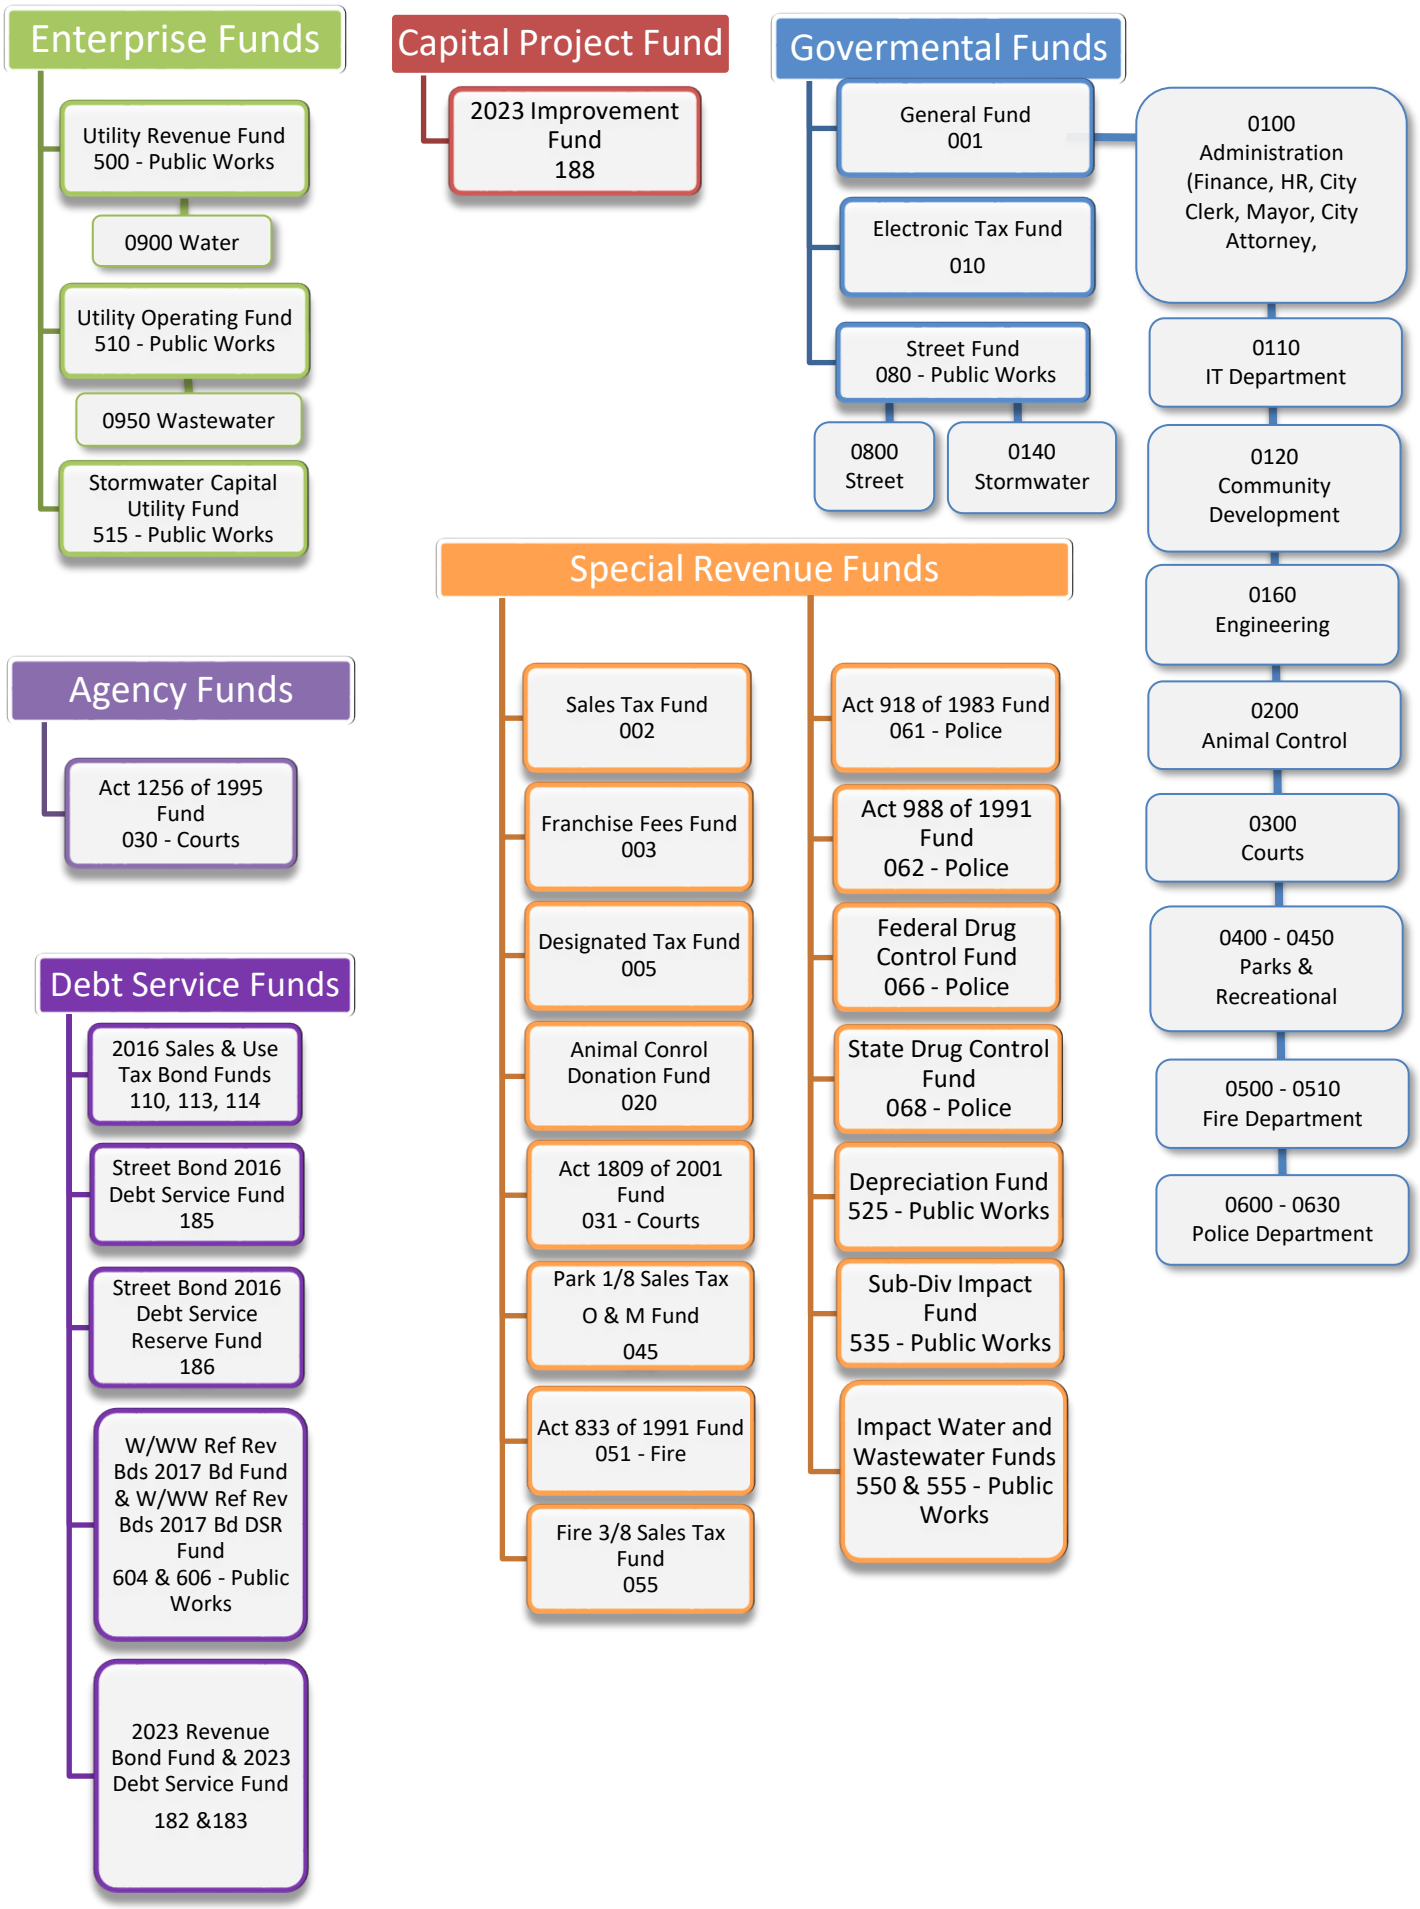

A Capital Improvement Plan will be updated annually, including anticipated funding sources. Capital improvement projects are defined as infrastructure or equipment purchases or construction that results in a capitalized asset costing more than $5,000 and having a useful life (depreciable life) of two (2) years or more, per Resolution 2021-03.

Proposed capital projects will be reviewed by a cross-departmental team for accurate costing (design, capital, and operating), congruence with City objectives and prioritized by a set of deterministic criteria. Financing sources will be sought for the highest-ranking projects.

Capital improvement operating budget impacts will be coordinated with the development of the annual operating budget. Future operating, maintenance, and replacements costs will be considered.

Plans for Fund Balances for the three major funds (General, Street, and Water/Wastewater) are shown above and on the Focus Area page 14. Street completed several projects in 2023. However, a few projects for both Street and Water/Wastewater were carried over via Purchase Order Encumbrances so separately adopted by Council and not in this budget. Any dipping into Fund Balances is the result of Capital Plans. Street adopted capital plans for $1,706,000 (plus non cap overlays of $800,000) in this budget and Water/Wastewater adopted plans for $1,607,000 (plus $1,000,000 of depreciation expense as well). While these plans were adopted in this budget in these amounts it is likely that they will be on going in part into 2025. These capital plans for Public Works (Street, Stormwater, and Water/Wastewater) will necessitate that the Finance Director and the Public Works Director work closely together to monitor and adjust as needed the cash flow plans. Note further that some one time capital projects will be requested out of General Fund savings in January of 2024 after this initial budget was adopted. Council wisely waited to see how the year ended before approving these projects. Council and the Administration has followed this process for the past several years.

General Fund 001 Revenue Review

Three Major Changes took place between the 2023 and the 2024 General Fund Budgets related to Revenues. First both budgeted grant and interest revenues were drastically increased. PD received an Ark Opioid Recovery Program Grant which had to be shown on both the revenue and expense sides of the budget and new more favorable banking terms were negoitiated. Lastly Council raised the Millage rate for the first time in 31 years. Before these changes the percentage of general fund revenues from sales tax was even higher than the 75% shown here.

The use of Long Term Debt or Bonds is an essential item to many municipalties to allow them to fund larger more costly projects. Similar to individual financing a car, bonding allows city's to spread the expense of an item over the life of the item. In many cases city's assets like roads and water plants have thirty plus year life spans.

The Enterprise Debt Issuances are Revenue Bond Debt. Prior to issuing enterprise fund bonds, an analysis of current revenues and expenses is conducted to determine the revenues required to support a bond issue.

Only the City's limited Amendment 78 Financing counts as General Obligation Debt limited by State Statute to 20% of the assessed value of the property located within the City.

The City's two Governmental Debt Issuances are Special Obligation Debt which is limited by the maximum amount of the special source (such as Sales tax or Franchise Fee) can generate within terms of bond covenants.

HR, Personnel and JESAP Overview

The City of Bryant uses the Job Evaluation and Salary Administration Program known as JESAP to evaluate its overall Personnel costs. This system is provided by an independent vendor named JER HR Group. JER HR Group also provides these services for several other city's within Arkansas and for the Arkansas Municipal League. The system compares the City of Bryant with 12 of these data sources. For the last seven years with the budget process the most currently available JESAP study is reviewed and accepted by Council as well. This budget document is no different; acceptance of this Budget Book is also the acceptance of the current JESAP Report. During the last nine years in every JESAP report the City of Bryant has been significantly below the market. The City used to request the JESAP study only every other year. In an attempt to help to mitigate personnel issues in a more timely manner the city now requests this review each year. See the most recent JESAP recommendations below:

Exhibit Eight: Recommendations

The City of Bryant was found to be 2.77% behind the market using the 12 outside comparisons that we have used in the past. JESAP staff recommends that current salary ranges not change for 2024, but that the salary grade levels for several positions be changed to more accurately reflect the current market along with an across the board 5%

Note further: The city had 68 employees in the 3rd quartile, 88 in the 2nd quartile, 63 in the first quartile, 6 in the fourth quartile and 9 in the under mininum category (7 from Dispatch) totaling 234 when the information was submitted for the report.

(A) For Police the Arkansas Opioid Recovery Program grant funds cover a sworn Detective and a civilian Peer Counselor and in 2024 the Comm/Dispatch at Bryant will be eliminated due to a countywide consolidation recommended by the state, effective 1/1/2025. For the 2024 year dispatch will be PD Only. , 3 positions eliminated. The City Engineer Resigned in October of 2023 and while management decides what changes if any to make to that department the reporting personnel will report to the Public Works Director under PW Admin.

(B) In 2020 the Staff Attorney position was combined with Elected City Attorney position. IT was hired in house with one staff. Engineering was moved out of Public Works to become its own four person department. Animal control added two new postions. Parks reduced its Admin by one position and moved one from Parks to Rec. The new Fire Marshal position was added in 2020. One SAT was added in PD along with a Public Information Officer and Administrative Assistant.

(C.) A more precise budgeting for Parks Part Time Position led to 10 being reflected here, see the Parks organization chart for further clarification. Police moved two SAT positions to K9.

(D) One position was added in the Mayor's office, a Facilities Manager. One position was added in the new Community Development dept, a Grants Manager and one position was added in Finance, a Purchasing Coordinator. 1 Proposed Animal Tech was added and two part time ones. 6.5 Positions were added to Police. A mistake was made last year and the Warrants officer was left off the org chart. A Part Time and two Full Time positions in Dispatch. Corporals were removed from the Organization Structure and 4 Uniform positions were added. 8.5 Positions were added across Public Works mostly in Wastewater.

(E.) In 2023 only one position has been added to the General Fund in Engineering and that position has been frozen in these budget numbers. Additionally the position added in 2022 in Finance for Purchasing is also frozen. The only change from 2023 to 2024 was in PD see (A).

(L) Measurement changed from linear feet to tons in 2023 due to shifting costs of asphalt

Governmental Funds

The City has two major Governmental Funds - the General Fund and the Street Fund. The General Fund includes the Sales Tax Fund 002, the Franchise Fee Tax Fund 003, and the Electronic Tax Fund 010 when it is shown in the audited financial statements. However, so that the individual budgeted lines can be viewed by Council those funds are broken out in this budget book and shown under the Non Major Governmental Funds section. General Fund includes Administration Department, Office of Technology (IT), Community Development, Animal Control, Courts, Parks and Recreation Department, Fire Department, and the Police Department. Administration includes the Mayor, City Clerk, Office of Technology, Human Resources, and Finance whose department code is 0100 and the IT with department code 0110. Community Development's department code is 0120. Engineering's department code is 0160. Animal Control is department 0200. The Court system is shown in department 0300. However, note that the Judge is elected and half of the Courts costs are borne by the city and half by the county.

Parks and Recreation is shown by park in the following departments 0400 for Parks General, 0410 for Mills Park, 0420 for Midland Park, 0430 for Bishop Park and Center, 0440 for Alcoa Park and 0450 for Ashley Park. The city has a few more small parks but the expenses associated with these are shown under Parks General 0400. The Fire Department is in the General fund under 0500 and the reciprocal agreement the City has with Springhill Fire District is shown under department 0510. The Police Department is shown under Departments 0600 for General Patrol and Administration of PD, 0610 for the department that shows the costs and revenues associated with Dispatch and 911 calls, 0620 for the department that shows the costs and revenues associated with the School Resource Officer Program that is has its costs split between the City of Bryant and the Bryant School District, and the K9 unit costs are shown under department 0630. The General Fund accounts for all the City's financial resources of the general government except those required to be accounted for in another fund.

The Street Fund is 080 and is a special revenue fund used to account for all activities associated with maintaining and constructing streets. Arkansas statutes that provide funding for street and drainage projects require that these activities be accounted for separately. The Street Fund is financed by state turnback funds and a portion of a state wide 1/2 cent sales tax and 30% of the 1% Designated Tax.

While Street is a Governmental Fund it is managed under the Public Works Director with all the Enterprise Funds.

Other Governmental Funds are shown together and listed in this document as Non Major. These Non Major Funds include some Special Revenue, Agency, Debt and Construction Funds.

Elected City Clerk at City Hall - 210 SW 3rd St.

Elected City Clerk, Mark Smith

Terms 2023 to 2026

The City Clerk is an elected official, who like the Mayor and Council, works for the citizens.

Mission Statement: To ensure the City's legislative processes are open and transparent by providing a bridge between citizens and government through the dissemination of information, and to ensure the preservation, access and integrity of records required to be stored for legal and business purposes.

The Clerk's office provides staff support for the City Council, preparing and maintaining the Council meeting minutes and maintaining public access of the Ordinance Manuals. The City Clerk is responsible for recording and publicizing the proceedings of the meetings, preparing the council approved ordinances and resolutions which are numbered, signed by the mayor and attested by the clerk and sealed. The Clerk is the legal custodian of the city's official records and city seal.

It is also the duty of the City Clerk to receive, file, and retain the Code of Ethics and Financial Disclosure Statements from appointed municipal commissioners and elected officials, including the mayor, aldermen, clerk, treasurer, city attorney, and municipal judge and to work in cooperation with the Saline County Election Commission to prepare for City Elections. The term of office for the City Clerk is four years.

Elected City Attorney at City Hall - 210 SW 3rd St.

Ashley Clancy

Mission Statement: It is the mission of the City Attorney's Office to provide sound legal advice to the Mayor, City Council, City Departments, Commissions and Committees. It is also our mission to initiate and defend legal actions on behalf of the City, which may include City employment and personnel matters, condemnations, property issues, zoning issues, contract and lease disputes, and other causes of action in both State and Federal Courts.

Additionally, it is the mission of this office to prosecute in the criminal division of Bryant District Court misdemeanor offenses, traffic law and ordinance violations which occur within the city Limits in a thorough, efficacious, and equitable manner and to assist the authorized and assigned departments in the enforcement of laws and the protection of the health, safety, and welfare of the citizens of the City of Bryant.

Goals

1. To promote integrity in all facets of work and professional conduct.
2. To serve our community with competent professional legal representation.
3. To treat all persons with a professional, respectful and compassionate manner.
4. To be accountable for ensuring the policies of the office and the needs of the community are served.
5. To be open and forthright in our communications with all parties involved in any city legal related issues.

Legal Advice to the Public

The City Attorney is the attorney for the City of Bryant as represented by the elected Mayor and Council Members. Because of that relationship, the office cannot represent or provide legal advice to the public, individual citizens or private organizations.

City of Bryant, AR 2024 Budget Book

Judge
Stephanie
Cassady

at City Hall 208 SW 3rd Street

Mission: To serve the people by efficient and accessible administration of justice for all, to treat everyone with integrity, fairness and respect.

Executive Assistant to the Judge
Debora Midget

District Court Clerk
Lindsey Dinwiddle

Trial Coordinator
Jackie Lindsey

Deputy Court Clerks:

Ancillary District Court Clerk
Melanie Smith

In Arkansas, district courts were formerly known as municipal courts before the passage of Amendment 80 to the Arkansas Constitution in 2000. Act 3 and Act 627 of 2009 created 25 pilot district judgeships in the state, two of which are in Saline County. The Saline County District Courts exercise countywide jurisdiction over misdemeanor criminal cases, preliminary felony cases, and in certain types of civil cases in matters of less than $25,000. There are no jury trials in district court. In a district court trial, the judge makes both findings of fact and rulings of law.

A small claims division of the Saline County District Court is administered by the Bryant Department and presided over by Judge Casady of the Bryant Department. This small claims division provides the citizens of Saline County a forum in which citizens may represent themselves to resolve minor civil matters. No attorneys may take part in litigation in the small claims division.

Ribbon Cutting Boswell Courts

Joyce Sheffield Boswell, an 89-year-old resident of Bryant, Arkansas, recently retired from the Bryant Parks Committee but continues her lifelong dedication to the city. Having lived in Bryant for 84 years, she witnessed its growth from a small community of fewer than 100 people in 1938. Boswell and her late husband, Ted, played pivotal roles in establishing the city's parks system, with their contributions dating back to 1940 when they helped create Ashley Park. She has served on the parks committee for about 20 years and is known as a staunch advocate for preserving the city's trees. Her commitment to the community extends to saving historical landmarks, like an old bridge, and she has been recognized for her lifelong service, with the dedication of new Joyce Boswell Courts at Wilbur D. Mills Park. Despite her retirement, Joyce Boswell's love for Bryant and its rich history remains unwavering.

Historically double the 515 amounts shown above were typically spent on these projects because another half was spent out of the Street Fund as these projects are in the Street Right of way.

Enterprise Funds

The City has a major Enterprise Fund called the Utility Revenue Fund shown as number 500. This fund started out housing the collections of the water payments on the utility bills; however, wastewater funds are collected through this fund as well. Any Enterprise Fund revenues are collected through this fund and then distributed out to their separate funds via transfers. This began changing with a General Ledger Software Conversion in 2022. Going into 2023 it is planned for all of Water's revenues and expenses to be housed in Fund 500 and all of Wastewater's related revenues and expenses to be housed in Fund 510.

The water expenses are derived from the treatment and distribution of water to approximately 9000 customers. The Water department received its water from the Central Arkansas Water Authority in Little Rock, Arkansas. The expense to pay for the water is listed under the supplies category.

In 2016 the City added a new enterprise fund 515 for Stormwater capital costs. The city collects on the Utility bills $3.00 from all residential customers and $6.00 from all commercial customers to help fund capital projects associated with stormwater issues. Because many Stormwater issues are related and in Streets the Stormwater Personnel and related operating costs continue to be paid out of the Street Fund, see those related pages in this Budget Book for a complete picture of Stormwater issues.

The Water and Wastewater Divisions had Twenty Year Master Plans completed by Crist Engineering in 2008. New master plans are scheduled to be completed in 2024. The Public Works and Finance Directors have been reviewing these documents for possible inclusion into this document as Appendices. We would like to have all the future plan documents in one place for easy reference. However, first we want to review these documents to see how our current 2024 outlook lines up with the estimates and projections and completion schedules within these documents.

Over the past couple of years our Public Works Department has been striving to move from using all contractors to doing some work "in house." The City has attempted to hire additional employees to do this work. See below a list of "in house" projects planned for the 2024 year.

NOTE starting with the 2023 Proposed Budget the finance department chose to not separately adopt the budget lines for the Debt Service Funds 110, 114, 604, 606, 185, and 187 as these budgets were already set by the Bond documents approved earlier by council. From reviewer comments from GFOA these were brought back in the 2024 budget.

City of Bryant, AR 2024 Budget Book

Appendix 2 - Salaries, Wages, Benefits Allocation Review

It is a very common practice for shared cost centers in Administration or a general fund of a city to be allocated out to other funds. In the case of the City of Bryant services provided by the departments outlined below - Finance, HR, Attorney, Mayor, City Clerk, Information Technology, and Engineering - are provided to the other departments but the costs associated with their payroll are housed in Administration. To more accurately reflect these costs where they are utilized the Salaries, Wages, and Benefits Calculation is performed each budget season and an agreed upon amount is charged back to the other departments to reflect these costs/usages.

SWB Allocation Review (Salaries, Wages, and Benefits of Admin Staff)

In October of 2020 Department Heads from the seven depts shown below across the top of the chart from Admin were asked to divide 100% of their time amongst all the depts.
It was determined there were no changes to the allocation methodolgy for 2023.

The City of Bryant started applying for the GFOA Budget Book Award in 2017. The City first received the Award for their 2018 Budget Book. Planning and long term goal setting have always taken place within the city but with the submission of the budget book these processes have begun to be more fully documented by the present City Finance

The 2016 $26 million dollar Bond issuance was under taken in part to fund two Fire Stations and several parks projects that had been planned for some time and in part were discussed in conjunction with a 2020 plan. These are all now complete except for the Bryant Parkway Street Project which was delayed by several external factors.

It was planned in both 2020 and 2021 to hold several joint meetings to begin to solidify a 2040 Plan between the City Chamber and the City's offices; however, because of COVID these meetings have been put on indefinite hold. On the City's side to start an informal process of listing items considered for General Fund for the next 20 years the Department heads were polled. Some of the items listed came from the feedback received from Department heads. We have been included this listing in the Budget Books for 2020, 2021, 2022, 2023 and now 2024.

The State of Arkansas mandates that General Funds be budgeted balanced each year excluding capital projects. In order for this to be clearly and transparently accomplished each year the Council has chosen to adopt the regular budget in December and then come back and adopt any capital in January or in later months.

This appendix for these funds is not intended to provide for precise budgeting. The costs are estimates. Annually in the Budgeting process updates to the plan, deletions, additions, delays or other revisions may occur which will reflect changing community needs and resources. Only after incorporation in successive budgets or as approved separately by the City Council will these items be considered funded.

Some of the items contained here in this appendix will require on going operational costs and in some cases produce operational savings. However, given the speculative nature of these items these operational additional costs or savings have not been estimated at this time.

Some of the items discussed for the 2040 plan may require additional review or approval by the various city committees/commission including but not limited to Water/Wastewater, Parks, Community Development and Review, Planning Commission and also review or discussion or reciprocal agreements with the County or State. Additionally some may require public hearings.

Four of the largest capital projects on the horizon in the next decade are a New or Significantly Improved City Hall, a new Fire Station up North, a new Police Headquarters, and a New Animal Control Facility. It is likely the three of these items together will total over $10 million and will necessitate the issuance of Bonds to pay for them. Starting December 1, 2026 is the first time the Sales and Use Bond from 2016 can be called and/or considered for refinancing. It is possible we could go to a vote of the people at that time for refinancing this debt and pull out money and extend the Sales Tax to pay for these large improvements. This is something Council should be considering at this time.

Grader comments in past years have asked for a review of facility operational costs. Last year for the 2023 Budget Book after adoption, we put this chart together. We gained a lot from that review so we are keeping it in the 2024 budget book. As is typical you do not want to overbudget for your Utilities and other facility maintenance costs but you also do not want to drastically underfund these areas. Reviewing this helps the City at large to budget for these areas more efficiently. If the Facilities Manager position is filled the Finance Department plans to work with that individual on this review as well. We have shaded those areas that are over or under by more than $5K.
